# Key Dates and Events

Keep in mind these important dates and events as you explore your student's school options for the 2024-25 school year.

## Key Dates

Mark your calendar so that you know exactly what is happening, and when.

### RSCO On-Time Application Period

#### Magnet Schools, Open Choice Program, and CTECS

- > **Opens:** December 4, 2023
- > **CTECS Early Application Deadline:** February 1, 2024
- > **Closes:** March 15, 2024

### RSCO Extended Application Period

#### Magnet Schools, Open Choice Program, and CTECS

- > **Opens:** April 10, 2024
- > **Closes:** July 19, 2024

## RSCO Placement Offers

Placements continue through the spring and summer and will begin as follows:

- > **February 2024:** CTECS early placements begin in February 2024. CTECS applicants must submit their CTECS application by February 1, 2024, to be included in the early round of placement offers.
- > **April 2024:** CTECS, Magnet Schools and Open Choice Program on-time applicants.

## RSCO School Choice Fairs

Attend a RSCO school choice fair to learn about your school choice options and make informed decisions for your family.

### Winter RSCO School Choice Fair (PK-12)

**Date:** Saturday, March 2, 2024

**Time:** 10:00 a.m. to 1:00 p.m.

**Location:** Connecticut River Academy at Goodwin University  
9 Riverside Drive, East Hartford

**Snow/Weather Date:** March 9, 2024

### Spring RSCO School Choice Fair (PK-12)

**Date:** Saturday, April 20, 2024

**Time:** 10:00 a.m. to 1:00 p.m.

**Location:** Sport and Medical Sciences Academy  
280 Huyshope Avenue, Hartford

## Family Fun Nights

Join RSCO staff for a night out at a RSCO Family Fun Night where you can find information about your school choice options, receive help with the RSCO application, and enjoy fun activities for the whole family!

### Family Fun Night #1

**Date:** January 24, 2024

**Time:** 5:00 p.m. to 7:00 p.m.

**Location:** Breakthrough Magnet School-South  
290 Brookfield Street, Hartford

**Snow/Weather Date:** February 6, 2024

### Family Fun Night #2

**Date:** February 15, 2024

**Time:** 5:00 p.m. to 7:00 p.m.

**Location:** Riverside Magnet School at Goodwin University  
29 Willowbrook Road, East Hartford

**Snow/Weather Date:** February 29, 2024

### Family Fun Night #3

**Date:** March 7, 2024

**Time:** 5:00 p.m. to 7:00 p.m.

**Location:** Ana Grace Academy of the Arts  
129 Griffin Road North, Bloomfield

**Snow/Weather Date:** March 12, 2024

# Regional School Choice Office (RSCO)

## About Us!

**The Greater Hartford Regional School Choice Office**, also known as RSCO, has a motto: Your future, your choice! Families in the Greater Hartford Region have the power to make a CHOICE about where their student attends school by choosing a free, public school outside their home district that provides the academic challenge and specialized instruction to set students up for success for the FUTURE.

## Who we are

RSCO is the office established by the Connecticut Department of Education to help families access school choice opportunities in the Greater Hartford Region.

Visit [ChooseYourSchool.org](https://www.chooseyourschool.org) for more information and stay up to date with RSCO events and announcements.

## What we do

RSCO serves as a centralized resource for information about unique, high quality, public prekindergarten through grade 12 school choice options for students in the Greater Hartford Region, including magnet schools, the Open Choice Program, Connecticut Technical Education and Career System (CTECS) Hartford Region Technical High Schools (A.I. Prince, E.C. Goodwin, and Howell Cheney), and Hartford Region Agricultural Science and Technology Education (ASTE) Schools.

## How we help families

RSCO manages the application and placement process for magnet schools, the Open Choice Program, and CTECS Hartford Region Technical High Schools in the Greater Hartford Region. Through RSCO, families **APPLY** to magnet schools, Open Choice districts, and CTECS Hartford Region Technical High Schools and receive **PLACEMENT** information about their school choice selections.

## How to contact or visit RSCO's Parent Resource Center

The RSCO Parent Resource Center's hours of operation are Monday through Friday, 8:00 am to 4:00 pm. Contact RSCO for help through whatever means is most convenient for you:

**Email:** Send your questions to [rscosde@ct.gov](mailto:rscosde@ct.gov). A member of our RSCO Parent Resource Center staff will respond as soon as possible.

**Phone:** Call the RSCO Parent Resource Center at **860-713-6990**. If you call after hours, please leave us a message and our staff will return your call as soon as possible.

**Visit RSCO In-person:** Schedule an appointment to meet with RSCO Parent Resource Center staff at 450 Columbus Blvd., Hartford, CT 06103, Monday through Thursday, 8:00 a.m. – 4:00 p.m.

**In-Application Messaging:** Message the Parent Resource Center through the RSCO School Choice on-line application. Visit the [RSCO Application website](https://www.chooseyourschool.org) to log in or create a new account to access the in-application message feature.

Visit [ChooseYourSchool.org](https://www.chooseyourschool.org)

RSCO's comprehensive website for all the information you need to explore the amazing and unique school choice options available to families in the Greater Hartford Region.

RSCO's unique school choice system brings together families from over 80 towns in diverse and engaging learning environments in-partnership with Bloomfield Public Schools, the Connecticut Technical Education and Career System (CTECS), the Capitol Region Education Council (CREC), East Hartford Public Schools, Goodwin University Educational Services (GUES), and Hartford Public Schools. The four RSCO School Choice Programs — Interdistrict Magnet Schools, the Open Choice Program, CTECS Hartford Regional Technical High Schools, and ASTE Schools — are briefly described in this School Directory and are further described on our website at [ChooseYourSchool.org](http://ChooseYourSchool.org).

**Your future, your choice.** | [ChooseYourSchool.org](http://ChooseYourSchool.org)

# Top 5 Things You Need to Know

1

**Only parents/guardians who reside in Connecticut** at the time of application are eligible to submit a RSCO application. **Please note** that a post office box (P.O. Box) cannot be used to prove Connecticut residency and applications submitted by anyone other than a legal guardian may be deleted.

2

**You may only submit ONE completed application for each child for the 2024-25 school year**, either during the on-time application period or extended application period. Duplicate applications will be deleted.

3

**Only apply to schools and programs that you would accept if your child were to receive an offer.** Applying to multiple schools and programs may increase the chance of a placement, but applicants are only eligible to receive one placement offer with a few exceptions (listed below). This means that once your child receives an offer, they are removed from all other waitlists. **Exceptions to this one offer rule are listed below:**

- > **Hartford residents** can decline their first Open Choice offer and remain eligible for a second Open Choice offer.
- > If **siblings** in the same grade range are placed in separate schools or programs during the same offer round, parents may decline the offer for one child and request to keep that child on the waitlist for a placement in the sibling's school. If only one sibling receives a placement, the sibling(s) on the waitlist will have placed sibling priority at that school. If the other sibling is placed in a different school in a later round, they may decline that placement and stay on the waitlist for the school where they have sibling priority. **Families must contact RSCO to exercise this exception to the one offer rule for sibling placements.**

4

**Choice order matters!** Families should be sure to rank their school/district selections by preference. Choice order is important for placements and priorities.

- > The placement protocol **prioritizes choice order** and seeks to fill open seats based on family preference. This means that when a school has available seats, the system tries to place applicants who ranked the school first, then second, and then continues to move through choice order. **While the first-choice school is typically the best chance at placement, you could receive a placement for any school, depending on the number of open seats and other first-choice applications. For example, if your first-choice school does not have open seats and your second-choice school has open seats but no first-choice applicants, you could get an offer for the second-choice school.**
- > **Most placement priorities apply only to the first-choice school or district.** Make sure to rank the school/district with a priority as your first choice.

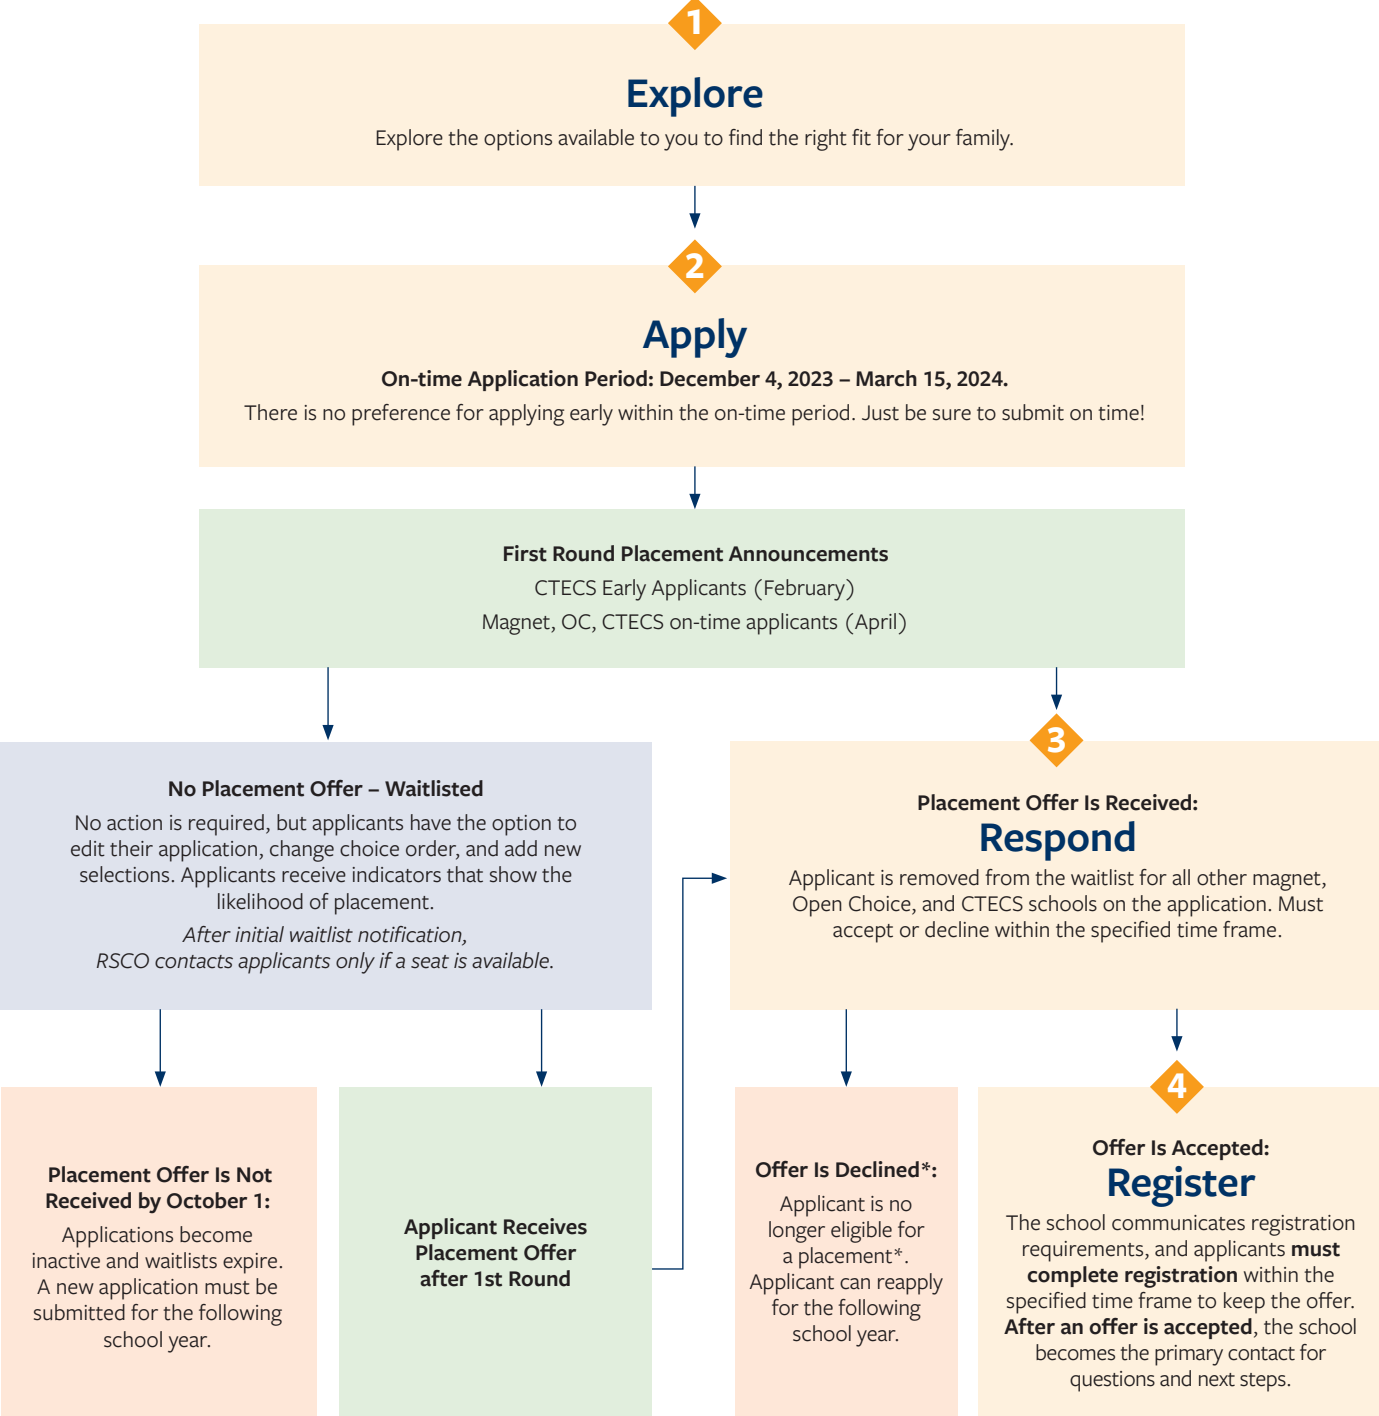

5

**Applying early for CTECS or on-time for magnets and Open Choice** is one of the best ways to increase your chance of a placement offer.

- > **Apply by February 1, 2024, for CTECS Early Application Deadline**
- > **Apply by March 15, 2024, for CTECS, magnet schools, and the Open Choice Program On-Time Deadline**

# RSCO School Choice Application Timeline and Placement Process

\* Hartford residents can decline their first Open Choice offer and remain eligible for a second Open Choice offer.

# RSCO's School Choice Programs

You have a choice about where your child attends school! School choice options extend beyond your home district and offer Connecticut families FREE\* public school educational options in the Greater Hartford Region. The four RSCO School Choice Programs are described on this page and throughout this Directory.

## Interdistrict Magnet Schools (PK3–Grade 12)

Magnet schools are unique public schools that offer innovative, hands-on learning environments through specific themes or specialized instructional programming to fit the talents and interests of students. Students still learn the core subjects, but the unique theme is integrated throughout the curriculum to engage students in topics that interest them the most, including such themes as Science, Technology, Engineering and Mathematics (STEM), visual and performing arts, International Baccalaureate, and Montessori. Go to page 8 for more information about magnet schools.

## The Hartford Region Open Choice Program

### Hartford Residents: PK4–Grade 12

The Open Choice Program for Hartford residents is a public school program that allows Hartford resident students to attend non-magnet public schools in grades PK4–12 in nearby suburban school districts. This program offers a great opportunity for students to access quality academic programming in high-performing schools outside of their home district and take advantage of the enriching extracurricular options offered in Open Choice districts. Go to page 109 for more information about the Open Choice Program for Hartford Residents.

### Non-Hartford Residents: K–Grade 8

The Open Choice Program for non-Hartford residents is a public school program that allows students living outside of Hartford to attend certain non-magnet public schools in grades kindergarten–8 in Hartford with specialized programming. Go to page 166 for more information about the Open Choice Program for Non-Hartford Residents.

## Connecticut Technical Education and Career System (CTECS) Technical High Schools (Grades 9–12)

RSCO offers students entering the 9th grade the opportunity to apply to three Hartford region technical high schools (A.I. Prince Technical High School, E.C. Goodwin Technical High School, and Howell Cheney Technical High School) as a group. Technical high schools combine core academics and career/technical education to prepare students for immediate employment, apprenticeship programs, and college and career opportunities. Go to page 174 for more information about the CTECS programs.

## Agricultural Science and Technology Education (ASTE) Schools (Grades 9–12)

ASTE schools prepare students for college and careers in the fields of animal science, aquaculture, biotechnology, food science, environmental science, plant science, marine technology, agricultural mechanics technology, and agriculture business as part of their high school program. Students entering 9th grade may apply to an ASTE school using a separate application. Go to page 184 for additional information.

\* Magnet Schools operated by the Capitol Region Education Council (CREC) and Goodwin University Educational Services (GUES) charge prekindergarten tuition on a sliding scale based on family income. Go to page 12 for more information on prekindergarten tuition and programming.

# Interdistrict Magnet Schools

# RSCO Interdistrict Magnet Schools

Prekindergarten (PK) through 12th grade options available

Students from the Greater Hartford Region attend magnet schools together and learn in an enriching environment that reflects the real world. Students become active learners and dive into special themes and programming through hands-on activities to make learning exciting, challenging, and engaging! There are 43 magnet schools in the Hartford Region, operated by either Bloomfield Public Schools, the Capitol Region Education Council (CREC), East Hartford Public Schools, Goodwin University Educational Services (GUES), or Hartford Public Schools.

## Could a magnet school be the right choice for your child? Take the time to learn what they are and what educational benefits they offer.

- > **Specialized Curriculum:** Magnet schools incorporate specialized programs or curricula into the core educational programming that focus on specific themes or subjects, such as STEM (Science, Technology, Engineering, and Mathematics), performing arts, international studies, or languages. This allows students to delve deeper into areas they are passionate about.
- > **Innovative Teaching Methods:** Magnet schools use innovative teaching methods tailored to their specific theme or focus. This can include project-based learning, experiential education, or specialized extracurricular activities.
- > **Diversity:** Part of what sets magnet schools apart is the focus on diversity, which exposes students to a wide range of perspectives, experiences, and cultures, enriching their overall education. Magnet schools strive to develop a student body that is reflective of the surrounding community.
- > **Community Partnerships:** Magnet schools foster strong connections with the local community, including partnerships with businesses, cultural institutions, and universities. These partnerships provide students with unique opportunities for real-world experiences and internships.
- > **Preparation for Specialized Careers:** Because of their specialized focus, magnet schools can provide students with a solid foundation in specific fields, giving them an advantage if they choose to pursue further education or careers in those areas.
- > **Small Class Sizes:** Magnet schools are designed to maintain a learning environment with small class sizes to ensure individualized attention to each student to support students' learning styles.

## Applying to a Magnet School

Hartford and non-Hartford residents with students entering PK3 through grade 12 use the RSCO application to apply to these quality schools with unique themes. Visit the [online school directory](#) at [ChooseYourSchool.org](http://ChooseYourSchool.org) for complete details on each school's offerings. **Families may choose up to 5 magnet schools on their child's magnet school application and rank the schools in order of preference.** Keep these strategies in mind when applying:

- > Apply only to schools you would like your child to attend. You may receive only one magnet offer, so make sure you consider whether you would accept an offer to each school you select. You do not have to apply to the maximum number of schools.
- > If you are interested only in a magnet school, you do not have to apply to the other program options (Open Choice, CTECS).
- > Make the school with a placement priority your first choice for the best chance of a placement.

# RSCO Magnet School Themes

Magnet schools incorporate academic themes and special programming into the core curriculum to prepare students for the future, including themes like Science, Technology, Engineering and Mathematics (STEM), visual and performing arts, International Baccalaureate, and Montessori. Following is a list of just a few of the exciting and inquiry-based themes available to students through interdistrict magnet schools!

**Advanced Manufacturing:** The Advanced Manufacturing theme provides students with the skills and training required for a career in the high-demand advanced manufacturing field. Through hand-on experience on state-of-the-art technology equipment, students develop the skills to prepare them for future careers and/or advanced education in manufacturing, engineering, logistics, and more.

**Arts/Visual and Performing Arts:** We have several magnets that are specifically geared to students interested in art, music, dance, digital arts, creative writing, theater design and other forms of performance art. The themed approach integrates a rigorous core curriculum with instruction focused on the arts.

**Character Education:** The Character Education theme combines academic rigor with character development in a warm and welcoming environment to support active and mindful students who are confident, self-aware, cooperative and responsible decision-makers. The theme prioritizes mindfulness and good character by focusing on educating the whole child to prepare students for success in middle school, high school, and beyond as citizens and contributing members of society.

**Computer Science and Engineering:** This theme offers opportunities in computer science and engineering for students to learn coding and design for websites, applications (apps), and game development – all important 21st century skills!

**Dual Language:** A dual language education creates a language immersion experience in English and Spanish during all academic class time. This approach develops language skills in English and Spanish, with the goal of bilingual fluency and bilingual literacy for our young learners.

**Early College/College Preparatory:** Early college/college prep themed schools focus on college and career readiness at graduation, using a college model environment and providing an early start on earning college credit.

**Early Childhood:** These magnet schools are for our youngest students and focus on developing a love of learning and creating a sense of wonder about the environment, culture, and our world through hands-on learning.

# RSCO Magnet School Themes continued

**Global Studies:** Geared toward the 21st century global environment, this theme challenges students with rigorous academics and prepares them to become responsible, civic-minded citizens with intercultural understanding and respect.

**International Baccalaureate (IB):** The IB theme is geared toward the 21st century global environment by preparing students for college and beyond through rigorous academics, critical-thinking, and independence. IB uses the international baccalaureate learner profile to challenge students through global-minded academics to get them ready to participate in the world with intercultural understanding and respect.

**MicroSociety:** The MicroSociety theme provides students with a wide variety of learning environments by creating miniature societies within the school to prepare students to be engaged and active citizens. The six major components of the MicroSociety are: Technology, Economy, Academy, Citizenship and Government, Humanities and the Arts, and Heart. Through active student government and academic engagement, students participate in decision-making for their school society and connect learning to the real world.

**Montessori:** The Montessori theme offers students a nurturing and supportive learning environment that provides rigorous academic challenges while focusing on developing students' social, emotional, academic, and physical needs. The curriculum is delivered through a hands-on approach to learning and puts students at the center of their skill development. The Montessori principles encourage respect, independence, curiosity, and diversity.

**Multiple Intelligences:** The Multiple Intelligences theme focuses on developing intelligence by allowing students to experience different ways of learning, including through linguistics, logical-mathematical, visual-spatial, musical, bodily-kinesthetic, interpersonal, intrapersonal, and naturalist. These eight areas are integrated in the classroom activities and learning modules to accommodate all learning styles and build on students' individual strengths. This mixture of intelligences provides students with the opportunity for learning based on their needs, interests, and skills.

**Museum Studies:** This theme transcends the traditional classroom and creates a unique learning environment for students through partnerships with museums as an educational resource and site for exciting and stimulating excursions. The Museum Studies approach focuses on hands-on, project-based learning that individualizes content to each student's way of learning. Students learn to think for themselves and ask questions through a strong inquiry-based and exploratory learning environment. Teachers and students participate in Visual Thinking Strategies, a museum method of observation and dialogue around formal pieces of art that develops higher-level language and thinking skills.

**Reggio Emilia:** The Reggio theme supports an individualized learning environment inspired by the Italian Reggio Emilia approach. The curriculum is designed to respect a child's point of view, and students are empowered to direct their learning. With the teacher acting as a guide, project-based learning opportunities inspire high levels of creativity, critical thinking, and collaborative problem solving.

**Social Justice:** The Social Justice theme promotes social and individual responsibility, global understanding, community engagement, and student empowerment. Strong academics, field experiences, and leadership skills help students develop tenacity, accomplishment, courage, community wellness, and a commitment to justice.

**Sport and Medical Sciences:** The Sport and Medical Science theme integrates academics and advanced technology into the learning experience with a focus on medical science in the sports context. The theme is integrated throughout the core curriculum to prepare students for advanced studies in sport medicine, exercise science, and health management.

**STEM (Science, Technology, Engineering, Math):** Students interested in science, math and technology will thrive in this setting! STEM prepares students for college and careers in science, technology, engineering, and mathematics and fosters inquiring minds, logical reasoning, and great collaboration.

**STREAM (Science, Technology, Reading, Engineering, Arts, Math):** This theme is closely related to STEM but adds Art and Reading to the mix. STREAM focuses on inquiry-based learning and inspires students to become lifelong learners from an early age. STREAM teaches students to interact with the world through both artistic and scientific processes.

**Technology:** The Technology theme prepares students for the ever-changing demands of a technologically advanced global society by engaging students in the design, implementation and support of advanced technological systems and exposing them to 21st century technological skills through the core curriculum and extensive electives, such as graphic digital design, computer coding, and web design.

# Prekindergarten (PK) Schools

## Find Your PK Magnet School

Prekindergarten (PK) Only Schools	Grades	Town	Theme	Operator	Page
CREC Prekindergarten at Progress Drive (PK\$*) (With direct pathways to Academy of Aerospace and Engineering Elementary, Glastonbury/East Hartford Magnet School, and University of Hartford Magnet School)	PK3-PK4	Wethersfield	STEM/ Multiple Intelligence	CREC	13

Hartford Prekindergarten Magnet School: South Campus	PK3-PK4	Hartford	STREAM	Hartford Public Schools	17
Wintonbury Early Childhood Magnet School	PK3-PK4	Bloomfield	Early Childhood	Bloomfield Public Schools	19

\* Magnet schools managed by the Capitol Region Education Council (CREC) and Goodwin University Educational Services (GUES) charge PK tuition on a sliding scale, based on family income.

PK\$ indicates schools that charge prekindergarten tuition based on a sliding scale.

# CREC Preschool at Progress Drive

123 Progress Drive, Wethersfield, CT 06109

**CREC's Preschool at Progress Drive is an extension of three CREC magnet schools: Academy of Aerospace and Engineering Elementary, Glastonbury/East Hartford Magnet School, and University of Hartford Magnet School. In partnership with our families and community, the preschool strives to shape the social, emotional, and intellectual development of our preschool students. We provide a developmentally appropriate, play-based learning environment, that nurtures and encourages uniqueness, creativity, and respects equity, diversity, and inclusion. We strive to create a positive, safe learning environment where children learn, play, grow, and thrive together. We believe that children learn best in an environment where their interests and opinions are supported, their solutions to problems are encouraged, and active learning through play is valued. Our philosophy emphasizes respect for self, others, and the classroom environment.**

## WHAT SETS OUR SCHOOL APART

When applying to Progress Drive, families have the unique opportunity to select a direct pathway to continue the magnet experience in kindergarten to grade 5 at three CREC magnet schools. When submitting a RSCO application, the following three options are available for CREC's Preschool at Progress Drive:

- > CREC Preschool at Progress Drive, Academy of Aerospace and Engineering Elementary Pathway (Rocky Hill)
- > CREC Preschool at Progress Drive, Glastonbury/East Hartford Magnet School Pathway (Glastonbury)
- > CREC Preschool at Progress Drive, University of Hartford Magnet School Pathway (West Hartford)

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Caring:** Our students learn to share, take turns, and consider the feelings of their peers.
- 2. Creativity:** Our school encourages students to be imaginative, and provides the opportunity for students to express themselves, solve problems, and explore their world in unique ways.
- 3. Curiosity:** Our staff creates an environment that sparks children's curiosity and guides them as they discover new interests.

**Grades PK3–PK4**

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

CREC’s Early Childhood Program curriculum has its base in developmentally appropriate practice and uses the State of Connecticut Early Learning and Development Standards (CT ELDS) as a guideline for curriculum development. The CT ELDS are learning and developmental outcomes to be intentionally addressed through planned experiences, materials, and interactions. Learning outcomes are achieved through:

- > a variety of hands-on discovery activities and materials that support learning goals;
- > responsive teaching staff who meet the individual needs of the children and families we serve;
- > reflective practices that create an environment of inclusion and honor diversity; and
- > partnership with families that fosters strong reciprocal relationships and achieves mutually desired goals.

## PLACEMENT PRIORITIES

Applicants applying to our school with one or more of the following priorities may have an increased chance of receiving a placement offer if they apply during the **on-time application period** and select the appropriate CREC Preschool and Progress Drive pathways option as their first-choice school selection.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff

*Please note: Sibling and staff priorities are only applied within the Progress Drive Pathway or with the connected direct pathway school.*

## CONTINUING THE MAGNET EXPERIENCE!

Once enrolled at the CREC Preschool at Progress Drive, families of PK4 students who are interested in continuing their magnet experience to kindergarten should submit an on-time RSCO online application and select their direct pathway school as the first choice. Applicants are only eligible for a direct pathway priority for the school associated with their preschool placement (**see chart below**).

For example, if your student receives a placement offer for CREC Preschool at Progress Drive, Glastonbury/East Hartford Magnet School Pathway, they are only eligible for the Direct Pathway priority at Glastonbury/East Hartford Magnet School.

PK4 Enrolled in:	Direct Pathway to Kindergarten
CREC Preschool at Progress Drive, Aerospace Elementary Pathway (Wethersfield)	Academy of Aerospace and Engineering Elementary (Rocky Hill)
CREC Preschool at Progress Drive, GEHMS Pathway (Wethersfield)	Glastonbury East Hartford Magnet School (Glastonbury)
CREC Preschool at Progress Drive, University of Hartford Pathway	University of Hartford Magnet School (Hartford)

Your future, your choice. | ChooseYourSchool.org

# Hartford Prekindergarten Magnet School: North Campus

85 Edwards Street, Hartford, CT 06120

At Hartford Prekindergarten Magnet School, we understand that preschool years are so important to a child’s social and academic development and provide the perfect learning environment to encourage curious, confident, and engaged lifelong learners. Children participate in an instructional program that develops communication skills through the exploration of concepts using art, music, drama, science, technology, and mathematics, supported by interactive experiences with children’s literature.

**Grades PK3–PK4**

## WHAT SETS OUR SCHOOL APART

- > Hartford PreK Magnet School is a unique community comprised solely of early learners in PK3 and PK4
- > Children experience an education that is grounded in a rich, early childhood curriculum aligned with the Connecticut Early Learning Development Standards.
- > Our school provides a social learning environment that nurtures and supports a young child’s natural proclivity to learn, experiment, and explore through active engagement, interactive discussions, and the fast mapping of Vocabulary.
- > The core curriculum is driven by STREAM, which is a multidisciplinary approach that fosters cross-curricular teaching in science, technology, reading, engineering, arts, and mathematics.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Passion for Learning:** Our students have a genuine passion for learning. They become excited and enthusiastic when exposed to new concepts and projects.
- 2. Adaptable:** Our students are more adaptable and open to embracing change and new technologies.
- 3. Inquisitive:** Our students are eager to explore and learn about the environment around them.

“Our learning environment is positive and nurturing, building the necessary academic and social skills and encourages students to take risks in their thinking and enhance their learning.”

— Lore Minich, Principal

# Hartford Prekindergarten Magnet School: North Campus continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Hartford PreK Magnet School extends the boundaries of learning through the thoughtful and intentional development and planning of a language, literacy, mathematics, and science curriculum. Children participate in an instructional program that develops communication skills through the exploration of concepts using art, music, drama, science, and mathematics, supported by interactive experiences with children’s literature.

Children will leave Hartford Prekindergarten Magnet School prepared to succeed in kindergarten and beyond, due to an integrated curriculum that addresses all of the areas known to be foundational for success in school.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > NAEYC accredited
- > Strong community partnerships, including Hartford Performs
- > Tuition-free, full-day program for PK3 and PK4
- > LEGO Learning Lab: Our LEGO™ Lab provides students with hands-on learning and creative play opportunities.
- > Two educators in every classroom (1 teacher, 1 teaching assistant) incorporate best practices for promoting literacy, mathematics, and science into daily instruction to support the integration of educational, cognitive, social emotional, and physical development.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Hartford Residential Neighborhood
- > Hartford Residential Zones 1 and 2

## CONTINUING THE MAGNET EXPERIENCE!

PK4 students enrolled in Hartford Prekindergarten Magnet School North Campus may receive a priority when applying to kindergarten at the following schools:

- > Betances Learning Lab
- > Breakthrough Magnet School, North
- > Breakthrough Magnet School, South
- > Capital Preparatory Magnet School
- > Dwight Bellizzi Dual Language Academy
- > Environmental Sciences Magnet at Hooker School
- > Kinsella Magnet School of Performing Arts
- > Montessori Magnet at Batchelder School
- > Montessori Magnet School at Fisher School
- > STEM Magnet at Annie Fisher School
- > Webster Micro Society Magnet School

## WHAT SETS OUR SCHOOL APART

- > Hartford PreK Magnet School is a unique community comprised solely of early learners in PK3 and PK4
- > Children experience an education that is grounded in a rich, early childhood curriculum aligned with the Connecticut Early Learning Development Standards.
- > Our school provides a social learning environment that nurtures and supports a young child’s natural proclivity to learn, experiment, and explore through active engagement, interactive discussions, and the fast mapping of Vocabulary.
- > The core curriculum is driven by STREAM, which is a multidisciplinary approach that fosters cross-curricular teaching in science, technology, reading, engineering, arts, and mathematics.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Passion for Learning:** Our students have a genuine passion for learning. They become excited and enthusiastic when exposed to new concepts and projects.
- 2. Adaptable:** Our students are more adaptable and open to embracing change and new technologies.
- 3. Inquisitive:** Our students are eager to explore and learn about the environment around them.

“Our learning environment is positive and nurturing, building the necessary academic and social skills and encourages students to take risks in their thinking and learning.”

— Lore Minich, Principal

# Hartford Prekindergarten Magnet School: South Campus continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Hartford PreK Magnet School extends the boundaries of learning through the thoughtful and intentional development and planning of a language, literacy, mathematics, and science curriculum. Children participate in an instructional program that develops communication skills through the exploration of concepts using art, music, drama, science, and mathematics, supported by interactive experiences with children's literature.

Children will leave Hartford Prekindergarten Magnet School prepared to succeed in kindergarten and beyond, due to an integrated curriculum that addresses all of the areas known to be foundational for success in school.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > NAEYC accredited
- > Strong community partnerships-including Hartford Performs
- > Tuition-free, full-day program for PK3 and PK4
- > LEGO Learning Lab: Our LEGO™ Lab provides students with hands-on learning and creative play opportunities.
- > Two educators in every classroom (1 teacher, 1 teaching assistant) incorporate best practices for promoting literacy, mathematics, and science into daily instruction to support the integration of educational, cognitive, social emotional, and physical development.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

# Wintonbury Early Childhood Magnet School

44 Brown Street, Bloomfield, CT 06002

Wintonbury Early Childhood

Magnet School

**Wintonbury Early Childhood Magnet School is a nurturing haven where young minds flourish in an environment designed to inspire curiosity and ignite a lifelong love for learning. The program offers an early childhood school with 18 classrooms of preschool children (3- to 5-year-old) in a mixed age and inclusive setting. Children learn in a language rich environment that supports self-regulation. Play and inquiry are used to engage children in hands-on learning. Wintonbury has several unique, outdoor learning environments, including a courtyard, greenhouse, three playground areas, and a science and inquiry theme that comes alive through a collaboration with 4-H Education Center at Auer Farm in Bloomfield.**

**Grades PK3 & PK4**

## WHAT SETS OUR SCHOOL APART

Classroom environments are designed specifically for young children and their families. The design of the building supports this focus – it is divided into three pods with six classrooms in each to create smaller communities within the larger school. A predictable daily schedule is followed that

includes group times, learning centers, outdoor learning, and other activities. Independence, self-regulation, language, and relationships are central to learning and are embedded into our curriculum.

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. Wintonbury students are exceptional in their ability to **self-regulate their behaviors and emotions** to create a harmonious focused learning environment.
2. **Curiosity** is the hallmark of a Wintonbury student. Children learn to ask and answer their own questions through teacher guided discovery.
3. The Wintonbury curriculum focuses on supporting **strong vocabulary development** to empower students to interact with the world, communicate with those around them, and develop meaningful relationships.

“Wintonbury Early Childhood Magnet School is a true gem; a place where children can grow and develop as respected, engaged, and contributing citizens. It is a place of care and safety, of intellectual pursuit and curiosity for all learners.”

— Samantha Straker, Principal

# Wintonbury Early Childhood Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Wintonbury prepares children to be lifelong learners, able to succeed in a global society by using the world around them as their classroom. Learning is made relevant and meaningful through the child's interests, along with family and community connections. Our focus on self-regulation and language encourages communication and independence which are pillars to later academic instruction.

## SPECIAL FEATURES & ACHIEVEMENTS

- > Wintonbury has been recognized as the “Most Loved” preschool in 2020 and 2021 by Hulafrog.
- > Wintonbury is a NAEYC accredited school.
- > Wintonbury was designed specifically with young children in mind. An abundance of light adorns the center of the school and comes in through large windows. The school has an open courtyard, on-site green house, and a large three-area playground.
- > Wintonbury partners with community organizations that support “farm to table” growing and eating. Students grow food and plants on site and can try foods through our “Try-Day” program.
- > Wintonbury has a science and inquiry theme. The school collaborates closely with the 4-H Education Center at Auer Farm in Bloomfield. Each class makes 12 visits to the farm. There are ongoing links with agriculture throughout our children's learning. Families are connected to the theme through ongoing communication and through seasonal weekend family activities at the farm.

## PLACEMENT PRIORITIES\*

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff

\* Eligibility to Apply: Wintonbury Early Childhood Magnet School has partner towns and limits applications to families residing in the partner towns. Children from the following towns may apply to Wintonbury through the on-line RSCO School Choice Application: Avon, Bloomfield, East Granby, Granby, Hartford, Simsbury, and West Hartford.

## CONTINUING THE MAGNET EXPERIENCE!

Hartford resident students enrolled in PK4 at Wintonbury Early Childhood Magnet School may receive a priority when applying to kindergarten in the following schools and programs:

- > Academy of International Studies Elementary School
- > Betances Learning Lab Magnet School
- > Environmental Sciences Magnet at Hooker School
- > Glastonbury/East Hartford Magnet School
- > Riverside Magnet School at Goodwin University
- > Open Choice School Districts

## WINTONBURY FUN FACT!

Wintonbury connects with families through “The Peep” Podcast. “The Peep” is an early childhood podcast for families that gives easy tips and activities that families can do with their preschoolers.

# Ana Grace Academy of the Arts

129 Griffin Road North, Bloomfield, CT 06002

**Ana Grace Academy of the Arts School (Ana Grace) provides a safe and caring education space featuring strong academics and artistic expression at our remarkable, state-of-the-art new facility. Our school provides students with traditional core subjects while infusing arts into their daily experiences to discover and develop new passions and talents. Learning comes alive with specialized art classes and collaborations with community partners like The Ana Grace Project, Hartford Stage, and Charter Oak Cultural Center. Beyond academics, students explore vocal and instrumental music, visual and digital arts, dance, theater, and more.**

## WHAT SETS OUR SCHOOL APART

Ana Grace Academy of the Arts has committed educators who truly care about their students. Our artist instructors know their craft and work very hard to pass on their knowledge to their students. The academic curriculum is individualized to each student's needs, meaning students

will be challenged in the specific ways they need to progress. Our campus creates an environment where students can thrive through a beautiful, state of the art facility with an unparalleled media center, black box theater, visual arts rooms, professional dance and theater studios and full sized gym with performance stage. Our facility along with our committed teachers and artists set us apart from others. Students can continue their amazing pathway forward through a direct pathway to the Greater Hartford Academy of the Arts to extend their educational journey through the world of art in high school.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Curious** – Our students love to explore and learn and happily participate in many different forms of the arts.
- 2. Creative** – Our students are like magical inventors, turning their wildest dreams into art that sparkles with imagination.
- 3. Well-rounded** – Our students view the arts as the “language” of the school and believe that a well-rounded curriculum should include the arts.

## WHAT SETS OUR SCHOOL APART

Breakthrough Magnet School North provides students with academic rigor, aesthetic appreciation, technological expertise, and physical expressiveness aimed at contributing to others. Breakthrough North is a school where families and teachers work together striving for academic success. We stress

purposeful learning, whereby students gain knowledge, utilize higher-order thinking, exercise the mind and body and value learning. All are trained and instructed in the unique Character Curriculum rooted in Positive Psychology and Mindfulness. At Breakthrough Magnet School North, we celebrate our global community, and our students' resultant lives are marked by vitality, effectiveness, health, and well-being.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Global Citizens:** Our students understand their role in the community and the importance of being a good citizen. They participate in community service activities and strive to make a positive impact on their surroundings.
- 2. Empathetic:** Our students show a strong level of understanding and compassion for others.
- 3. Respectful:** Our students understand the importance of treating others with kindness and respect. They value diversity and are open to learning from others.

“I am extremely impressed with the school's caring environment. The teachers and administration I have worked with are truly dedicated to their students and passionate about their teaching and the school.”

— Alice Gold, Hartford Garden Advisory Community Partner

# Breakthrough Magnet School: North Campus

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Breakthrough North prepares students for their future by building a strong foundation academically and socially-emotionally. We empower students to develop proactive problem-solving strategies, actively engage in their learning, and participate in real-world applications through STEAM and community service learning. We are pleased to have community partnerships with the Children's Hospital, Hartford Garden Advisory, Joan Dauber Food Bank and Hartford Performs. We invite students to begin planning and thinking about college and career opportunities!

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Breakthrough North has been recognized by Magnet Schools of America as a Merit School of Excellence each year from 2019 through 2023.
- > Breakthrough Magnet Schools North and South recently celebrated their 25th Anniversary! Breakthrough Magnet is one of the first two magnet schools in Hartford!
- > Breakthrough North is housed in a beautifully renovated and new facility designed with our character theme in mind.
- > Our school boasts a great multipurpose room with a rock-climbing wall, enclosed playscape, daily dining in the classrooms, an outdoor classroom space, and a school garden!
- > The school community gathers in a beautifully renovated auditorium for weekly community meetings.
- > The school offers courses for parents on our Character Curriculum, gardening and cooking, instrumental lessons, band, and Steel Pan music programs, as well as unified sports.
- > Students in grades 3-5 have an opportunity to serve on our student council and engage in leadership opportunities.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff

- > Pathway School: Hartford PreKindergarten Magnet School: North Campus (PK4 students applying to Kindergarten); Hartford PreKindergarten Magnet School: South Campus (PK4 students applying to Kindergarten)
- > Hartford Residential Neighborhood
- > Hartford Residential Zone 1

## CONTINUING THE MAGNET EXPERIENCE

Students enrolled in 5th grade at Breakthrough North may receive a pathway priority when applying to the following schools:

- > Classical Magnet School
- > Hartford Magnet Trinity College Academy
- > Kinsella Magnet School of the Performing Arts
- > Sports and Medical Sciences Academy

## SPORTS, CLUBS, & ACTIVITIES

Breakthrough North offers Safety Patrol, gardening, and band/instrument lessons. Unified Sports and 2-4-1 Sports are also offered.

Sports, clubs, and activities offerings are subject to change and may vary by grade level. Please check with the school for more information.

## BREAKTHROUGH NORTH FUN FACTS!

Breakthrough's Character Education curriculum raises student awareness in 5 major areas:

- B** – changing Breakdowns to **Breakthroughs** by applying problem-solving strategies,
- R** – taking **Responsibility** for being the author of one's life by mastering one's self-talk,
- I** – learning how **Integrity** (keeping one's word) empowers relationships and goals,
- C** – creating opportunities for students to **Contribute** within the classroom, school, and community,
- K** – engaging students to increase their **Knowledge** in all areas to better inform their choices

Be a BRICK, not a marshmallow!

# Breakthrough Magnet School – South

290 Brookfield Street, Hartford, CT 06106

At Breakthrough South, students learn in a warm and caring environment centered on community, contribution and responsibility. Mindfulness and good character are priorities integrated through all aspects of the learning experience to develop active and mindful citizens who are confident, self-aware, cooperative and responsible decision-makers. Character development permeates our broad-based instruction, providing students with academic rigor through project-based learning, aesthetic appreciation, technological expertise, and physical expressiveness, all aimed at contributing to others, the community, and the world. The school’s motto is captured in the acronym B.R.I.C.K. — we teach students to see challenges as opportunities by changing breakdowns to Breakthroughs, taking personal Responsibility for being the author of their lives, having Integrity by keeping their commitments, approaching situations with an attitude of Contribution, and maintaining a growth mindset by developing Knowledge of social skills.

## WHAT SETS OUR SCHOOL APART

Breakthrough South focuses on developing students as models of outstanding character through the school’s unique character education theme. Our school supports students with building their social-emotional learning strategies through mindfulness and building community. Gardening — which

includes a rooftop garden and greenhouse — is one of the many project-based approaches to integrating community focus into the curriculum. We also offer a variety of before, during, and after school enrichment activities that provide students with creative outlets and opportunities to learn new skills.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Good citizens** who are culturally and socially independent and responsible, and prepared to lead others by example with kindness and support.
- 2. Eager to contribute** positively to our school community.
- 3. Interested in “discovering their talents & contributing to the world”** by trying new things and learning new skills.

“ Children are taught resilience, respect for themselves and others, and what it means to be part of a greater community.”

– BMSS Proud Parent

# Breakthrough Magnet School: South Campus

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Breakthrough South fosters the development of soft skills in their students such as communication, teamwork, problem-solving, and leadership. Students become self-aware and develop into culturally and socially independent and responsible citizens. They are prepared to lead others by example in Breakthrough's specialized skills, values, and ethics to the communities of tomorrow. Students leave not only prepared for high school and college/career, but more importantly, as models of outstanding character and leadership.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Breakthrough South was named a National Magnet School of Excellence by Magnet Schools of America in 2009, 2013, 2014, 2015, 2019, 2020, 2021, & 2023.
- > Breakthrough South was named the #1 Magnet School in America in 2015!
- > Breakthrough South is proud to offer many unique & innovative experiences for students, including: Spanish instruction starting in kindergarten; full kitchens in every PK-3rd grade classroom; mindfulness room & outdoor mindfulness garden; a rooftop garden with a greenhouse; schoolwide opportunities for community service & student leadership; overnight field trips for grades 6-8.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. - > Hartford Residential Neighborhood
- > Hartford Residential Zone 3

## CONTINUING THE MAGNET EXPERIENCE

Students enrolled in 8th grade at Breakthrough Magnet School South may receive a priority when applying to the following schools:

- > Connecticut IB Academy
- > Great Path Academy at MCC
- > Kinsella Magnet School of Performing Arts
- > Pathways Academy of Technology and Design
- > Sports and Medical Sciences Academy
- > University High School of Science and Engineering

## CLUBS & ACTIVITIES

Breakthrough South offers various before, during, and after school programs for our students in grades K-8, including 2-4-1 Sports (which include fencing, boxing, and middle school girls' leadership), Running Club, Mini-Cheer, Student Council, Green Gardening Club, Elementary Dance Club, STEM, Robotics, Chorus, Modern Rock Band, Band/Instrumental Lessons

## MIDDLE SCHOOL SPORTS (GRADES 6-8)

Basketball, cheer, flag football, soccer, volleyball

Sports, clubs, and activities offerings are subject to change and may vary by grade level. Please check with the school for more information.

## BREAKTHROUGH SOUTH FUN FACTS!

- > In 2002, Breakthrough became one of the first two interdistrict magnet schools run by the Hartford Board of Education.
- > Our school sits on 7.5 acres of land in a quiet neighborhood on the West Hartford line, conveniently close to I-84 exit and includes space for a Mindfulness Garden and outdoor learning experiences.

Your future, your choice. | [ChooseYourSchool.org](https://ChooseYourSchool.org)

# Discovery Academy

176 Cumberland Avenue, Wethersfield, CT 06109

**Discovery Academy challenges students with high-quality, hands-on learning experiences centered around the STEM theme to develop lifelong learners, encourage exploration, and inspire a deep understanding of the world. Along with traditional core subjects, students develop an extraordinary foundational knowledge in the four parts of STEM literacy — science, technology, engineering, and mathematics — and develop the skills to conduct investigations, gather and use information, and solve problems using scientific methods of thinking and technology as tools.**

## WHAT SETS OUR SCHOOL APART

Discovery Academy is not just a place of learning, it's a place where students embark on a journey of exploration, creativity, and problem-solving. Students embrace the STEM theme by taking part in Invention Convention, Take Apart Lab, Pi Day, and Earth Day. Through hands-on activities like bioswale and rooftop and butterfly gardens, we empower our students to ask questions, seek

answers and uncover the mysteries of STEM discipline. Teaching STEM to PK students can be an exciting and enriching experience that lays the foundation for a lifelong love of learning. Our PK students have weekly STEM classes and participate in a semester-long project-based STEM special.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Critical Thinkers and Problem Solvers:** Our students expand their critical thinking skills and become problem solvers for life.
- 2. Innovators and Entrepreneurs:** Our students are naturally curious and tap into their creativity skills to become innovators and entrepreneurs.
- 3. Collaborators:** Our students bring together different perspectives and work as a team to complete projects.

“The learning is hands-on and scientific. I feel this is what has had my children engaged in learning and wanting to come back to school every day! When learning is fun, the lessons will stick much better!”

— Kelli Green, Discovery parent

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Discovery made a commitment to Social Emotional Learning as a focus with students and staff participating in daily class meetings, monthly celebrations and Inclusion Clubs for all. Students are prepared academically for the challenges of middle and high school. We believe that STEM education should extend beyond the classroom walls, and working with community partners, students engage in additional science experiences and field studies that deepen the connection to the school theme and the real world. Students become critical thinkers and strong problem solvers equipped with the skills necessary for middle school, high school, and beyond.

## SPECIAL FEATURES & ACHIEVEMENTS

- > Every week, students attend a unique Design Lab class specializing in coding, robotics, and engineering the design process. On the school's campus, nature trails, planting beds, rooftop garden areas, and a butterfly garden bring learning to life! The school offers extended learning opportunities through the Invention Convention, UConn Engineering Ambassadors, and connections with STEM professionals.
- > Discovery sends students to the CT State Invention Convention each year and multiple students have gone to the National Invention Convention.
- > The commitment to GSA/Inclusion Clubs allowed the STEM Coach to receive the CEA Human and Civil Rights Award.
- > Three-time Magnet Schools of America Merit School of Distinction Excellence in Elementary School Science Teaching Award.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff Member

Note: This school reserves a limited number of PK seats for Wethersfield residents.

## CONTINUING THE MAGNET EXPERIENCE!

Discovery 5th grade students have a direct pathway to 6th grade at Academy of Science and Innovation 6 to 12. To be eligible for this pathway, applicants must submit an **on-time RSCO application** with Academy of Science and Innovation as their first choice.

Grade 5 students enrolled in Discovery Academy may also receive a pathway priority when applying to the following schools:

- > Academy of Aerospace & Engineering
- > Academy of Computer Science & Engineering Middle
- > Academy of International Studies
- > Ana Grace Academy of the Arts

## CLUBS & ACTIVITIES

GSA/Inclusion Club

Clubs held 2022-23 with grant funding: Chess, Zumba, Paper Football, Drama, Fitness, Spanish Club

Clubs and activities are subject to change and may vary by grade level. Please check with the school for more information.

## DISCOVERY FUN FACTS!

The school completed a nature trail collaboration project with a CREC high school. Students, families, and Wethersfield residents can visit the trail signs to learn about nature, seasons, and yoga. Discovery Academy is not just a school; it's a launchpad for future innovators, engineers, and scientists.

# Dwight Bellizzi Dual Language Academy

215 South Street, Hartford, CT 06114

The Dwight Bellizzi Dual Language Academy is excited to offer the first and only dual language interdistrict magnet school for PK4, kindergarten, and 1st grade students in the Greater Hartford Region. The Dual Language program offers students an incredible learning opportunity to receive both English and Spanish instruction in their academic classes. Dwight Bellizzi Dual Language Academy offers access to Bellizzi's award-winning Dual Language Program, which allows students to become biliterate and bilingual in Spanish and English by Grade 8. Overall, our Dual Language Program at Dwight Bellizzi Dual Language Academy aims to prepare our students for success in an increasingly diverse and globalized world. By nurturing their language skills and cultural awareness from an early age, we help them become well-rounded, culturally competent individuals with a strong foundation for future academic and career success.

## WHAT SETS OUR SCHOOL APART

What makes Dwight Bellizzi Dual Language Academy unique is our approach to dual language instruction. When you go into our classrooms, you will see our students engaging with their peers in both languages. Our goal is to have our students become

bilingual, biliterate and perform at the highest academic level possible. Dwight Bellizzi Dual Language Academy is driven to ensure our students take risks in their learning, feel safe and accepted.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Bilingual:** Our students will develop strong bilingual proficiency in English and Spanish.
- 2. Culturally Aware:** Our students develop an appreciation for the culture associated with the languages that they learn and are curious about and respectful of different customs and traditions.
- 3. Effective Communicators:** Our students develop into skilled communicators as they are able to convey their thoughts and ideas in both languages.

“Being bilingual enhances the learning of other subjects because you are able to multitask better, you’re able to retain more information, and you’re able to communicate better.”

— Mrs. Harrigan (teacher)

# Dwight Bellizzi Dual Language Academy

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our school prepares students for their future by teaching second language skills. Our goal is that students will become bilingual and biliterate by the end of 8th grade. Being bilingual will improve student performance on standardized tests. Students' cognitive skills will be enhanced and there will be an increase in executive function as they are learning two languages. Being bilingual offers an opportunity for a competitive advantage in college and career readiness.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > In recent years, Dwight Bellizzi Dual Language Academy has made some of the biggest gains in academic performance and culture/climate indicators in the City of Hartford.
- > Our dual language program has been used as a model for the development of similar programs across the state.
- > Beacon School for Imagine Learning 2020-2021.

## PLACEMENT PRIORITIES

## WHAT SETS OUR SCHOOL APART

We serve students from PK4 through Grade 8 in a beautiful building featuring a planetarium, vivarium, greenhouse, aquatics lab, and classrooms equipped with cutting-edge educational technologies. Students work side by side with a resident marine scientist and master gardener, exploring local living

organisms from plants to butterflies to axolotls! Using the new, state-of-the-art building and campus, students monitor, test, and collect data throughout the year, noting human impacts on our environment. The environmental science theme provides a rich school experience designed to allow students to develop critical thinking skills required for success in the emerging fields of medicine, engineering, and environmental sciences.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Problem solvers:** Our students think creatively and enjoy finding innovative solutions to challenges.
- 2. Curious and Observant:** Our students pay attention to details and notice things others might overlook, including details and patterns in the natural world.
- 3. Empathy for Living Things:** Our students respect and care for all living organisms, including plants and animals.

**“ESM provides a rich elementary and middle school experience designed to allow development of critical thinking skills required for success in the emerging fields of medicine, engineering, and environmental sciences.”**

— Lindsey Thompson, Principal

# Environmental Sciences Magnet School at Mary Hooker continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

ESM prepares students for the future by equipping them with a strong environmental science education, critical thinking skills, ethical values, and a passion for sustainability. Our service-learning projects provide students with hands-on learning experiences linked to our environmental sciences theme and community-based partnerships. Students work side by side with the CT Department of Energy and Environmental Protection (DEEP), Trinity College, the Farmington Watershed Council, and other community organizations. Our students are well-positioned to become future leaders, advocates, and problem solvers in environmental sciences and related fields.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Comprehensive, tuition-free preschool program where our students accelerate their learning
- > ESM is one of a few schools in Connecticut to earn Platinum Status as a Leadership in Energy and Environmental Design LEED Certified Building
- > All students and staff have opportunities to work with our two resident scientists through inquiry-based/project-based learning
- > Lego™ Engineering Lab
- > Indoor aquatics lab and Eco-Pond, interactive science theatre, community garden, and nature trail

## WHAT SETS OUR SCHOOL APART

Creativity begins at Kinsella Magnet School of Performing Arts! Our students create because they love it and share their talents to bring joy to the entire community. Through carefully designed lessons where the arts are relevant, pertinent, and fun, the arts come alive for every student and serve as avenues of exploration and inquiry,

providing opportunities for learning, communication, and creative expression.

At Kinsella Magnet School of Performing Arts, we’re ready to provide everything: the music, the words, the moves, the style, the flair, and the smarts to encourage your child’s creativity, education, and growth.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Creativity:** Our students thrive when they can freely explore their imaginations. They convey their emotions, thoughts, and ideas through their chosen art form, allowing them to communicate in a unique and powerful way.
- 2. Critical thinking and problem-solving:** Our students approach challenges with creativity and a problem-solving mindset. They work together to find innovative solutions.
- 3. Discipline and commitment:** Our students understand the importance of practice and dedication to hone their skills. They are committed to growing their artistic abilities and consistently put in the effort required to excel.

“Having spent 13 years at Kinsella, through the school’s arts continuum, Tyra is well prepared to attend college to study theater performance. She had quality opportunities with the performing arts and academics that she could not have received anywhere else.”

— Jay and Stephanie

# Kinsella Magnet School of Performing Arts: PK–Grade 8 Campus continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Comprehensive training, cultural exposure, and arts integration are the three strategic pillars of our approach. The classrooms and hallways come to life as our students actively learn and demonstrate the process of creating, performing and responding. Our students are taught by certified drama, dance, production, stagecraft, instrumental, and vocal arts educators.

## CLUBS AND ACTIVITIES

Dance, Drama Club, Sewing Club, Theater Club

Clubs and activities offerings are subject to change and may vary by grade level. Please check with the school for more information.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway school: Hartford PreKindergarten Magnet School: North Campus (PK4); Hartford PreKindergarten Magnet School: South Campus (PK4); Breakthrough Magnet School, North (grade 5); Montessori Magnet at Batchelder (grade 6)
- > Hartford Residential Neighborhood
- > Hartford Residential Zone 4

## CONTINUING THE MAGNET EXPERIENCE!

Kinsella 8th grade students have a direct pathway to 9th grade at Kinsella Magnet School's 9-12 campus. To be eligible for this pathway, applicants must submit an on-time RSCO application with Kinsella Magnet School of Performing Arts 9-12 Campus as their first choice.

## KINSELLA FUN FACTS!

A Kinsella high school graduate was a featured dancer on Nickelodeon.

A Kinsella alumnus recently opened his own dance studio in Florida.

A Kinsella alum recently performed in the Rocky Horror Picture Show in Milton, DE.

A Kinsella alum returned to Kinsella as a staff member.

Two Kinsella students, although they graduated from other schools, returned to Kinsella as staff members.

# Montessori Magnet at Batchelder School

757 New Britain Avenue, Hartford, CT 06106

**Montessori Magnet at Batchelder School (Montessori at Batchelder) is Connecticut’s largest public Montessori school. Our students emerge as independent, confident, compassionate, responsible participants and leaders of society. Montessori follows the highly successful educational methods of Dr. Maria Montessori. Classrooms are mixed-age groups serving specific developmental stages. Our state and Montessori certified educators guide students to learn at their own pace, exploring and discovering based on their interests through hands-on work.**

## WHAT SETS OUR SCHOOL APART

Montessori classrooms are peaceful, happy places designed to meet the developmental needs of each child in every stage of life. Communities of children support one another socially, emotionally and academically. Students enjoy integrated art, music, and physical education as a part of

each child’s daily routine. Additional arts experiences are provided in partnership with Hartford Performs.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Independent:** Our students show a high level of independence in their daily activities and decision-making.
- 2. Self-Disciplined:** Our Montessori classrooms allow children to work at their own pace and choose their activities.
- 3. Love of Learning:** Our students are enthusiastic about exploring new subjects and ideas.

“Do not tell them how to do it. Show them how to do it and do not say a word ... If you show them, they will want to do it themselves.”

— Maria Montessori

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

A Montessori curriculum prepares children for the future by fostering independence, critical thinking, collaboration, creativity, and practical life skills. A Montessori education instills values of respect, diversity, and environmental responsibility, which are important for navigating a rapidly changing and interconnected world. Ultimately, the Montessori approach aims to equip children with the skills, mindset, and attitudes needed for lifelong learning and success in the future.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Montessori at Batchelder is a NAEYC-accredited program where children learn in multi-age classrooms designed to foster independence, cooperation, self-discipline, and discovery.
- > The school day includes large blocks of uninterrupted time for self-directed work.
- > Children learn in child-centered environments with integrated subjects to allow students to move freely in the classroom and choose their learning direction, which builds independence, curiosity and intrinsic motivation.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. ## WHAT SETS OUR SCHOOL APART

Montessori at Fisher offers a free PK3-Grade 8 public Montessori education implemented to the highest standards set by AMI. We believe in nurturing a child's inherent love for learning by providing ample opportunities for spontaneous and meaningful engagement.

Throughout the day, students work

collaboratively in small groups on interdisciplinary projects, both indoors and outdoors, creating an ideal educational setting where they can flourish and thrive. Montessori at Fisher is more than just an institution; it's a dynamic environment where children are empowered to become active participants in their education and where their unique potential is celebrated every day.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Leadership and Collaboration:

Our students work together on projects, which cultivates leadership skills and the ability to collaborate effectively.

### 2. Effective Communication:

Our Montessori mixed-age classrooms facilitate opportunities for students to interact with peers of different ages. Students learn to express themselves clearly, actively listen, and articulate thoughts confidently.

### 3. Independent:

Our students show a high level of independence in their daily activities and decision-making.

“Education is acquired not by listening to words, but by experiences upon the environment.”

— Maria Montessori

## WHAT SETS OUR SCHOOL APART

Our location in the Learning Corridor enables strong partnerships with Trinity College, the Montessori Training Center of New England, and Boys and Girls Clubs. CREC Montessori serves as a demonstration site for Montessori teacher trainees and undergraduates in various programs at Trinity. CREC

Montessori's framework provides amazing benefits for students, including:

- > Multi-age classrooms, designed to foster independence, cooperation, self-discipline, and discovery
- > Individualized programming to build mastery based on individualized learning styles
- > Child-centered environments with integrated subjects allow students to move freely in the classroom and choose their learning direction, which builds independence, curiosity, and intrinsic motivation
- > Emphasis on manipulatives to give children access to materials that appeal to the senses and create building blocks for learning in a natural and integrated way

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Independent thinkers: CREC

Montessori empowers students to think independently, make choices, and set their own learning goals.

### 2. Inquisitive, lifelong learners: The

Montessori philosophy nurtures a child's natural inclination to explore and question, leading to inquisitive learners who are eager to discover, inquire and learn throughout their lives.

### 3. Respectful and compassionate community members: Multi-age classrooms

foster empathy, kindness and collaboration.

“At Montessori, students are given the freedom and support to question, investigate deeply, and make connections. As a result, they become confident, enthusiastic, self-directed learners. When they leave us, they can think critically, work collaboratively, and develop self-confidence, skill sets needed for the 21st century.”

— Jessica Leone, Assistant Principal

# Montessori Magnet School (CREC)

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

CREC Montessori Magnet School's unique approach to learning pairs individual challenge with nurturing support. Each classroom has a unique spirit, but all classes are grounded in the belief that students thrive in intentional spaces with materials that ignite a passion to learn. Hands-on learning connects challenging concepts and promotes curiosity and lifelong learners. CREC Montessori fosters a supportive and inclusive community and uses the Montessori student-centered approach to empower students to learn with and from each other, embrace diversity, and develop life-long habits of confidence, persistence, and critical thinking. Montessori students are prepared for the challenges of middle school and high school academics and have the confidence to tackle the most advanced and rigorous educational programs.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Full-day PK, including PK3
- > Custom-built school facility, which fosters community, and includes kitchens in each classroom and laundry facilities shared between classrooms
- > Spacious, vibrant classroom environments that allow children to work independently and collaboratively
- > Large blocks of uninterrupted time allow students to engage in hands-on, self-directed activities that build concentration, coordination, and independence
- > Partnerships with local farms & community organizations
- > History Day Regional Winner 2019
- > 2nd Place National Winners History Day
- > Recognition from Association Montessori Internationale as the first public Montessori school in CT

## CLUBS AND ACTIVITIES

Girl Scouts, History Day, Invention Convention

## WHAT SETS OUR SCHOOL APART

At Museum Academy, our mission is to foster a deep sense of curiosity, critical thinking, and creativity in our students. We believe that the world is a vast museum waiting to be explored and through our innovative curriculum and immersive learning experiences, we empower students to become lifelong learners

and responsible global citizens. The museum approach focuses on hands-on, project-based learning that individualizes content to each student's way of learning. Through our partnerships with local museums, we customize museum teachings and field studies to match our curriculum.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Explorers:** Our students have the curiosity and desire to explore our partner museums and other related venues which, in turn, enhances and supports their classroom learning.
- 2. Creative Designers:** Our students participate in exhibitions and public showings, showcasing student-created artifacts that are related to theme and content learning. Student projects are designed to enhance a deeper understanding of the content-related units of study.
- 1. Visual Thinkers:** Our students utilize Visual Thinking Strategies (VTS), a museum methodology that centers on open-ended yet highly structured discussions of visual art, significantly increasing students' critical thinking, observational skills, language and literacy skills.

“It has been my honor and pleasure to tell you how much we love Museum Academy. It is a truly unique place to learn, and I genuinely wish every school could work like ours!”

— Former Museum parent,  
Jolene M. Bauckman

### WHAT SETS OUR SCHOOL APART

At the Reggio Magnet School of the Arts, each day brings endless opportunities for exploration and discovery. The curriculum is designed to respect a child's point of view. Students from PK to Grade 5 are encouraged to control the direction of their learning and to direct

their day-to-day activities, as inspired by the Italian Reggio Emilia Approach. This approach encourages student learning to be expressed in a variety of ways, making student work the central focus. Photographs, artwork, and stories adorn the walls and document the learning and creativity of all students.

### THREE AMAZING QUALITIES IN OUR STUDENTS

1. Reggio students are **natural-born explorers** of the world around them. They love to question, investigate, and discover!
2. **Collaboration** is woven into the fabric of the Reggio Emilia experience and students quickly understand the power of working together. Students' collaborative spirit enriches the learning environment and fosters a strong sense of community.
3. Our students are **skilled critical thinkers** who learn to problem solve from a very early age through self-directed discovery and experimentation.

**“At the end of the day, my children come home happy and excited about their learning. Each day they are given opportunities to work up to their full potential and given support and encouragement to help them succeed.”**

– Reggio parent

# Reggio Magnet School of the Arts

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The Reggio Magnet School of the Arts is a nationally recognized school of distinction. Our philosophy is based on the belief that young children come to school with skills and knowledge already learned from life experiences. Parents/guardians, teachers and children are all part of the learning process that involves listening, investigating, reflecting, and constructing new knowledge together. Talented educators pair high challenge with loving support as they guide students through individualized academic programs. Rigorous instruction enhances children's natural gifts and talents to ensure accelerated learning and future success.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

STEM Magnet at Annie Fisher School goes above and beyond to ensure students' future success. Alongside its robust STEM curriculum, the school provides a direct pathway to the University High School of Science and Engineering. This seamless transition empowers students with continued growth and specialized STEM opportunities, paving their path to academic and career excellence. If your child is passionate about science, technology, engineering, or mathematics and aspires to make a difference in the world, we invite you and your child to join our dynamic community of learners.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Engaging STEM-related field experiences in every grade level
- > STEM-oriented 8th Grade Capstone Project
- > Accelerated math course offerings for grades 6–8
- > Extensive use of technology including laptop computers, engineering software, CAD, iPods, iPads, Google Sketch-up, Dimension 3D printer, and electronic presentations in all classes
- > A science exploratory curriculum with exposure to engineering connections
- > STEM elective courses offered during the school day in grades K-8
- > Strong pathway partnership with University High School of Science and Engineering and the University of Hartford

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway school: Hartford Pre-Kindergarten Magnet School: North Campus (PK4 students applying to kindergarten); Hartford Pre-Kindergarten Magnet School: South Campus (PK4 students applying to kindergarten)
- > Hartford Residential Neighborhood
- > Hartford Residential Zone 1

## CONTINUING THE MAGNET EXPERIENCE!

STEM Magnet at Annie Fisher School 8th grade students have a Direct Pathway priority to 9th grade at the University High School of Science and Engineering. To be eligible for this pathway, applicants must submit an on-time RSCO application with University High School of Science and Engineering as their first choice.

Grade 8 students enrolled in STEM Magnet at Annie Fisher may also receive a pathway priority when applying to the following schools:

- > Great Path Academy at Manchester Community College
- > Kinsella Magnet School of Performing Arts: High School Campus
- > Pathways Academy of Technology and Design

## SPORTS & ATHLETICS:

Basketball, flag football, cross country, volleyball

## CLUBS & ACTIVITIES

CT Invention Convention Competition; First Lego® League & Lego® League Explorers teams; musical performance groups including band and chorus; weekly afterschool STEM programming offered by STEM staff & our community partner, the Connecticut Science Center

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## STEM MAGNET AT ANNIE FISHER FUN FACTS!

Miss Annie Fisher, Hartford's first female principal and district superintendent, made a significant impact on our educational system. Born in Russia and raised in Hartford, she pioneered the integration of English Language Learners into English-speaking arithmetic classrooms in 1965, accelerating their language acquisition and learning. Her influence touched the lives of countless individuals!

# University of Hartford Magnet School

196 Bloomfield Avenue, West Hartford, CT 06117

**University of Hartford Magnet School is a diverse learning community dedicated to nurturing the full potential of each child. Our school boasts a unique curriculum inspired by Dr. Howard Gardner's Theory of Multiple Intelligences. This approach empowers students to explore their learning through eight distinct intelligences to address all students' unique learning styles: bodily-kinesthetic; interpersonal; intrapersonal; linguistic; logical-mathematical; musical; naturalistic; and visual-spatial. We take the time to develop meaningful, supportive, and honest relationships with each student AND their family. We provide our students with daily social-emotional instruction to help them develop their interpersonal and intrapersonal skills.**

**PK3 to Grade 5**

## WHAT SETS OUR SCHOOL APART

We recognize and celebrate the incredible diversity of talents and abilities within each student. This means every student is valued for their unique strengths, creating an environment where individuality is not only celebrated, but also cultivated. Innovative and personalized learning experiences

allow students to take charge of their education in a way that feels natural and empowering. Students have the opportunity to explore and develop their strengths while receiving support in areas where they may want to grow. Our school empowers students to discover their true potential, build confidence, and set and achieve goals that align with their passions.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Self-aware and self-motivated:

Our students understand their strengths and weaknesses. They set meaningful goals and are proactive in pursuing them.

### 2. Strong communicators:

Our students express their thoughts, feelings, and ideas clearly and effectively. They have the ability to listen actively, understand others, and respond with empathy.

### 3. Respectful and accepting:

Our students are not only accepting of their own strengths and weaknesses but also respectful and supportive of their peers' unique abilities.

“At University, you and your child will become a part of the family. We work with you and learn with you as we raise your child together to become a hard-working, kind, and active citizen.”

— Tim Barber, Principal

# University of Hartford Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Students take an active role in their learning journey by becoming aware of how they learn best and by using this awareness to set and achieve goals. Thoughtfully designed lessons maximize each student's potential while celebrating differences in how people learn. In partnership with the University of Hartford, students have access to enhanced college-sponsored learning opportunities in reading, science, music, and the arts as well as a mentorship program with student-athletes.

## SPECIAL FEATURES & ACHIEVEMENTS

- > 2018 National Blue Ribbon School
- > Located on University of Hartford campus
- > Close partnership with University of Hartford School of Education and HARTT School of Music
- > NAEYC-accredited full-day PK program
- > CT Green Leaf School
- > Outdoor classrooms

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Direct pathway school: CREC Preschool at Progress Drive, University of Hartford Pathway
- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff Member
- > Residential Neighborhood: Hartford

## CONTINUING THE MAGNET EXPERIENCE!

Grade 5 students enrolled in the University of Hartford Magnet School may receive a pathway priority when applying to the following schools:

- > Academy of Aerospace and Engineering
- > Academy of Computer Science and Engineering Middle School
- > Academy of International Studies
- > Academy of Science and Innovation
- > Ana Grace Academy of the Arts

## SPORTS, CLUBS, & ACTIVITIES

Art Club, Band, Cheer Club, Cooking Club, Dance, Fitness Club, Step-Team

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## UNIVERSITY OF HARTFORD FUN FACT

Our partnership with the University of Hartford is meaningful, rich, and supports efforts to achieve our school's mission. Our link with their College of Education provides a "lab" for student teachers and interns entering the field of education. The hands-on experience provided to the University students supports their development as well as enriches our students and teachers. The Hartt School provides our students with music and dance lessons and performances. Our students experience field trips across the University campus to sports events, science and technology labs, media stations, theater, and more. The collaboration is unique and truly rewarding to all.

## WHAT SETS OUR SCHOOL APART

The MicroSociety theme empowers students to actively shape their school experience and education; fostering opportunities for them to design real-world solutions, establish businesses or agencies, and apply their knowledge in practical ways. This environment encourages students to collaborate, engage in various activities, and grow into well-rounded students, equipping them

to be exemplary citizens. Our student government plays a pivotal role in decision-making and planning schoolwide events, ensuring an inclusive and empowered learning environment for all.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Initiative:** Our school offers opportunities for students to be engaged in sports, music, student leadership, and other clubs.
- 2. Creativity and Resourcefulness:** Our students think outside the box and generate innovative ideas that connect theoretical learning and practical application.
- 3. Community-Oriented:** Our school has a strong sense of community; families are joining not just a school, but a long-standing community institution with over 100 years of tradition.

“I believe every day is a new opportunity to learn and my main goal is to prepare my students to be successful in the rest of their school years, and to become life-long learners.”

— Ms. Politi, 4th Grade Teacher

# Webster MicroSociety Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

At Webster MicroSociety, students cultivate skills to collaborate effectively with a diverse group of people. Students actively participate in conceiving and establishing businesses, agencies, and nonprofits that support our society and benefit the greater community. The real-world application of their learning is a daily practice, and their learning is extended through our wide array of extracurricular activities.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > NAEYC accredited PK program
- > 2019 Four Star MicroSociety School
- > 2020 Magnet School of Distinction
- > Award-winning and regionally recognized music program

## CLUBS, AND ACTIVITIES

Various clubs and extracurricular activities are available to our students to enhance their educational experience. A sampling of these clubs and activities is listed to give families a sense of what options are available:

Art Club, Band, Chorus, Drumming, Instrumental Lessons, Jazz Band, Girl Scouts, Kid Governor, Orchestra, Student Government, Yoga Club

## WHAT SETS OUR SCHOOL APART

Students at the Academy of Computer Science and Engineering Middle School are innovators, problem solvers, creators, and critical thinkers. We infuse the International Society for Technology in Education into our curriculum and provide a technology-rich learning experience across all subject areas. Project-based learning puts student-driven

learning and student voice at the instructional center. Students engage in computational and design thinking to become creative communicators, positive digital citizens, and global collaborators. Students explore a variety of programming languages, graphic design, Google suite, project management, robotics, and 3d modeling platforms. Students leave the Academy of Computer Science and Engineering Middle School with the skills and the ability to succeed in high school, the workplace, and beyond.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Empowered Learners and Digital Citizens:** Our novel curriculum and instruction puts student-driven learning and student voice at the forefront, providing opportunities for exploration in the vast areas of the computer science field.
- 2. Computational Thinkers and Innovative Designers:** Our innovative approach focuses on empathy and perseverance through a systematic problem solving process to prepare students for real world challenges.
- 3. Creative Communicators and Collaborators:** Our collaborative spirit extends beyond the classroom, leading to successful teamwork in competitions and extra-curricular activities, supported by a full athletics program and after-school clubs.

“We continually seek out and apply the latest technology, curriculum and instruction strategies. Education is constantly evolving, and we pride ourselves for being on the cutting edge.”

— Jill Wnuk, Principal

# Academy of Computer Science and Engineering Middle School continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

We have a comprehensive program of studies spanning grades 6 through 12, developed in collaboration with our partners at UConn, Asnuntuck, ISTE, and the Amazon Future Engineers program. Our students enjoy a direct pathway to the Academy of Computer Science and Engineering High School, where they engage in high school and college-level coursework in coding, game design, cybersecurity, Stanford Design Thinking, Product Development, and Digital Literacy. This program leads to pathways and work-based learning opportunities in the technology field.

## SPECIAL FEATURES AND ACHIEVEMENTS

Our school leverages multiple partnerships to ensure our students receive top-tier instruction across the curriculum. Our students complete three years of computer science and a full year of engineering and innovation studies; less than 4% of the nation's middle schools have such rigorous computer science requirements. The Academy's emphasis on digital literacy, computer science, and innovation sets us apart at the middle school level, providing essential preparation for our students' digital future. We are so much more than coding! Students in the Academy of Computer Science and Engineering Middle School are moving from consumers to creators, ready to tackle the digital world of tomorrow.

## CLUBS & ACTIVITIES

Cheer, Drama, Equity, Hydroponics, Video Games, Robotics, 3-D Design, Art

## WHAT SETS OUR SCHOOL APART

Betances STEM Magnet School focuses on the integration of Science, Technology, Engineering, and Mathematics. Curricula align with Common Core State Standards in Literacy and Mathematics along with the CT State Science

Standards. Students receive rigorous instruction in STEM through an inquiry-based approach, supporting hands-on, student-driven learning. At BSTEM, students are Safe, Positive, Respectful, and Ready to Learn.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Effective Problem Solvers:** Our Engineering classes offer students the opportunity to design and construct models in cooperative groups to reach solutions.
- 2. Critical Thinkers:** Our school’s STEM Plus opportunities allow students to choose an extra course based on exciting STEM-related themes, including participation in the annual Connecticut Invention Convention.
- 3. Visionary Creators:** Our students exhibit a unique blend of curiosity, outside-the-box creativity, and forward-thinking mindsets as they navigate through their studies at BSTEM.

“Families send students to BSTEM because they want a welcoming environment with strong relationships. Our STEM focus helps students become problem-solvers and effective innovators! Students discover solutions to real-world projects.”

— Anthony Brooks, Principal

# Betances STEM Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our strong focus on building background knowledge in the STEM fields and increasing Science, Technology, Engineering, and Mathematics vocabulary will enable students to extend their learning beyond the classroom. The ability to apply learning to real-life situations and problems is a unique feature of our STEM program. Betances STEM's robust partnerships with the CT Science Center, Barnes and Noble, UConn Health Center, and Nutmeg Big Brothers/Big Sisters create valuable connections for our students for college as well as opportunities for internships and mentoring. We're preparing our students for careers that will exist in the future — come check us out!

## SPECIAL FEATURES AND ACHIEVEMENTS

- > STEM Pilot Flight Simulators — students artificially recreate an aircraft's flight for pilot training & design.
- > Engineering classes offer students the opportunity to design and construct models in co-op groups.
- > Class virtual reality (VR) headsets and curriculum engage students in digitally immersive environments including dissection and virtual field trips.
- > STEM Plus classes, LEGO® robotics, and coding programs offer extensive laboratory experiences using contemporary technologies for scientific inquiry, mathematical calculation, and engineering design.
- > All teachers are certified Level 1 Google Educators, ensuring that Google Apps for Education are embedded into daily instruction to maximize students' experiences with technology.

## PLACEMENT PRIORITIES

# Capital Preparatory Magnet School

1304 Main Street, Hartford, CT 06103

**Capital Preparatory Magnet School (Capital Prep) aspires to create a community of lifelong learners who will be assets to their community working toward social justice. Capital Prep is a year-round program, with a school year that begins in July and ends in May to maximize continuity of learning and educational development. Through academic and social justice initiatives, Capital Prep students discover their passions and fulfill their social, academic and civic responsibilities by developing skills necessary to become agents of change. Students realize their immense potential with talented and engaging teachers and an energetic and diverse peer group.**

**For PK3 through 5th grade, Capital Prep integrates a social justice curriculum into the learning experience to challenge elementary learners to develop critical thinking and problem-solving skills at an early age as a foundation to academic success in middle school, high school, and beyond.**

## WHAT SETS OUR SCHOOL APART

Capital Prep is a year-round Pre-K through 12th grade school. Capital Prep cultivates kind, empathetic leaders by instilling in their students its core values of “C.P.R.E.P.” We believe that character and empathy are cornerstones to becoming the best and most compelling version of yourself.

Students are immersed in Capital Prep’s Core Values: “C.P.R.E.P.” throughout their entire educational experience.

**C** = Collaborators

**P** = Problem Solvers

**R** = Research/Information Processors

**E** = Empathetic Citizens

**P** = Pillars of Knowledge

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Empathetic Citizens:** Valuing and embracing diversity of cultures and perspectives through collaboration, mutual respect, and cultural humility.
- 2. Problem Solvers:** Engaging in critical thinking to identify, analyze, propose, and implement solutions in academics and the global community.
- 3. Perseverance:** Productively struggling to make progress towards academic and personal goals.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

A rigorous, high-quality curriculum comes alive through mentoring programs with local engineers and medical companies, career symposiums with STEM companies, internship programs, and classroom instruction led by industry professionals. Aerospace also offers Advanced Placement and Early College Experience (ECE) classes. Students leave Aerospace with numerous post-secondary options ranging from matriculation into both 2- and 4-year institutions, the military, technical training, and the workforce.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Robust STEM labs, maker spaces, workshops, and computer labs.
- > Top 10 High Schools for the largest percentage of students (34%) taking UConn courses through UConn ECE for the 2022-23 academic year. Aerospace is tied for #6 in CT for ECE enrollment!
- > Ranked 5th in the state for FAFSA completion.
- > 11th grade student competed in the International Science Fair in 2023.
- > Received recognition from The College Board's AP Computer Science Female Diversity Award.
- > Student co-authored research article published in The Journal of Student Research.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Direct Pathway: Academy of Aerospace and Engineering Elementary School
- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway School: Academy of International Studies Elementary School; Ana Grace Academy of the Arts School (grade 5 & grade 8); Discovery Academy; Glastonbury/East Hartford Magnet School; Montessori Magnet School, CREC (grade 5 & grade 6); Museum Academy; Reggio Magnet School of the Arts; and University of Hartford Magnet School.

## CLUBS & ACTIVITIES

Debate Team, Drama Club, Gay-Straight Alliance (GSA), Math Team, Model UN, Newspaper Club, Robotics Club, Science Club, Student Government/Council

## SPORTS & ATHLETICS

Baseball, basketball, cross country, football, indoor track, soccer, softball, track and field, volleyball

Clubs, activities and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

Your future, your choice. | [ChooseYourSchool.org](https://ChooseYourSchool.org)

# Academy of International Studies

1551 Blue Hills Avenue, Bloomfield, CT 06002

La Academia de Estudios Internacionales es la única escuela pública en Connecticut autorizada para ofrecer ambos el Programa de los Años Intermedios Bachillerato Internacional (International Baccalaureate (IB) Middle Years Programme [grados 6-10]) y el Programa de Diploma (Diploma Programme [grados 11-12]). Como una Escuela Mundial de IB, International prepara a los estudiantes para los desafíos académicos de la universidad y les proporciona una ventaja competitiva cuando solicitan a las universidades y participan en el mercado global. Como parte de este programa prestigioso, los estudiantes experimentan el mundo más allá del salón, conectando con compañeros de todo el mundo a través de opciones extensivas de viajes internacionales e intercambios con estudiantes extranjeros. Además de los beneficios académicos extraordinarios del programa IB, International inculca un sentido de responsabilidad en su comunidad escolar, criando a ciudadanos de mentalidad internacional comprometidos a crear un mundo mucho más equitativo y pacífico.

## ¿QUÉ DISTINGUE NUESTRA ESCUELA?

La Academia de Estudios Internacionales tiene personal compasivo, cariñoso y sumamente comprometidos al éxito de cada estudiante. Creemos firmemente que estar “listo para la Universidad” es igual a estar “listo para el mundo” y preparado para cualquier desafío. Por eso mantenemos estándares académicos rigurosos desde el momento que los

estudiantes entran por nuestras puertas. Fomentando discusiones interesantes en el salón y proporcionando actividades extracurriculares enriquecedoras, cultivamos estudiantes integrales quienes están listos para enfrentar los desafíos del siglo 21.

## TRES CUALIDADES INCRÍBLES EN NUESTROS ESTUDIANTES

- 1. Pensadores creativos** – Nuestros estudiantes trabajan para resolver problemas complejos del mundo real.
- 2. Persistentes** – Nuestros estudiantes no están dispuestos a dejarse por vencido cuando surgen los desafíos y consideran los contratiempos como oportunidades para aprender y crecer.
- 3. Involucrados** – Nuestros estudiantes están emocionados para aprender para poder hacer los cambios que quisieran ver en el mundo.

“El programa de Bachillerato Internacional es reconocido mundialmente por su alto nivel de rigor y la forma en que los estudiantes tienen la oportunidad de ir más allá de sus límites preconcebidos y participar en un sólido plan de estudios de preparación para la universidad.”

— Yesenia Hernandez, Principal

# Academy of International Studies

continuación

## CÓMO PREPARAMOS NUESTROS ESTUDIANTES PARA EL FUTURO

El currículo de IB pone a prueba estudiantes excelentes para motivar su propio aprendizaje, su razonamiento analítico, y resolución de problemas complejos para prepararlos para las exigencias de las universidades y el mundo global. El programa de IB es un programa de preparación universitaria muy respetado que excede los límites del académico tradicional y su impacto extiende más allá del salón. Se les animan a los estudiantes a que amplíen sus perspectivas, mirándose a sí mismo no solo como miembros de la comunidad local sino como parte de una sociedad global. El currículo pone mucho énfasis sobre la consciencia intercultural, comprensión de dinámicos globales, conciencia del ambiente y reconocer las consecuencias de las decisiones humanas. Más de lo académico, se les empoderan a los estudiantes a que sean líderes y agentes del cambio para la justicia social, diversidad, igualdad e inclusión. Participan en varias áreas de estudios diseñados para cultivar ciudadanos globales e inculcar un compromiso de por vida de servicio a sus comunidades.

Como una escuela donde todos los estudiantes participan en cursos avanzados durante los años de los grados 11 y 12, cada estudiante desarrolla las destrezas necesarias para el éxito en la universidad. Creemos firmemente que asegurar que cada estudiante esté “listo para la Universidad” les abrirá un sin número de puertas después de la graduación. Nuestros estudiantes se desarrollan como pensadores de principios y comunicadores eficaces, listos para brillar en sus profesiones elegidas.

## CARACTERÍSTICAS ESPECIALES

International Studies es una Escuela Mundial de IB (IB World School) la cual se considera como el “estándar de oro” de los programas de preparación universitaria. Todos los estudiantes en International Studies participan en cursos de IB, los cuales les proporciona oportunidades para obtener crédito universitario o categoría avanzada en las universidades.

## PRIORIDADES DE COLOCACIÓN

Las siguientes prioridades se utilizan en el proceso de colocación y pueden aumentar la posibilidad de colocación si hay asientos disponibles. Para recibir una prioridad, debe solicitar durante el periodo a tiempo de solicitud e indicar la escuela como su primera elección. Los solicitantes reciben prioridad en el orden enumerado a continuación.

- > Escuela con vía directa: Academy of International Studies Elementary
- > Hermano/a inscrito/a
- > Hermano/a colocado/a
- > Empleado/a/Personal
- > Vía escolar: Academy of Aerospace and Engineering Elementary; Academy of Computer Science and Engineering Middle (grado 8); Ana Grace Academy of the Arts School (grado 5 y grado 8); Discovery Academy; Glastonbury-East Hartford Magnet School; Montessori Magnet School, CREC (grado 5 y grado 6); Museum Academy; Reggio Magnet School of the Arts; y University of Hartford Magnet School

## DEPORTES Y ATLETISMO

Béisbol, baloncesto, carrera a campo traviesa, fútbol americano, golf, atletismo en pista cubierta, fútbol, sófbol, atletismo

## CLUBES Y ACTIVIDADES

Varios clubes y actividades extracurriculares están disponibles para nuestros estudiantes para mejorar su experiencia educativa. Se enumera una muestra de estos clubes y actividades para dar a las familias una idea de qué opciones están disponibles.

Changemaker/Club de Acción Estudiantil, grupos de liderazgo estudiantil clubes y actividades guiados por estudiantes (puede variar basado en los intereses de los estudiantes).

Los clubes, actividades y deportes están sujetos a cambios y pueden variar según el nivel de grado. Por favor, consulte con la escuela para más información.

# Academy of Science and Innovation

600 Slater Road, New Britain, CT 06053

**Academy of Science and Innovation (Innovation) is a STEM-themed, hands-on learning environment recognized as a Magnet School of Distinction for its exceptional programming. Using science and technology, Innovation focuses on empowering the next generation of changemakers. The dynamic and high-quality curriculum not only ignites a passion for learning but unleashes talent and inspires a culture of creativity. This prepares students to emerge as innovators, critical thinkers, and adept problem solvers. The STEM theme revolves around three pivotal 21st-century technology domains — environmental engineering, biotechnology, and robotics and computer science — all designed to ready students for the demands of college and the ever evolving technological world.**

## WHAT SETS OUR SCHOOL APART

Innovation immerses students in rigorous coursework and instruction designed to prepare them for successful futures. The school's state-of-the-art facility and ample resources support student learning in today's technological world.

Students acquire strong foundational

content knowledge and skill sets that will empower them to succeed in the areas of scientific research, engineering, and computer science. They apply their learning in real-world, cutting-edge professional environments through community partnerships and internship programs.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Passionate about STEM:

Our students are poised to be trailblazers and catalysts for change in the world of STEM and beyond.

### 2. Innovative and entrepreneurial spirit:

Our students aren't afraid to take risks and think outside the box.

### 3. Problem-solving mindset:

Our students enjoy conducting experiments and understand that setbacks are part of the scientific method.

“At Innovation, we look to empower our students to be the next leaders of the world. We encourage them to ask meaningful questions and break down any barriers that don't support equity, diversity and inclusion.”

— Elizabeth Wilson, Family & Community Engagement Specialist

# Academy of Science and Innovation

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Students at Innovation engage with math, science, engineering, and technology through real-world scenarios. They are guided to build problem-solving skills, devise solutions for tangible issues, and cultivate their critical thinking abilities. We encourage our students to be curious and learn about new technologies and innovations, preparing them for success in our technology-driven world.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > 2019 and 2023 Magnet Schools of America School of Distinction
- > Students take two sciences in 6th through 10th grade (STEM as a second science in 6th through 9th and Cellular Biology/Genetics in 10th)
- > Dual enrollment opportunities with Central CT University to take college-level classes
- > Advanced Placement and UConn ECE classes available at the high school
- > Themed electives in middle school, including hydroponics, computer science, coding, robotics, artificial intelligence and more
- > Hydroponics and aquaponics lab
- > Boys' High School Basketball Team Conference Champions three years in a row
- > 2019–2020 CT Robotics State Champions (Freshman Team)

## CLUBS & ACTIVITIES

Coding Club, Cooking Club, Gaming Club, Jazz Band, National Honor Society, Robotics Club, Cheer

## SPORTS & ATHLETICS

Basketball, cross country, football (new for Fall 2023), indoor track, soccer, softball, track and field, volleyball

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Direct Pathway School: Discovery Academy
- > Enrolled Sibling
- > Placed Sibling

## INNOVATION FUN FACT:

Innovation fosters an environment where students are encouraged to pursue their passions, both in STEM and other areas of interest. Monthly events like “Clash of the Classes” and “House Cup” promote community team building through healthy STEM challenges and competitions. Students also have opportunities to participate in athletics as well as a range of after-school clubs such as cooking, fishing, and skiing.

## STUDENT SUCCESS!

Rithvik Suren was one of 24 State Merit Winners and four honorable mention recipients in the 3M Young Scientist Challenge. As the nation’s premier middle school science competition, the 3M Young Scientist Challenge features outstanding innovations from young scientists that utilize the power of science to improve the world. Rithvik’s project involved a muon-powered electricity generator.

# Classical Magnet School

85 Woodland Street, Hartford, CT 06105

Classical Magnet School

**Classical Magnet School (Classical) prepares students for acceptance into competitive colleges and universities by focusing extensively on a classic liberal arts curriculum and project-based learning. Classical Magnet School is rooted in the Paideia philosophy of education, which believes that human beings are primarily defined by their capacity and desire for learning. Students master academics and demonstrate their ability to read and comprehend literature, write persuasively, think clearly, communicate effectively, and solve problems. These skills will carry a child through a changing world more seamlessly than training for any particular career and can be used in college and to explore any career interest later in life.**

**Grades 6–12**

## WHAT SETS OUR SCHOOL APART

What sets Classical apart from other schools? Our philosophy! Our school focuses heavily on a classic liberal arts college prep curriculum that teaches students to think, problem-solve, and communicate skills that transfer to everything and set our students apart. Our students are required to take Latin and though it is not a spoken language, it gives us the root words for ALL of the romance languages. Through a deep understanding of the syntax of language and exposure to the Latin roots of many words in modern English, students prepare themselves for challenging careers.

Through a deep understanding of the syntax of language and exposure to the Latin roots of many words in modern English, students prepare themselves for challenging careers.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Highly effective communication

**skills:** Classical students study Latin for 4 years which increases their vocabulary and improves their logical thinking. These skills enhance excellent reading, writing and communication skills.

**2. A willingness to embrace diversity:** Classical students accept others by learning about and appreciating people from different backgrounds, cultures, beliefs, and perspectives than their own.

**3. Intellectually curious:** Classical students possess a curiosity that drives them to explore different perspectives, challenge assumptions, and expand their knowledge and understanding of the world.

“This place, the students, and staff here, all have an inspiring amount of character, integrity, intensity, and love.”

—Thomas Mullane, Science Teacher

# Classical Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Why the Liberal Arts instead of a focus on a specific career path? A liberal arts broad approach can prepare students for every eventuality. We have graduates who are engineers, scientists, doctors, lawyers, mathematicians, and everything in between. We emphasize writing and research, because at the top of every field is someone who can communicate complex ideas to others and not just perform tasks, but really explain them well to others.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Classical boasts a nationally recognized and award-winning Theatre Program, numerous state championship sports, one of the top music programs in Hartford, and an amazing art program that regularly gets student work into community galleries!
- > Classical's graduation rate is 98.5% with a 97.6% college acceptance rate.
- > Classical has an 88% 4-year college attendance rate with a 94% college perseverance rate (our alumni graduating college). Both of these numbers are well above the state average!

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway Schools: Breakthrough Magnet North (grade 5); Montessori Magnet at Batchelder (grade 6); Montessori Magnet at Fisher School (grade 8); Renzulli Gifted & Talented Academy (grade 8); Webster Micro Society Magnet School (grade 8)

## CLUBS & ACTIVITIES

Art Club, Chess Club, Gaming Club, Action Club, Model UN, National Honor Society, Student Government/Council, Theater Club

## SPORTS

Baseball, basketball, cross country, e-sports, football, indoor track, soccer, softball, swimming, track and field, volleyball

Sports, clubs, activities and offerings are subject to change and may vary by grade level. Please check with the school for more information.

## CLASSICAL FUN FACT

Classical Magnet School began as an intradistrict magnet program in 1982–1983 and just celebrated 40 years of excellence!

# Connecticut River Academy at Goodwin University

9 Riverside Drive, East Hartford, CT 06118

The Connecticut River Academy at Goodwin University (CTRA) spans four buildings and is a NEASC accredited, award-winning magnet school recognized for its high-quality and innovative programming by Magnet Schools of America with the Merit-Award of Excellence in 2021. As an Early College school, scholars prepare for the rigors and challenges of college through college-level and Advanced Placement (AP) classes. While enrolled at CTRA, scholars can earn more than 30 tuition-free credits, enabling scholars to enter college as sophomores. During junior and senior year, CTRA offers pre-apprenticeships with high tech companies and businesses to connect classroom work with the real world. CTRA offers 21st century subject pathways, including Computer Science and STEM at the middle level, Manufacturing/Engineering, Health Sciences & Nursing, Computer Science, Liberal Arts, and Business Administration at the high school. Awareness, Diversity, and Action are the foundation of CTRA's core values and beliefs and shape the positive school environment. These values empower scholars to break down barriers while acquiring the competencies for future success within a transformative school system.

## WHAT SETS OUR SCHOOL APART

We believe relationships are foundational to learning, that all scholars can achieve at high levels, and that learning happens best within a relevant context. Our early college and pre-apprenticeship programs are designed to provide scholars multiple opportunities to explore personal interests for future success.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Relationship focused.** CTRA scholars prioritize building strong interpersonal connections. Their focus on relationships not only enhances the school's sense of community but also cultivates essential social skills that prepare scholars for success in college and beyond.
- 2. Early college prepared.** With a clear focus on early college readiness, CTRA scholars are forward-thinking and academically driven.
- 3. Inclusive.** CTRA scholars honor and affirm the diverse experiences of others and feel empowered through the safe and accepting learning environment to create a more just and equitable world. Scholars' inclusive mindset fosters a sense of belonging, enabling scholars to learn and grow in an atmosphere of acceptance and mutual support.

“We believe that when scholars demonstrate self and global awareness, a respect for the importance of diversity, and understand the impact of individual and social actions, they will contribute to a more just and sustainable world.”

— JT Foster, principal

# Connecticut River Academy at Goodwin University continued

## WHAT BEST PREPARES

### OUR STUDENTS FOR THE FUTURE

At Connecticut River Academy (CTRA), scholars get a jump-start on their college and career paths. In addition to a full range of high school courses, scholars have the opportunity to take classes at Goodwin University and earn more than 30 transferable college credits while still in high school — all at no tuition cost. CTRA offers pre-apprenticeships with high-tech companies and businesses to connect classroom work with the real world. Scholars are prepared academically and socially for college — laying an important foundation for future success.

### SPECIAL FEATURES AND ACHIEVEMENTS

- > Magnet Schools of America, Merit-Award of Excellence in 2021
- > 5 early college pathways, beginning in sophomore year, with the option to earn more than 30 college credits at no cost to scholars
- > Pre-apprenticeships with local businesses and industries, and high-tech corporations
- > Accelerated courses available in English and math as freshmen
- > Advanced Placement (AP) classes in grades 10 to 12, in humanities, sciences, and math
- > **Grades 6–8:** Focus on Innovative Technology and Creative Design preparing scholars for high school, college, and careers
- > **Grades 9–12:** College pathways in Manufacturing/Engineering, Health Sciences & Nursing, Computer Science, Liberal Arts, and Business Administration
- > Schoolwide commitment to restorative practices, and culturally relevant curriculum
- > Environmental Science theme with habitat center, river boat, and green roof
- > Award-winning music program

### CLUBS & ACTIVITIES

Affinity Groups (Black Student Union; AAPI Student Union); Art Club; Changemaker/Student Action Club; Dance Club; Environmental Club; Gay-Straight Alliance (GSA); Best Buddies; Yearbook; National Honor Society; TRI-M; Music Honor Society; Intramural sports, including volleyball, soccer, and flag football; Anime Club; Scholar Council; Robotics Club; Model UN; Girls Who Code; CTRA New Club

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice.

Applicants receive priority in the order listed below.

- > Direct Pathway School: Riverside Magnet School at Goodwin University
- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Partner College/University Staff
- > Partner College/University Student

## CTRA FUN FACTS

- > CTRA students are called “scholars,” as we believe they can all achieve at high levels
- > Connecticut River Academy has a new eagle mascot across upper and lower grades
- > Scholars have access to a state-of-the-art research vessel and habitat center

## NOTABLE ALUMNI

Taylor Marchand traveled to us from Winsted and graduated in 2018. Taylor is now a 2022 graduate of Tufts University with a Bachelor of Science in biology and a minor in Spanish. She is currently attending Cummings School of Veterinary Medicine.

## WHAT SETS OUR SCHOOL APART

GEMS seeks to empower students to create positive change in the world around them. By infusing global issues, studies, and experiences into the classroom, students are given the tools to become a “global citizen.” Our students come to us from close to 30 towns with many different

experiences. Our philosophy is to identify each student’s strengths and weaknesses to provide them with a unique educational experience.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Challenge Mindset:** We are proponents of self-efficacy. Self-belief is the most important characteristic successful people have.
- 2. Growth Mindset:** School and life in general can be difficult. We stress the ability to persevere to overcome challenges.
- 3. Mindful Mindset:** We encourage a mindset of openness, awareness, action, and acceptance.

*“Knowing, Caring, Doing (KCD) ties our academic, social, and emotional learning together. Everything we do is within the KCD framework. It provides a mindset that guides the community.”*

— Frank Joell, Macchi, Ed.D.,  
GEMS Principal

# Global Experience Magnet School

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our theme is more than traveling the world. We want our graduates to be global thinkers with a far-reaching outlook and wide perspective. We foster growth, mindful, and challenge mindsets that prepare students for adulthood. Our mantra is *Knowing, Caring, Doing* (KCD). We don't just study global issues; we embrace them and seek solutions to improve them.

## SPECIAL FEATURES & ACHIEVEMENTS

- > Second language offerings in Mandarin Chinese, French, and Spanish
- > Private school class size in a public school setting: approximately 15:1 student to teacher ratio, provides a challenging education
- > Unique instruction focused on developing each student as a responsible, civic-minded, global citizen

## PLACEMENT PRIORITIES

# Sport and Medical Sciences Academy

280 Huyshope Avenue, Hartford, CT 06106

**The Sport and Medical Sciences Academy (SMSA) engages students in exciting 21st-century themes focused on Sport and Medical Sciences and prepares them for college through an early college preparatory experience starting in the middle school. SMSA embeds its four core beliefs — Dedication, Responsibility, Discipline, and Respect — into each student’s educational experience to develop social consciousness and leadership skills as they learn and grow. The Sport and Medical Science theme integrates academics and advanced technology into the learning experience with a focus on medical science in the sports context. SMSA is dedicated to unlocking the secrets of human performance and promoting healthy, active lifestyles. The theme is woven into the core curriculum to prepare students for advanced studies in sport medicine, exercise science, and health management.**

## WHAT SETS OUR SCHOOL APART

Students receive a rigorous foundation in Science, Language Arts, and Mathematics, while the theme is applied within the core curriculum through block scheduling. This framework allows for hands-on, experiential learning and career exploration in the fields of sport and medicine through job shadowing and internships. Technology is integrated

into all subject areas. Students are encouraged to take an active role in their learning and to achieve academic excellence within a sphere of high academic rigor. SMSA maintains a partnership of educational, business, and higher educational communities with a strong commitment to public service opportunities allowing students to develop social consciousness and leadership skills which fosters pride in both the school and in the community.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Passion for Sport and Medical Sciences:** Students interested in the Sport and Medical Sciences explore their passion through experiential learning through real-world application.
- 2. Strong Work Ethic:** Our students are dedicated to their studies and are willing to engage in hands-on learning experiences and other practical applications of their knowledge.
- 3. Lifelong Learners:** Our school community emphasizes the importance of ongoing learning and self-improvement.

“Since coming to SMSA, I have learned about different cultures and the diversity is great. You should keep an open mindset.”

— Aidelyn, SMSA Middle School Student

# Sport and Medical Sciences Academy

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Sport and Medical Sciences Academy's mission is to develop a community of lifelong learners in which all students acquire the knowledge, skills, and the courage to become productive citizens within a diverse society. A special emphasis is placed on creating opportunities for advanced study and career exploration in the fields of sports and medicine. Our students get a head start on their college work by earning tuition-free college credits while still in high school through the College Board and UConn, giving students an edge in college applications and the start to college.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > National School of Distinction – Magnet Schools of America US News & World Report “Best High Schools in America”
- > SMSA is located in a state-of-the-art facility, featuring a broadcast studio creating weekly segments — Tiger Talk, 10 science labs, two gymnasiums, and two fitness centers.
- > Learning takes place beyond the classroom through job shadowing and internships in the sport and medical sciences fields.
- > Students participate in engaging experiential learning opportunities to supplement their academic experiences through UConn Medical and Dental Schools, UConn, CCSU, and ECSU.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway school: Breakthrough Magnet School, North (grade 5), Breakthrough Magnet School, South (grade 8), Montessori Magnet at Fisher School (grade 8), Webster Micro Society Magnet School (grade 8)

## CLUBS, AND ACTIVITIES

Various clubs and extracurricular activities are available to our students to enhance their educational experience. A sampling of these clubs and activities is listed to give families a sense of what options are available:

Affinity Groups, Art Club, Chess Club, National Honor Society, Student Government/Council, Tiger Connections (after-school program for academic support and enrichment), E-Sports Club, International Travel Club, Sewing Club

## SPORTS

Baseball, basketball, cheerleading, football, indoor track, soccer, softball, track and field, volleyball

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

# Academy of Computer Science and Engineering

1617 King Street, Enfield, CT 06082

The Academy of Computer Science and Engineering is a community of designers, critical thinkers, problem solvers, and innovators. With a technology-rich core curriculum that includes two full years of coding and a deep dive into the Stanford Design Thinking process, we ensure that every Comp Sci student leaves with the digital and collaborative skills to succeed in today's world. Our Pathways program provides opportunities for in-depth study of Computer Science, Digital Design, or Entrepreneurship. We provide Work-Based Learning opportunities, internships, and a wide range of enrichment opportunities, including competitive esports, robotics, cause-based hackathons, and community connections in the technology field. Students graduate college-ready with opportunities to earn college credit through Advanced Placement, UConn Early College Experience, and CT Community College partnerships. At Comp Sci High, students master the habits of success that prepare them to be college and career-ready as writers of their own futures.

## WHAT SETS OUR SCHOOL APART

The Academy of Computer Science and Engineering stands out from other schools by offering a rigorous curriculum, state-of-the-art facilities, industry partnerships, and cutting-edge, comprehensive programming that prepares students for a seamless transition to higher education, leadership in the digital space, and a lucrative and successful career.

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. Our students are prepared for the world's most high-demand and lucrative career opportunities.
2. Our students possess critical thinking, innovation, creativity, and problem-solving skills that are valuable in any field, not just computer science.
3. Our students are creators and designers in the digital space.

“You’re becoming a creator and an author. That’s what we want to do through computer science. The kids who are learning to create with this technology today are the kids who are going to be writing the future.”

– John Tusch, Theme Coach,  
Comp Sci High

# Academy of Computer Science and Engineering continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Academy of Computer Science & Engineering is dedicated to integrating coding into the curriculum while fostering the development of our students as leaders, innovators, problem solvers, and critical thinkers. As students delve into coding and design, they enhance skills applicable to website, application, and game development.

We prepare students for today's most in-demand careers, including lucrative professions such as software development, cybersecurity, data analysis, artificial intelligence, and more. Our scholars are more than technologically literate; they are transformed from digital consumers into creators, influencers, and innovators in the digital space.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > A full year (two semesters) of Product Development based on the Stanford Design Thinking Process *for EVERY student, PLUS:*
- > DIGITAL FUTURES, a course in digital citizenship, online safety, and online influencing, for EVERY student.
- > Nationally competitive eSports program
- > Comp Sci High students co-create apps with local nonprofits for tangible community impact

Your future, your choice. | [ChooseYourSchool.org](http://ChooseYourSchool.org)

# Connecticut IB Academy

857 Forbes Street, East Hartford, CT 06118

**The Connecticut IB Academy (CIBA) is an award-winning school, recognized as the #3 High School in Connecticut by U.S. News and World Report in 2023. CIBA offers highly rigorous, fast-paced, and challenging academic requirements above and beyond a traditional high school. As an authorized International Baccalaureate (IB) World School®, CIBA provides an internationally recognized educational model that focuses on the depth and breadth of the academic experience, while developing learners as independent, internationally minded thinkers and problem solvers. All classes at CIBA are IB honors-level classes that prepare students for competitive opportunities in college.**

**Grades 9-12**

## WHAT SETS OUR SCHOOL APART

CIBA offers an IB-accredited Middle Years Programme (MYP) in grades 9 and 10 and the Diploma Programme (DP) in grades 11 and 12. The MYP is described by the IB as “a challenging framework that encourages students to make practical connections between their studies and the real

world.” It provides students with a rich, concept-based learning experience and helps to ensure that they are prepared to meet the demands of the Diploma Programme (DP). The student body is a diverse group of students that have submerged themselves into our small community and have begun to use their voice to make a difference both in their immediate surroundings and the community at large.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Hard working.** Our students have a love for learning and being challenged academically.
- 2. Diverse.** Our school community and student body prides itself on its diversity and rich culture. Our staff and students are committed to learning more about each other and our differences to complement our school community.
- 3. Thinkers.** The IB profile encourages our student body to question the world around them, reflect on their learning and continue to build on their knowledge and skills for college and career.

“ I immediately found a community here. I was able to create bonds. There’s a community here for everyone.”  
– Afiya, student

“ My favorite part about CIBA would probably be all the opportunities that it affords to the students. Not only does it prepare them for college, but it also gives them opportunities to meet students all around the world.”  
– Makenzie Mace,  
CIBA science teacher

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The IB Diploma Programme is academically challenging and prepares students for success at college and life beyond high school. As a highly respected educational program, it exceeds traditional academic boundaries and extends far beyond the classroom. The IB curriculum gives students a competitive advantage in applying to and succeeding in college, as many top universities recognize and actively recruit IB students. All CIBA students apply to college/university as candidates for the prestigious IB diploma in addition to a high school diploma.

## CIBA VISION AND SCHOOL MOTTO

*Scire non satis est (To know is not enough)*

## SPECIAL FEATURES & ACHIEVEMENTS

- > **2023 Niche**

## WHAT SETS OUR SCHOOL APART

Arts High, located in the Colt Gateway complex in Hartford, fosters a sense of community where young people can learn and create while feeling a true sense of belonging. Within our facility, musicians refine their skills, graphic artists unleash their creativity, creative writers craft literary works, dancers express themselves, and

filmmakers bring their visions to life. Alongside these vibrant spaces are cutting-edge science labs and academic spaces equipped with the latest classroom technologies. Students chart their own artistic journeys by selecting from a variety of unique arts classes integrated into a traditional high school curriculum.

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. Our students are empowered to discover and use their voice, in whatever artistic medium they embrace.
2. Our students boldly express themselves and share their unique stories.
3. Our students come as they are, embracing their authentic selves within the classroom.

“At the Arts Academy High School, we empower students to come as they are, keep it weird, and use their artistic voices to tell their stories. Academy is family!”

— Nick Chanese, Principal

# Greater Hartford Academy of the Arts: Full Day continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Students choose from a variety of specialized courses taught by professional artists, including music, dance, media production, creative writing, graphic design, and theater. They are encouraged to surpass their own limits, both as learners and artists. We use a project-based approach to learning, enabling students to take ownership of their learning and know exactly where they stand when it comes to skills and concepts. Through our academic and artistic projects, performances, and celebrations, we aspire for each student to discover and harness their own voice, empowering them to tell their powerful and distinctive stories.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Arts High has its own touring social justice theater company: *Looking In Theater*. This professional theater company completed over 20 performances in the 2022-23 school year.
- > The school won Best of Hartford “Best Magnet School” for four consecutive years.
- > Students have won the Wallace Stevens Poetry Competition for eight consecutive years.
- > Faculty have been featured in Hartford Fringe Festival, Hartbeat Ensemble, and in local mural projects.

## PLACEMENT PRIORITIES

Your future, your choice. | [ChooseYourSchool.org](https://ChooseYourSchool.org)

# Kinsella Magnet School of Performing Arts: High School Campus

415 Granby Street, Hartford, CT 06112

**Kinsella Magnet School of Performing Arts (KMSPA) offers a PK–12 visual and performing arts-themed continuum education with a direct pathway to the 9–12 high school from the prekindergarten–grade 8 program. Kinsella is not just a school — it’s a feeling! Comprehensive training, cultural exposure, and arts integration are three strategic pillars of the Kinsella approach. Comprehensive training refers to the total and complete spectrum of performing arts instruction offered. Students actively learn and demonstrate the processes of creating, performing, and responding. Students are taught by certified drama, dance, production, stagecraft, instrumental, and vocal arts educators!**

## WHAT SETS OUR SCHOOL APART

The primary focus of KMSPA is to act as ambassadors to effectively prepare students for acceptance into and graduation from a four-year college or national conservatory. Students undergo an educational journey that allows for continuity, cultural exposure, rites of passage and innovative ways of

thinking. Our approach targets both interpersonal and intrapersonal skills.

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Creative Innovators:** Our students are known for their creativity and innovative thinking. They think outside the box, take risks, and push the boundaries of artistic expression.
- 2. Artistic Excellence:** Our students excel in their chosen artistic field. This attribute reflects their ability to create and perform at a high level in their art form.
- 3. Collaborators:** Collaboration is a fundamental aspect of the arts and KMSPA students develop into skilled collaborators throughout their high school career.

“As a parent, Kinsella Magnet school for Performing Arts was one of the best decisions I have made for my son who is 22 now. He graduated in 2016 and Kinsella Magnet School is more than just the arts. It instilled confidence and fueled his imagination as well as having an open mind!”

— Parent from Class of 2016

# Kinsella Magnet School of Performing Arts: High School Campus continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our educational approach allows individuals the opportunity to develop a diverse set of skills in the performing arts. Through performing arts, the school community is dedicated to creating an environment that equally values the arts as an important mechanism of transmitting knowledge and skills. Students in grades 9-12 will pursue a performing arts major that utilizes a conservatory approach. Building student exposure and enrichment in the performing arts will provide additional lifetime experiences from which students can draw from to enhance their understanding in varied content areas.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > The 9–12 program is located in a new, state-of-the-art facility with ultra-modern dance studios, a Black Box Theater, music rooms and more.
- > 9th grade students select a primary area of focus based on their talents and interests — whether it's dance, drama, production and design, or vocal — and can build a strong portfolio of experience to ensure their success in college and beyond!

## PLACEMENT PRIORITIES

# Pathways Academy of Technology and Design

2 Pent Road, East Hartford, CT 06118

**Pathways Academy of Technology and Design (Pathways), located on the Goodwin University campus in East Hartford and affiliated with the Academy of Information Technology (AOIT), prepares students for college and career opportunities in advanced technology, such as cutting-edge programming, database design, digital video production, networking, and web design. To prepare students for the global marketplace, the school's career exploration features a 9th grade career fair, 10th grade job shadowing, 11th grade internships, and partnerships with local IT firms to apply learning to the real world.**

**Grades 9–12**

## WHAT SETS OUR SCHOOL APART

Pathways students benefit from a unique college preparatory learning program where each student is equipped with a personal laptop computer and belongs to a small advisory group where a teacher provides individualized support and keeps families well informed. Through the unique curriculum

and advisory program, students learn in all their subject areas through creative projects that integrate advanced technology, including graphic design, digital video and media, programming, and robotics. Pathways offers a personalized learning experience that sets students up for success!

## THREE AMAZING QUALITIES IN OUR STUDENTS

- 1. Growth Mindset:** The world of STEM is constantly evolving, and our students are always looking to ask questions and explore new concepts!
- 2. Problem-solving Skills:** Our students have the ability to dissect intricate issues and find practical solutions through experiential learning.
- 3. Creativity and Innovation:** Pathways students thrive on creativity and innovation, where they think outside the box to generate inventive ideas.

- > Access to Goodwin Advanced Manufacturing Program for college credit
- > Over 30 clubs offered during the school day on Fridays during Panther Block
- > Intervention Block for all students every Tuesday to receive academic support
- > Intramural and club partnership with Goodwin University Magnet School System

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice.

Applicants receive priority in the order listed below.

- > Direct Pathway: Betances STEM Magnet
- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > Pathway school: Breakthrough Magnet School, South; Environmental Sciences Magnet at Hooker School; STEM Magnet at Annie Fisher School; Webster Micro Society Magnet School

## SPORTS, CLUBS, AND ACTIVITIES

Various clubs and extracurricular activities are available to our students to enhance their educational experience. A sampling of these clubs and activities are listed to give families a sense of what options are available:

Dungeons and Dragons Club, FIRST Robotics, Fitness Club, Gaming Club, Gay-Straight Alliance (GSA), Student Government/Council, soccer

Clubs, activities and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## PATHWAYS FUN FACT!

Our students have access to state-of-the-art technology, such as PC and Mac labs, recording and TV studios, 3D printers, and robotics and virtual reality equipment.

Your future, your choice. | [ChooseYourSchool.org](http://ChooseYourSchool.org)

# University High School of Science and Engineering

351 Mark Twain Drive, Hartford, CT 06105

**University High School of Science and Engineering (UHSSE) is an Early College High School on the campus of the University of Hartford with a focus on Science, Technology, Engineering and Math (STEM). At UHSSE we are a “Kettle” (community) of Hawks! Students have the unique opportunity to have an on-campus college experience while in high school through UHSSE’s partnership with the University of Hartford. We provide a constructive, supportive, academic environment and seek to bring out the best in each student by focusing on high academic achievement and setting no academic limits.**

## WHAT SETS OUR SCHOOL APART

We are one of the few high schools on a public, four-year college campus with the opportunity for students to not only take college level courses, but to also attend college courses alongside undergraduates. UHSSE also offers tuition-free UConn Early College Experience (ECE)

courses, such as American Studies, English, History, Chemistry, and Marine Science with our adjunct professors for college credit.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Intellectual Curiosity:

Our students are eager to explore new concepts, ask probing questions, and seek out knowledge beyond the classroom.

### 2. Adaptable and Versatile:

Members of our community thrive in diverse environments and are willing to step out of their comfort zone to explore new opportunities.

### 3. Networking and Collaboration:

UHSSE’s students are passionate about engaging the community to build valuable networks and collaborate with a wide range of individuals and organizations to achieve community goals.

“At UHSSE, we are a “kettle” (community) of Hawks!

H – High expectations

A – Appreciation of diversity

W – Well-being

K – Knowledge and its applications

S – Safe environment”

— Sean Tomany, Principal

# Early College Advanced Manufacturing Pathway (ECAMP™) at Goodwin University

3 Pent Road, East Hartford, CT 06118

The Early College Advanced Manufacturing Pathway (ECAMP™) at Goodwin University is a full-year, half-day magnet school program for 12th-grade students from participating high schools. Our program is dedicated to providing students with cutting-edge knowledge and hands-on experience in the field of advanced manufacturing. With a focus on innovation, technology, and sustainability, our program equips graduates with the skills and expertise needed to thrive in today's competitive manufacturing landscape. Students spend half of their school day on the Goodwin University Campus engaging in college-level manufacturing courses and learning from experienced teachers and industry partners located across the Greater Hartford region.

ECAMP™ students gain in-demand skills that can lead to high-paying, rewarding careers in the field of Advanced Manufacturing, including the industries of aerospace, electric vehicles, construction, robotics, medical devices, and many more.

## WHAT SETS OUR SCHOOL APART

ECAMP™ offers:

- > A college credit program that allows students to earn 21 college credits at Goodwin University;
- > Advanced manufacturing certification;
- > CT Dept. of Labor approved and paid pre-apprenticeship that provides transportation, and instructional materials. All this at no cost to the student or family

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. Positive attitude
2. Reliable and dependable
3. Hard-working and cooperative — team players willing to help others

“Get the skills to pay the bills and more.”

— David Daye, Director of Operations for Goodwin University Magnet School System

# Early College Advanced Manufacturing Pathway (ECAMP™) at Goodwin University continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

ECAMP™'s hands-on curriculum gives students the knowledge and skills needed to get them jump started into a high-paying entry level position within the advanced manufacturing industry. Additionally, our program assists students to become better future engineers as they gain hands-on project management experience.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Our program provides access to a 40-foot, mobile manufacturing lab called “Manufacturing in Motion”. The mobile lab is used to train industry employees in a number of Goodwin workshops. The mobile lab is also used to introduce middle and high school students to the exciting field of advanced manufacturing, ECAMP™, and Goodwin University programs.
- > Most of our students receive either part-time or full-time job offers from our corporate manufacturing partners.
- > ECAMP™ students recently received two scholarships from Machinery Finance Resources in Windsor, CT.
- > All students participate in free OSHA-10 (Occupational Safety and Health Administration) training and receive certification. This credential ensures that students will have industry-specific knowledge and skills that help prevent injuries and keep workplaces safe and productive.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice. Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff

## ECAMP™ FUN FACTS

Opened in February 2020, our 15,000-square-foot Innovation Center expands upon Goodwin University's 60,000-square-foot advanced manufacturing facilities to offer additional capacity and flexible learning opportunities for ECAMP™ students.

The 21-credit certification from ECAMP™ is stackable to a number of Goodwin University certification programs including CNC machining, welding, quality management, supply chain/logistics management, mechatronics, and manufacturing management.

## SCHOOL MOTTO

“CRUSH YOUR CAREER GOALS” at Goodwin University Magnet Schools' ECAMP Program!

## REQUIREMENTS FOR PARTICIPATION

- > Students must live in the Greater Hartford region and be enrolled in their town's public high school.
- > Students must have completed their school graduation requirements for grade 11, which may range from 18 to 21 high school credits, depending upon their school district.
- > Families should check with their child's school counselor to confirm eligibility.

Your future, your choice. | [ChooseYourSchool.org](http://ChooseYourSchool.org)

# Greater Hartford Academy of the Arts – Half-Day

15 Vernon Street, Hartford, CT 06106

The Greater Hartford Academy of the Arts Half-day program (Arts Half-day) is a pre-college, pre-professional arts training program. In the morning, students from over 40 school districts attend their home district high school for core academic classes. In the afternoon, they join our program, which provides rigorous training in dance, music, musical theater, theater design and production, and visual arts. With a selection of over 200 arts courses, the scope and depth of the Arts Half-day program are comprehensive, encouraging students to step out of their comfort zones, appreciate and celebrate diversity, and embrace the learning opportunities that come from setbacks. The daily classwork is experiential and emphasizes the artistic process. This approach is designed to foster students' artistic growth and prepare them for entrance to a collegiate arts program and/or a career in the arts.

## WHAT SETS OUR SCHOOL APART

Arts Half-day attracts students from 40 diverse school districts in Greater Hartford, who demonstrate their commitment to and passion for the arts by attending two high schools. In addition to core academics in their home district, students engage in 13 hours of art instruction per week, Monday through Thursday,

from 1:00–4:15 PM. Our comprehensive program of studies includes over 200 specialized arts courses taught by professional artists.

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. Our students are **highly motivated** and have a profound interest in the arts.
2. Our students have a **strong work ethic**, which they demonstrate by committing to 13 hours of training per week in a rigorous pre-college, pre-professional arts program.
3. Our students are **fearless in their artistic endeavors**; they embrace failures as opportunities for growth and celebrate the richness of diversity.

“As parents of a freshman, we’re grateful for the wonderful experience our daughter has had in the Arts Half-day Program. The excitement she has to attend classes is endless due to the amazing teaching staff, the rich in-class experience, and the many opportunities the program offers.”

– Arts Half-day parent

# Greater Hartford Academy of the Arts – Half-Day continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

We teach students skills that they can use no matter what career path they choose. These skills include creative and critical thinking; commitment to an art form; discipline; effective collaboration; working in an ensemble; risk-taking; and a commitment to advancing social justice through the arts.

## FEATURES AND ACHIEVEMENTS

- > 2023 Arts Schools Network’s (ASN) Outstanding Art School Award.
- > 2021 National Dance Education Organization’s Outstanding Leadership Award.
- > 2020 ASN’s Teacher of the Year Award.
- > Silver Key, Digital Photography, Scholastic Art Awards.
- > 3 Semi-Finalists, National August Wilson Monologue Competition.
- > 2021-22, Arts Half-day students performed Caridad Svich’s *Upon the Fragile Shore* at the Edinburgh Fringe Festival.
- > 10 dance students received 127 acceptances to 35 colleges at the 2023 National Dance Festival.

## REQUIREMENTS FOR PARTICIPATION

- > Students must be enrolled in their resident town’s high school to be eligible for participation.
- > Hartford residents interested in applying to Arts Half-day must enroll at Bulkeley High School for their academic classes to participate in the half-day program.
- > Non-Hartford residents interested in applying to the Arts Half-day program should work with counselors at their high schools to schedule their academic classes in the morning before coming to the Arts Half-day for their arts courses in the afternoon. Please note, not all districts are able to accommodate the half-day schedule.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice.

Applicants receive priority in the order listed below.

- > Direct Pathway: Ana Grace Academy of the Arts School; Greater Hartford Academy of the Arts Full-Day
- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff Member

## SCHOOL MOTTO

*Make Art. Change The World!*

## ARTS HALF-DAY FUN FACT

The CREC Greater Hartford Academy of the Arts Half-day Program is the first and oldest magnet school program in Hartford. We opened our doors in 1985 to fifty high school students from Hartford and six surrounding towns, and we’ve become one of the premier public arts programs in the region.

Your future, your choice. | ChooseYourSchool.org

A vibrant, futuristic cityscape at night, viewed from a high vantage point. The city is filled with glowing blue and orange lights, with various architectural structures and elevated walkways. In the foreground, a young boy with short blonde hair, wearing an orange and black plaid shirt and a grey backpack, stands with his back to the camera, looking out over the city. The sky is a deep blue, filled with numerous moons and planets of various colors and sizes, including a large, prominent blue planet with a reddish-orange spot in the center. The overall atmosphere is one of wonder and exploration.

# The Hartford Region Open Choice Program

# The Hartford Region Open Choice Program

The Hartford Region Open Choice Program (Open Choice or Open Choice Program) has afforded families access to a free public school program that allows Hartford resident students to attend public schools in nearby suburban school districts (Open Choice for Hartford residents) and non-Hartford resident students to attend certain public schools in Hartford with special programming (Open Choice for non-Hartford residents).

# Open Choice Districts for Hartford Residents

## PK4 through 10th grade options available

The Open Choice Program is an incredible opportunity for students to experience strong academic programming and enriching extracurricular options in a school district outside of their town. This free program allows Hartford-resident students to attend high-performing public schools in nearby suburban school districts through graduation from high school.

### Applying to an Open Choice District

**Hartford resident students** entering PK (age 4) through Grade 10 may apply to attend school districts outside of Hartford based on their residential zone **and may select up to 5 districts on their application, ranked in order of preference.** Once a student is enrolled in an Open Choice school, there is no need to reapply each year. Your child is enrolled through high school graduation but must remain a Hartford resident. Keep these strategies in mind when applying:

- > Apply to Open Choice only to receive an Open Choice Only priority if you are most interested in an Open Choice placement.
- > Keep in mind most seats are available at the lower grades, especially PK4, kindergarten, and 1st grade. Consider adding other program options (magnet schools and CTECS for applying 9th graders) to your application if you are applying to an upper grade level.
- > Apply only to districts you would like your child to attend.

There are **26 districts** that participate in the Hartford Region Open Choice Program. A family's Hartford residence determines the school districts that will be available to them on their application.

- > **Residential Zone 1:** Available School Districts: Avon, Canton, East Granby, Granby, Simsbury, Suffield, West Hartford
- > **Residential Zone 2:** Available School Districts: Bolton, Coventry, East Windsor, Ellington, Enfield, Somers, South Windsor, Tolland, Windsor Locks
- > **Residential Zone 3:** Available School Districts: Berlin, Farmington, Newington, Plainville, Southington
- > **Residential Zone 4:** Available School Districts: Cromwell, Glastonbury, Portland, Rocky Hill, Wethersfield

Residential Zone	Open Choice Districts for Hartford Residents	Page
Zone 1	Avon, Canton, East Granby, Granby, Simsbury, Suffield, West Hartford	110
Zone 2	Bolton, Coventry, East Windsor, Ellington, Enfield, Somers, South Windsor, Tolland, Windsor Locks	125

Zone 4	Cromwell, Glastonbury, Portland, Rocky Hill, Wethersfield	155

# Open Choice Districts for Hartford Residents

continued

## Zone 1

Hartford residents living in Zone 1 are eligible to apply to these districts:

Avon, Canton, East Granby, Granby, Simsbury, Suffield, and West Hartford

# Avon School District

34 Simsbury Road, Avon, CT 06001

Avon is a town in the Farmington Valley region of Hartford that values education and makes students and their families a priority. The town proudly offers families a welcoming, safe and academically enriching educational experience that extends inside and outside the classroom through its public school system. The mission of Avon Public Schools is to inspire in each student a joy and passion for learning and a commitment to excellence, personal integrity, and social responsibility. Through a strong focus on culture, student achievement, and communications, and by collaborating with educators, students, families, and the community, Avon is recognized for its academic excellence and rich co-curricular programs.

## WHAT SETS OUR SCHOOL DISTRICT APART

Nearly 80% of students in high school participate in athletics, and more than half of the student population participates in choral, instrumental and art competitions. Avon high school students also participate in a broad range of service-focused clubs and activities.

## THREE AMAZING QUALITIES OF OUR STUDENTS

Avon Public School students are consistently challenged and empowered to be:

**1. Effective communicators and collaborators** to prepare students for success in the real world, where teamwork, information sharing, and the ability to convey ideas clearly are essential.

**2. Creative and critical thinkers:** Our students learn to creatively solve challenging problems and advance their own academic and personal goals.

**3. Our students are self directed, self-regulated, and resilient** as they live, learn, earn, and navigate their own pathway to success.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Avon is recognized as one of the most outstanding communities for education in the State of Connecticut. A rigorous curriculum, outstanding teachers, and a community invested in high-quality education provide our students with the foundation needed to be successful in their future endeavors.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Offers full day prekindergarten for 4 year olds
- > Avon High School is ranked #16 in Connecticut and #7 in the Hartford Metro Area by *U.S. News and World Report* for 2023.
- > Avon High School had 13 students commended in the 2023 National Merit Scholarship Program, as well as 2 semi-finalists.
- > Graduation Rate is 98%
- > 90% of Avon graduates enroll in an accredited College after graduation
- > Avon High School offers a range of up to 46 Advanced Placement (AP) Courses /ECE/Tunxis Courses

## SPORTS, CLUBS & ACTIVITIES

The Avon School District offers incredible opportunities for students to get involved in the school community by offering 31 Varsity- CIAC Interscholastic sports and 45 extracurricular clubs and activities.

Go to [www.avon.k12.ct.us](http://www.avon.k12.ct.us) for a full listing and additional information.

### WHAT SETS OUR SCHOOL DISTRICT APART

As a small, suburban district, Canton Public Schools are able to provide students and families a personalized experience. Staff are incredibly dedicated to each and every student and work tirelessly to support students in maximizing their potential. Canton Public Schools unites with families and the community to

provide challenging educational experiences that promote the intellectual, physical, social and emotional potential of its students. Students have the opportunity to extend their learning by participating in sports, co-curricular clubs and activities and, if necessary, after-school tutoring. Late bus transportation is provided, which allows students to take advantage of these opportunities.

### THREE AMAZING QUALITIES OF OUR STUDENTS

We partner with our students, educators, staff, families and community to:

1. Work together with open minds, creativity and innovation;
2. Look for ways to treat others with kindness and respect;
3. Do our very best, be honest and hold each other accountable.

“Being a part of a community as close-knit as Canton is not only a blessing educationally but an opportunity to create relationships that last a lifetime.”

– Khalil Thomas, Class of 2023

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

By meeting students where they are, and supporting their social, emotional, physical, and cognitive growth, Canton Public Schools offers challenging curricula paired with intentional experiences that support students in becoming out-of-the-box creative thinkers, effective communicators, generous collaborators, astute critical thinkers, and empathetic compassionate citizens.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Offers full day prekindergarten for 4 year olds
- > Family/school partnerships support belonging and community development
- > Outstanding athletic, club, activity, and music programs to provide students with well-rounded and enriching educational experiences
- > Dedication to continuous improvement of student achievement through personalized approaches to student educational development
- > One to one technology devices provided to all students and Chromebooks provided for students in grades 7-12 to bring from school to home
- > Strong student supports during and after school to support continuous student growth
- > Students acquire and demonstrate age-appropriate digital learning and citizenship skills

## STUDENT SUCCESS STORIES

Shian Earlington- 2019 Grad Year from Canton High School. "Since graduating from CHS, Shian E. has made extraordinary achievements that reflect her pride in being a Hartford youth. She's a thriving serial entrepreneur, who has won countless awards, completed rigorous city-wide research projects, and will continue her excellence."

## SPORTS, CLUBS AND ACTIVITIES

The Canton School District offers a wide variety of CIAC Interscholastic, competitive sports and participates in Unified sports. Canton also provides many opportunities for students to get involved with extracurricular clubs and activities.

### WHAT SETS OUR SCHOOL DISTRICT APART

East Granby is one of the smallest, if not the smallest, K–12 district in Connecticut. Staff and faculty know students extremely well and desirable class sizes allow for individualized attention. We support students through an array of activities and sports and offer a variety of courses at East Granby High School

that allows for students to explore and enhance their talents and interests including Advanced Placement (AP) courses, Early College Experience (ECE) courses, and manufacturing opportunities through Goodwin University. We have a fully supported visual and performing arts program throughout the district and a variety of middle school rotations that provide students with exposure to many different areas including Family and Consumer Science, Music, Art, Technology, Computer Aided Drafting (CAD), PE and health, business, and language/culture.

### WHAT ARE THREE IMPORTANT FEATURES OF EAST GRANBY PUBLIC SCHOOLS THAT THE DISTRICT THINKS STUDENTS SHOULD KNOW?

- > East Granby is a fully inclusive environment that teaches kindness and acceptance. We have ongoing lessons and speakers and presenters whenever needed/possible to support our students' social and emotional development.
- > East Granby has a strong commitment to academic excellence and has an engaging academic environment for students where they can thrive and reach their potential.
- > East Granby's staff provide a supportive and inclusive community where students feel valued, safe, and motivated to learn.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

East Granby prepares students for the future by meeting all students where they are and guiding them along their pathway. We have team time and lab periods at East Granby Middle School that support growth and learning as students gain greater responsibility and independence. The high school offers a variety of coursework and experiences that position students for a positive and productive future. Recently added elective courses in forensics, drones, manufacturing, and computer science have been very popular with students.

## SPECIAL FEATURES AND ACHIEVEMENTS

As a district, we have received award and recognition through the College Board for Advanced Placement scores, *U.S. News and World Report*, and Blue Ribbon Schools of Distinction.

- > Small class sizes
- > 5th Year Associate degree programs in advanced manufacturing and business
- > Offers 12 Advanced Placement classes in high school
- > R.D. Seymour School & EGHS – Schools of Distinction
- > 2019 Best High Schools Silver badge; 2017 3rd best high school in CT *U.S. News & World Report*
- > 2015 Newsweek Top 500 High School
- > EGHS 2017 *U.S. News & World Report*, Gold Rating, ranked #3 in CT, #294 in U.S.A.
- > 2013 Best Bang for the Buck School District #14

### WHAT SETS OUR SCHOOL DISTRICT APART

Granby offers a wide range of programs including college/career pathways programs, AP classes, winning sports teams, and many clubs and activities starting at the elementary level. We have high levels of support for students within each school and strive to ensure all students have equal access to opportunities.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Powerful Thinkers:** Our students ask questions, gather and evaluate information from a variety of sources, make connections, and solve complex problems.
- 2. Effective Collaborators:** Our students listen, value diverse voices and viewpoints, adapt and adjust thinking, and work together for a common goal.
- 3. Compassionate Contributors:** Our students exhibit compassion and empathy and understand that actions have impact on the local community, the country, and our global society.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Granby provides all students with a rigorous and relevant curriculum. Granby has many opportunities for students including our college/career pathways programs and twenty-two (22) Advanced Placement (AP) classes. We partner with Asnuntuck Community College so that our students can earn college credits while attending high school.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Dedicated Equity Team designed to support the Anti-Bias/Anti-Racism Action Plan
- > Summer enrichment opportunities including local summer camps
- > Prioritization of minority teacher recruitment and retention
- > 22 AP course offerings and curricula focused on 21st century skills
- > Family Engagement Specialist dedicated to Open Choice students and families
- > State Championships in sports
- > Family Partnership programs and events
- > In 2023, *U.S. News and World Reports* Ranked GMHS #18 of CT High Schools and #8 in Hartford CT Metro Area High Schools

## SPORTS, CLUBS AND ACTIVITIES

The Granby School District offers students a wide variety of CIAC Interscholastic sports including Unified Sports as well as opportunities to get involved with extracurricular clubs and activities.

**Athletics:** Football, soccer, volleyball, basketball and more!

**Clubs:** Unified sports, DECA, Students of Color Alliance, DEI, Robotics, Select Choir, and more!

# Simsbury School District

933 Hopmeadow Street, Simsbury, CT 06070

Simsbury Public Schools prepares students for a global, interconnected society, with an emphasis on building strong interpersonal relationships and higher-order thinking, communication, and technology skills. Teachers are experts in instruction and content knowledge, emphasizing 21st-century skills across all curricular areas. Positive rapport with students is a priority, as teachers strive to instill excitement and joy into the learning environment. The curriculum emphasizes critical and creative thought; problem solving; effective written and oral communication; artistic expression; an understanding and appreciation of diverse cultures; and physical, social, and emotional wellness.

### WHAT SETS OUR SCHOOL DISTRICT APART

Our academic program promotes equity and respect among our student body. A range of programs highlighting our commitment include rich literature and picture books across the district related to various cultures, races, and traditions; Cultural Enrichment programs; an extended school day program; and the Gertrude Banks Gospel Choir.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Inquisitive Mind:** Our students have a genuine interest in learning and a natural curiosity that drives them to ask questions. They seek to understand the reasons behind things, explore new concepts, and discover how things work.
- 2. Compassionate Heart:** Our students embrace diversity and treat everyone with respect, regardless of differences in background, beliefs, or abilities. They recognize and appreciate the uniqueness of individuals.
- 3. Resilient Nature:** Our students maintain a positive outlook, focusing on solutions rather than dwelling on problems. They view challenges as opportunities for growth and learning.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Simsbury Public Schools offers a sequence of elective courses that create pathways to potential careers: Architecture/Construction, Biomedical Science, Business & Science, Communication, Culinary Arts, Engineering, Humanities, Music and Performing Arts, Transportation/Automotive, and Visual Arts. In addition, the district offers language in Spanish, French, Latin and Chinese, with Seal of Biliteracy offered.

## SPECIAL FEATURES AND ACHIEVEMENTS

Simsbury Public Schools provides students access to rigorous and relevant learning experiences to ensure the growth and achievement of empathetic, ethical, and resilient community members in an inclusive, responsive, and safe environment. The driving force behind our goals is our *Vision of a Graduate* competencies. Our students embody the skills of critical thinkers, communicators, collaborators, self-directed learners, innovators, and global citizens. Following are a few highlights of Simsbury's features and achievements.

- > Full-day preschool program
- > Award-winning programs in arts and STEM subjects
- > Commitment to social-emotional growth in students
- > *U.S. News & World Report* ranks Simsbury High School #11 of Best High Schools in Connecticut
- > *Newsweek* named Simsbury High School one of the top 5,000 STEM high schools in the country
- > 63% of high school students take AP courses
- > 99% Graduate Rate

## SPORTS

The Simsbury School District offers a wide variety of CIAC Interscholastic sports including Unified Sports.

Go to <https://www.simsbury.k12.ct.us/> for a full listing and additional information.

## DISTRICT FUN FACTS

Simsbury is one of four original founding districts for Open Choice. The Cultural Enrichment Committee was formed in Simsbury over 20 years ago with the purpose of educating and exposing our students to various art forms. The Committee selects 2-3 performances per year to inspire students through dance, music, and theater.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice.

Applicants receive priority in the order listed below.

- > Former Resident
- > Enrolled Sibling
- > Placed Sibling

**Middle School:** Henry James Memorial School (7-8)

**High School:** Simsbury High School (9-12)

## TRANSPORTATION

Hartford residents in grades PK4 through 12 attending school in Simsbury School District, will be transported to and from the school district at no cost.

Your future, your choice. | [ChooseYourSchool.org](https://www.ChooseYourSchool.org)

# Suffield School District

350 Mountain Road, Suffield, CT 06078

**Suffield Public Schools believes that one of its most important responsibilities is to work with parents and the community to prepare students to be confident, thoughtful, contributing citizens both now and throughout their lives. Suffield Public Schools assist students in developing these qualities by creating an atmosphere that fosters a sense of belonging and acceptance. Students are challenged and supported academically in an environment that fosters social-emotional wellness, and the district continuously improves so that students have the best opportunity for future success.**

## WHAT SETS OUR SCHOOL DISTRICT APART

Suffield Public Schools has ranked among the very best in the region, state, and country. The Suffield Public Schools received the coveted NAMM Foundation designation as one of America's Best Communities for Music Education. The Regional Agriscience Program is one of the oldest and most successful Agriscience programs in

the State of Connecticut with its staff and students receiving special distinctions and honors on an annual basis. The Suffield High School graduation rate ranks among the highest across Connecticut school districts, and our strong performance on standardized assessments is an indicator of the quality of teaching and learning that happens within all four of our schools.

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

- 1. Leadership and Civic Engagement:** Our district provides many opportunities for students to be engaged and take on leadership roles within their school community through clubs, activities, and athletic offerings.
- 2. Innovation:** Our schools look to engage students in innovative and dynamic ways, providing unique opportunities for hands-on, experiential learning.
- 3. Supportive and Inclusive:** Our district community actively works to build a positive and inclusive school climates, where students feel valued and are encouraged to express themselves.

“As Suffield Public Schools School Family Liaison, I have the privilege of working directly with our students and families through Open Choice. I am always available to support and advocate in any way. My goal is for our students and their families to have the best possible school experience!”

– Alaina DeCesare

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

By meeting *each and every* student where they are, the Mission of the Suffield Public Schools is to prepare all students with the knowledge, skills, and attributes required for success in a rapidly changing world. In furtherance of its mission, the Suffield Public Schools Portrait of a Graduate is realized through a well-developed continuum of experiences PreK–12 that serves to cultivate the habits of mind and aspects of character so that our students are prepared for college and career.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > National Association for the Education of Young Children (NAEYC) Accredited
- > Suffield provides 1:1 student and staff technology and boasts technologically enhanced school classrooms and facilities
- > Science, Technology, Engineering, and Mathematics (STEM ) lab-based programs (PreK–12)
- > College, Career, and Civic Life (C3) Framework
- > STEM and Career and Technical Pathways Programming including - Experiential Learning Experiences in Science,
- > Culinary Education, Industrial & Manufacturing Education
- > State-sponsored Regional Agriscience Program
- > State and Nationally recognized Agriscience 3 Circle Program
- > Lab/Classroom Instruction
  - Animal Science Pathway
  - Horticulture Pathway
  - Mechanical Pathway
  - Natural Resources Pathway
  - Aquaculture and Marine Science Pathway
- > Future Farmers of America (FFA)
- > Supervised Agricultural Experience (SEA)

## SPORTS

The Suffield Department of Athletics strives for excellence by providing student athletes with a broad, comprehensive program that will allow them to develop an appreciation for integrity, discipline, teamwork and sportsmanship in the competitive venue of their choosing as they develop the skills necessary to reach a meaningful standard of athletic performance and community citizenship.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice. Applicants receive priority in the order listed below.

### WHAT SETS OUR SCHOOL APART

WHPS is situated within a dynamic and diverse community and is highly ranked and recognized for our “exceptional public schools”. Teachers, administrators, and support staff are driven by our Mission, District Goals Vision of the Graduate, and Equity Commitment to ensure that our students experience high expectations, dynamic teaching, and a rigorous and relevant curriculum.

### THREE IMPORTANT FEATURES OF OUR SCHOOLS

1. Schools where you can feel a sense of belonging and make connections with peers like yourself and those of diverse cultural backgrounds.
2. Enterprising programs that offer a variety of student-centered courses, clubs and activities.
3. Educators, parents/caregivers, and community organizations who share aspirations for you and partner to help you to find and cultivate your favorite version of yourself, while preparing you for a college and career of your choice.

### HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

West Hartford Public Schools holds aspirations for each student to attain specific attitudes, dispositions and skills by graduation, and provides pathways and supports. The Vision of the Graduate articulates those skills and dispositions as: Problem Solving & Creativity Inquiry and Critical Thinking; Effective Communication; Collaboration; Determination and Self-Efficacy; Honor & Integrity; Respect for Self & Others; Curiosity and Love of Learning.

“WHPS is a diverse district providing high-quality education in a myriad of ways. We believe in operating through a lens of equity recognizing diversity immensely enriches our school system.”

– Lorna Thomas-Farquharson,  
Chairperson, WHPS Board  
of Education

## SPECIAL FEATURES AND ACHIEVEMENTS

Our high schools are ranked among the top two percent nationally. The Music Department is one of the nation's Best Communities for Music Education. The Theatre Department competed in the largest international arts festival. Instrumental music lessons begin in grade four and prepare for jazz bands, orchestra and choral groups. Outstanding faculty includes: the Connecticut Recipient of the Presidential Award for Excellence in Mathematics and Science Teaching; CT Teacher, Assistant Principal and Principal of the Year and SERC Equity Champion.

- > Educational Equity Board Policy and Vision for Equity
- > 2021 State Education Resource Center Equity Champion
- > 2020 and 2021 Middle School Principal of the Year, High School Assistant Principal of the Year
- > High Schools Ranked top 2% nationally *U.S. News and World Report*
- > 1:1 Devices and technology loaner program
- > Dedicated WHPS/Open Choice Family Engagement Liaison
- > Family Resource Centers
- > One Community for Equity, an educator, parent/caregiver and community partners network

## SPORTS, CLUBS AND ACTIVITIES

- > Varsity, JV & Intramural sports

### WHAT SETS OUR SCHOOL DISTRICT APART

With small class sizes, our students receive individualized attention as they work to set short and long-term academic goals. Students and faculty work closely to ensure all students have the opportunity to create a personalized definition of success, using the guiding principles of Bolton’s Portrait of a Graduate. Students are encouraged to think beyond the

classroom walls, while they strengthen their capacity for empathy, perseverance, and resilience in an ever-changing world.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Collaborators:** Our students work well with others while being willing to understand and offer alternate points of view.
- 2. Self-Directed:** Our students embrace independence with integrity, displaying a strong sense of personal accountability in their educational journey.
- 3. Creative Problem Solvers:** Our students are able to identify, define and solve complex problems while addressing challenges with creative thinking and innovation.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Bolton strives to create well-rounded global citizens who are involved in the school and community. Our students are driven towards success, and place value on building relationships and strong connections with peers and faculty. These connections help them work together to meet the rigorous demands of academics and prepare for a future filled with endless opportunities and personal growth.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Chromebooks provided to students in grades 4-12 and classroom sets in grades K-3

## WHAT SETS OUR SCHOOL DISTRICT APART

- > Stability of leadership with a superintendent that has been in the district for 20 years, resulting in consistent and progressive goals.
- > Strong alignment between and within all schools.
- > National and state level awards for academic achievement and school culture.
- > A Board of Education with a strong commitment to ensuring that every student leaves our district college and career ready with the 21st-century skills necessary to meet success through goals directed at improving student performance and achievement, promoting a positive and respectful learning community, and recruiting a high-quality and diverse staff.

## THREE AMAZING QUALITIES OF OUR STUDENTS

### 1. Critical Thinkers and Authentic Innovators:

Our students approach problems and develop solutions with an inquisitive, thoughtful, and resilient mindset.

### 2. Engaged Collaborators and Effective Communicators:

Our students give and receive feedback, practice active listening, and welcome diverse perspectives.

### 3. Supportive and Inclusive:

Our students embrace differences, seek cultural understanding, show empathy, and invest in their community.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The district established *Portrait of a Graduate* competencies that support the development of students to make them college and career ready. This ensures that our students are empowered learners who have the knowledge, skills, and habits of mind to thrive in our complex society. This vision includes critical thinker, engaged collaborator, effective communicator, empowered citizen, authentic innovator. Student-led conferences and passage presentations have been in place for six years. They are a testament to our students' ability to set goals, monitor progress, and present growth.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Portrait of a Graduate promotes competencies of Critical Thinker, Engaged Collaborator, Empowered Citizen, Authentic Innovator, & Effective Communicator
- > Highly Successful Tiered Intervention and Gifted and Talented Programming

70 South Main St., East Windsor, CT 06088

The East Windsor Public Schools (EWPS) “Portrait of the Graduate” program helps EVERY child find their own path to success. From the first day of kindergarten, and every step along the way to graduation day, we provide each student with the skills and tools they need to succeed. We strive to help our students become informed life-long learners, self-aware Individuals, and responsible citizens. By the time our students graduate from high school, they have become curious, motivated, problem-solvers. They are known as open-minded, critical thinkers and good decision makers. Most of all, they are resilient, reflective, civic contributors and clear communicators ready to pursue success.

### WHAT SETS OUR SCHOOL DISTRICT APART

East Windsor Public Schools offer the best of two worlds: We are a small, close knit community that incorporates many of the same initiatives as private schools and the same commitment to helping every child succeed in their path toward graduation as some of the best public schools in our state.

### WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

- 1. Broad Brook** is a welcoming, collaborative community of teachers, families, and students.
- 2. East Windsor Middle School** boasts a vibrant talented and gifted program; students explore and find their genius in the areas of music, art, drama, athletics, and academics.
- 3. East Windsor High School's** rigorous course offerings and expanded extracurricular activities provide every student with opportunities to pursue their passions academically, athletically, or artistically.

“I love coming to school every day! There are lots of fun events and then there’s all the fun things I get to learn about.”

– Madison D, kindergarten student

“I was a student here. Now I teach here. I love this school because it is such a close community, we have great students, and the parental engagement is amazing.”

– Allison Duguay, Elementary Special Education teacher

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

EWPS' innovative educational program prepares students for success by developing in the early grades the social-emotional skills they need to succeed. In middle school, our focus is on helping students develop the study skills and healthy habits needed for success in high school and beyond. By the time they reach graduation day, our students are open minded critical thinkers. They have become young adults who are healthy decision makers, civic contributors, clear communicators, and ready to chase their career goals.

## SPECIAL FEATURES AND ACHIEVEMENTS

We provide students with the skills they need to find their own success. It's part of our approach, called "Portrait of the Graduate". By the time high school graduation arrives, our students have become curious, motivated problem-solvers. They are open-minded critical thinkers and healthy decision makers. They are resilient, reflective, and socially-emotionally aware. Most important, they are civic contributors, clear communicators, and aware of the world around them.

- > Paraprofessional support in all PK and Kindergarten classrooms
- > Spring 2022 state assessment scores are trending upward in all 3 schools, showing some of the highest growth among Alliance Districts in the state
- > New phonetics and phonemics programs and addition of STEM (Science, Technology, Engineering, and Mathematics) at elementary school
- > Talented and Gifted programming at East Windsor Middle School serving 6% of students in 2022-23.
- > 12 after-school enrichment program offerings for middle school students
- > 12 AP offerings at the high school providing opportunities to earn college credit during high school
- > Career and technical education options are increasing (CNA and Dymotek externship)
- > Participation in community engagement initiatives at all age levels
- > Optimal class sizes - average 11:1 student to teacher ratio

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice. Applicants receive priority in the order listed below.

- > Former Resident
- > Enrolled Sibling
- > Placed Sibling
- > Open Choice Only
- > Pathway School: Wintonbury Early Childhood Magnet School (PK4 Hartford Residents)

## STUDENT SUCCESS STORIES

The Class of 2023 is stepping onto campuses this fall including Manchester Community College, Lincoln Tech, Middlebury College, RPI, and UConn. Some became certified nursing assistants and some completed work-based internships at Dymotek while enrolled at East Windsor High School. It is all proof our graduates are ahead of the competition when it comes to their careers. That's why here in East Windsor, we tell people "our graduates go places!"

## DISTRICT FUN FACTS

We offer enhanced high school course offerings, including AP, arts and business classes. Our middle school's talented and gifted program is expanding. The elementary school is implementing an amazing literacy program that helps students soar.

## DISTRICT SCHOOLS

- > Broad Brook Elementary School: (PK-4)
- > East Windsor Middle School: (5-8)
- > East Windsor High School: (9-12)

## TRANSPORTATION

Hartford residents in grades PK4 through 12, attending school in East Windsor School District, will be transported to and from the school district at no cost.

Your future, your choice. | [ChooseYourSchool.org](https://ChooseYourSchool.org)

# Ellington School District

47 Main Street, Ellington, CT 06029

**Ellington Public Schools is a high-performing school district that values transparency and diversity. The district has 2,592 students across three elementary schools, one middle, one high school, and alternative programs. Ellington Public Schools grows exceptional learners and leaders who are courageous, reflective, and contributing citizens of the world. A culture of learning exists that challenges and inspires all students on their personalized educational journeys. The four primary areas of focus are mastery-based learning, equitable opportunities, innovative practices, and personalized learning. Ellington Public Schools is a district on the rise and welcomes all who want to contribute to the collective while honoring their individual journey.**

## WHAT SETS OUR SCHOOL DISTRICT APART

The Ellington Public Schools (EPS) is rooted in the Seeds of Civility. EPS is dedicated to promoting civil discourse and encourages all students to be courageous, reflective, and contributing citizens of the world – a common sense approach to education. We recently launched Ellington Unplugged which is a series of concepts for everyone to consider that may enrich one's life.

## THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Civic Engagement:** Our district provides personalized supports for students to become active members within their communities and the global society.
- 2. Courageous Learners:** Our students are encouraged to explore their own educational journey, challenge themselves, and foster a love for learning.
- 3. Collaboration:** Our district believes in engaging families, students, and our staff to develop positive and welcoming climates within our community.

“ At EHS, students are not only academically driven but they are extremely involved within the school community. Whether interested in theater, sports, or simply just engaging with peers, there is something for everyone! ”

– Noelle Krawczynski '24,  
Board of Education Student Representative

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

We empower students and staff with the skills to discover and pursue their own passions and we ensure that our learning environments are flexible spaces that encourage interaction, co-creation and independence.

## SPECIAL FEATURES AND ACHIEVEMENTS

Ellington is home to an exemplary school system. Ellington Public Schools serve as a benchmark for high education outcomes in Connecticut. According to the 2021–2022 release of state assessment results by the CT State Department of Education, Ellington was the only school district in Connecticut (of approximately 169 districts) to increase overall growth in grades 3–8 and SATs in both English Language Arts and Mathematics.

- > Mastery-Based Learning
- > Equitable Opportunities
- > Innovative Practices
- > Personalized Learning
- > Social Emotional Learning
- > High-Quality Teaching
- > 2023 Best Communities for Music Education
- > 1:1 Technology in Grades 1–12
- > Post Secondary Education planning for students in grades 7–12
- > 99.0 % Graduation Rate

## STUDENT SUCCESS STORIES

Ellington High School student, Mackenzie Helbig, recently made history by being the first student to receive a full academic scholarship to Johnson and Wales University for culinary studies - this is a significant achievement and a true testament to the hard work and dedication that embodies what it means to be a Knight.

## SPORTS, CLUBS AND ACTIVITIES

Ellington Public Schools offers students over 40 Clubs and Athletic Teams, Unified Sports Program, and Summer Programming.

Go to [www.ellingtonschools.org](http://www.ellingtonschools.org) for more information.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. ### WHAT SETS OUR SCHOOL DISTRICT APART

Enfield is a STEAM-themed (Science, Technology, Engineering, the Arts, and Mathematics) district that runs through our schools PK–12. Our Stowe Early Learning Center houses three Board of Education run preschool programs (the PK STEAM Academy, Enfield Head Start, and our Integrated Preschool program), as well as

the Enfield Child Development Center, a Family Resource Center, and the offices for KITE (Key Initiatives to Early Education). EPS offers students outstanding opportunities to grow and develop as thoughtful learners through its instructional programs and rich co-curricular opportunities. Enfield embraces a multi-disciplinary learning approach that focuses on developing students' skills and knowledge in science, technology, engineering, arts, and mathematics.

### WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW ABOUT YOUR DISTRICT?

1. We have opportunities to explore and engage in science, technology, engineering, the arts, and math.
2. We view families as partners.
3. All students are welcomed, accepted, respected, and supported, so they can thrive and excel.

“So far, it’s been an amazing experience. It feels like a partnership with teachers and staff.”

– Alisha Henderson, PK STEAM Academy Parent and U.S. Air Force Veteran

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Enfield Public Schools partners with the LEGO Group to offer LEGO Education products that support student learning in the classroom, and with Asnuntuck Community College to prepare students for advanced study and career readiness. The district offers a wide variety of college dual-enrollment programs, including Advanced Placement courses, UConn's Early College Experience, and Asnuntuck College's College and Career Pathways courses.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > NAYEC Accredited Programs: EPS - PK STEAM Academy and Head Start programs are both accredited by NAEYC and our NEASC Accreditation for Enfield's High School and middle school
- > STEAM-themed district in grades PK-12
- > Preschool Programming and Full-day PK program for children four years of age
- > Partnerships with Asnuntuck offer academic and vocational experiences for high school students
- > Family Resources centers located within the Stowe Early Learning Center and Henry Barnard Elementary School
- > The Building Tomorrow Project allows for the instructional use of LEGO products in all preschool through Grade 5 classrooms
- > Wide variety of AP offerings (20) at Enfield High School
- > College Connections Program with Asnuntuck Community College
- > Seal of Biliteracy offered
- > Peer-led writing center at Enfield High School
- > 92.1% four-year graduation rate

## SPORTS, CLUBS AND ACTIVITIES

- > Middle school sports
- > Middle school music programs: orchestra, chorus, and concert band
- > High school sports: Varsity, JV, and freshman sports
- > High school music programs: orchestra, chorus, concert, jazz, and marching band
- > Clubs and after school programs (Student council, Robotics, Diversity Club, Rachel's Challenge Club, DECA, and Debate Club)
- > Unified Sports
- > Invention Convention

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice. Applicants receive priority in the order listed below.

- > Former Resident
- > Enrolled Sibling
- > Placed Sibling
- > Open Choice Only
- > Pathway School: Wintonbury Early Childhood Magnet School (PK4 Hartford Residents)

## DISTRICT FUN FACTS

Enfield is a one-to-one iPad district for students PK through Grade 12.

## DISTRICT SCHOOLS

- > Edgar H. Parkman School: (3-5)
- > Eli Whitney School: (3-5)
- > Enfield High School: (9-12)
- > Enfield Street School: (K-2)
- > EPS PK STEAM Academy: (PK3-PK4)
- > Hazardville Memorial School: (K-2)

### WHAT SETS OUR SCHOOL DISTRICT APART

On campus, we live our shared core values. The Somers Public School District works to foster a learning community characterized by academic excellence, intellectual curiosity, creative expression, responsible citizenship, personal growth, and respect for all. We appreciate the unique qualities of others, seek to understand different perspectives,

and display consideration for all. We understand and accept the impact and consequences of personal actions and decisions. We take ownership of our learning. We meet high ethical and academic standards; we practice honesty and sincerity in relationships and actions. We do the right thing in and out of the classroom. Lastly, we demonstrate compassion, concern, and empathy by actively helping others.

### THREE AMAZING QUALITIES OF OUR STUDENTS

#### 1. Critical Thinkers/Problem Solvers:

Our students analyze, evaluate, and synthesize information from multiple sources, define problems and implement appropriate processes, propose and defend solutions, and generate conclusions.

#### 2. Creative Innovators:

Our students find unique solutions to challenges, recognize their own learning strengths, ask questions, and embrace the growth mindset.

#### 3. Collaborators/Communicators:

Our students lead, cooperate, and contribute to groups, value and accept diverse perspectives, effectively utilize multimedia tools, and engage in interpersonal dialogue.

“ Having graduated from Somers Public Schools and then working here as a teacher has always been a goal of mine. I felt welcomed and safe as a student and those feelings continued when I began working here many years later. I feel grateful every day to work alongside many of the teachers that helped shape who I am today. ”

– Amanda Morrisino, MBA Teacher and Former Student

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Somers Public Schools develops and implements instructional, digital, and assessment systems that support high student achievement, preparation for post-secondary school life, and the Somers Student Success Skills. Success skills include communication, collaboration, critical thinking/problem solving, and creativity/innovation. Somers Public Schools prepares students for the future by providing opportunities for students to generate their own questions to solve problems, as well as take ownership, and have voice and choice in their learning. Students are also provided opportunities to self-reflect and utilize a growth mindset to continually advance in their knowledge as globalized and resilient citizens. Lastly, students are challenged to extend their learning beyond the classroom and make connections across content areas.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > All school buildings as well as the Somers Public Library are located on one campus
- > One-to-one student device program where all students in grades 1–12 receive iPads or Chromebooks
- > Somers High School Technology Innovation Design and Engineering (TIDE) Program. Small class sizes
- > At Mabelle B Avery Middle School: Strong advisory program for Social, Emotional Learning (SEL). Strong home-school partnership and a team approach to academics
- > At Somers Elementary School: Small class sizes, strong home-school communication, comprehensive school wide culture and climate initiatives
- > 92.4% four-year graduation rate
- > Award winning yearbook program

## STUDENT SUCCESS STORIES

- > Four Town Fair - Middle School Band Award 2023
- > Stacey Lyver- MBA Science Teacher- Enfield Hall of Fame
- > Diane Grimaldi- MBA ELA Teacher- Former Professional Basketball Player
- > Somers High School Sport Teams have won 19 State Championships, 22 State Runner-up, and 54 Conference Championships
- > For over a decade, students in Somers have competed in spelling bees at the school level. Somers students have gone to the National Spelling Bee two years in a row!

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice. Applicants receive priority in the order listed below.

# South Windsor School District

1737 Main St., South Windsor, CT 06074

South Windsor Public Schools (SWPS) is proud to be one of the original participants in the Hartford Region Open Choice Program. The district's commitment to the program has remained steadfast and participation has increased steadily since that time. Our mission at South Windsor Public Schools is to provide a nurturing and inclusive environment where each student can thrive academically, socially, and emotionally. We are dedicated to ensuring a seamless transition for Open Choice students and their families by offering comprehensive support throughout their journey with us. We are proud to give our students an opportunity to take STEM classes, as a special, starting in kindergarten. We also provide an immersive language experience, starting in 1st grade.

### WHAT SETS OUR SCHOOL DISTRICT APART

At South Windsor Public Schools, Open Choice students and their families are assigned a family engagement liaison, who will collaboratively work with them to facilitate a positive experience. We believe in building strong relationships with our families.

Our staff will conduct home visits to better understand each child's needs and ensure a supportive home-school connection.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Engaged:** Our students act on their intrinsic curiosity, explore their passions and act with a sense of purpose.
- 2. Empowered:** Our students apply their knowledge and skills as active members of their community.
- 3. Resilient:** Our students demonstrate an "I-can-do-it" attitude that allows them to persevere through challenging circumstances.

“ The South Windsor school system incorporates those with different backgrounds and is inclusive of all students. The teachers have always pushed to find what works best for individual students, making a connection while doing so. ”

– Advait Sajish, Student,  
South Windsor Public Schools

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Students at every level are given a wealth of support and resources to help them become Engaged, Empowered, Socially Conscious, and Resilient, as outlined in our Portrait of a Graduate. SWPS graduates will possess a learner's mindset, exhibit resilience and social consciousness, and be empowered to participate in an ever-changing global society.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Four newly constructed, state-of-the-art elementary schools
- > Commitment to high levels of achievement for all students through rigorous and differentiated curriculum
- > 1:1 devices for K-12 students
- > World Language program grades 1-12; Seal of Biliteracy
- > Elementary STEM program
- > Peer-led writing and math centers
- > 96.8% four-year graduation rate

## DISTRICT FUN FACTS

- > South Windsor Public Schools offer elementary after school STEM programs and late bus transportation.
- > Our middle and high schools also offer a wide selection of extracurricular activities and athletic programs.

# Tolland School District

51 Tolland Green, Tolland, CT 06084

The Tolland Public Schools believes that excellence is achieved through each individual's success! With this focus in mind, curriculum, instruction, assessment, and culturally responsive education are of crucial importance to the district's vision and work to ensure students are supported and challenged as individuals. District educators work hard to provide a strong educational experience with love, and humanity. Students learn in a welcoming environment and demonstrate positive academic outcomes through our schools focus on mastery education and learning. Our schools emphasize important 21st century skills and have invested in programs that highlight great writing such as writers' workshop, and rigorous mathematics through Singapore math. The school system has embraced Positive Behavioral Interventions and Supports and works hard to give students opportunities to focus inward to improve themselves and outward to create positive change in the world. The school system has a strong relationship with the University of Connecticut and offers UConn Early College Experience (ECE) programs to challenge students and introduce them to college-level content and credits.

### WHAT SETS OUR SCHOOL DISTRICT APART

The Tolland Public Schools are always reflecting, and evolving, in a continuous cycle of growth and progress. The Tolland Business and Engineering Pathways offer students unique opportunities through TED-like talks, field trips, and activities that provide students with real-world, hands-on experiences and learning opportunities. Additional pathways are coming soon in the music, arts, and social sciences.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Innovative Problem Solvers:** Our students thrive in situations that require them to think outside the box and find novel solutions.
- 2. Growth Mindset:** Our students have a growth mindset and are open to taking on new challenges, learning from feedback and pushing beyond their comfort zones.
- 3. Effective Communicators:** Our students possess strong listening skills and are attentive to the needs and perspectives of others.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Tolland Public Schools understand that preparing students for the future is an ongoing process that requires collaboration and adaptability to meet the changing demands of society and the workforce. To that end, our schools create a holistic educational experience that addresses academic, social, and emotional development, as well as the practical skills students need to thrive in an ever-evolving world.

## SPECIAL FEATURES AND ACHIEVEMENTS

## WHAT SETS OUR SCHOOL DISTRICT APART

Our district is one that focuses on all students; we have a vision set that all students will graduate and be enrolled, enlisted, or employed. To that end, we start by ensuring that our students have the foundational skills and then transition to preparing students academically, emotionally, and behaviorally for the next level challenge; all of this is so that our students are meeting or exceeding

grade level standards. Opportunities for involvement in passion and interest is at the forefront. Blocks of advisory and academic support are present throughout all parts of the learning process.

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

- 1. Voice:** Our students are confident and advocate for themselves by expressing their thoughts, opinions and needs.
- 2. Choice:** Our students actively engage in the decision-making processes related to their education, such as choosing courses, setting goals, and participating in extracurricular activities.
- 3. School Pride:** Our students take pride in their school's achievements and are motivated to excel academically and personally.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our vision is that students will meet or exceed grade level standards. Our students are continually learning and growing and are prepared to be successful post-graduation. Our district has set comprehensive goals and implemented strategies that focus on equipping students with the skills, knowledge, and attributes necessary to succeed. Windsor Locks Public Schools will:

- > ensure that all students are engaged in their learning and challenged to achieve, grow, and demonstrate mastery
- > use research-based leadership and best workplace practices to ensure achievement, growth and mastery for all
- > support every student through a diverse network of caring adults
- > provide a positive, equitable, safe and healthy climate for adults and students, to learn how to sustain and promote healthy living

## SPECIAL FEATURES AND ACHIEVEMENTS

# Open Choice Districts for Hartford Residents

continued

## Zone 3

Hartford residents living in Zone 3 are eligible to apply to these districts:

Berlin, Farmington, Newington, Plainville, and Southington

# Berlin School District

238 Kensington Road, Berlin, CT 06037

**The Mission of the Berlin Public Schools is to empower our students to be enthusiastic, curious learners, and kind, compassionate leaders in our community and the world. As we work towards that, we focus on our core values. As they learn, our students have a purpose where they understand their goals and why their efforts matter. Our schools inspire a passion for learning and foster meaningful, caring relationships. We act in ways that cultivate pride in ourselves, our school, and our community.**

## WHAT SETS OUR SCHOOL DISTRICT APART

Berlin Public Schools stands out as a district that provides high-quality education to students. This is based on a very distinctive set of beliefs and core values:

- > All students learn when they feel safe, included, respected, and valued by their community.
- > We must believe in, challenge, and support all students to reach their personal goals and our high expectations.
- > Learning is enhanced by a cycle that includes goal setting, practice, feedback, and reflection.
- > Students are empowered and engaged by choice and authentic learning experiences.
- > Our Core Values instill Purpose, Passion, and Pride.

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

1. Berlin Public Schools is focused on empowering students to be enthusiastic, curious, and kind, compassionate leaders. Students are empowered and engaged by the opportunity for choice and authentic learning experiences.
2. We believe all students learn when they feel safe, included, respected, and valued by their community.
3. We challenge and support students to reach personal goals and high expectations. We enhance student learning through goal setting, practice, feedback, and reflection.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

In Berlin, students have opportunities to grow as learners both inside and outside of the classroom. Our focus on the *Vision of the Graduate* ensures that each student can:

- > **Communicate** effectively
- > **Collaborate** to accomplish a shared goal
- > **Learn** continuously
- > **Think** critically
- > **Innovate** to design solutions to problems
- > **Contribute** to local and global communities

The vision of our work-based learning environment is that every student will have the opportunity to identify strengths and interests, explore career options and corresponding pathways, and build a personalized secondary to post-secondary plan.

# Farmington School District

One Monteith Drive, Farmington, CT 06032

**Farmington Public Schools is an exceptional and inclusive learning and social community that empowers students to thrive academically, socially, and personally. The mission of the Farmington Public Schools is to enable all students to achieve academic and personal excellence, exhibit persistent effort and live as resourceful, inquiring and contributing global citizens. Our focus on continuous improvement creates an environment of innovation, risk-taking, student voice and agency as well as excellence at all levels of our learning organization. Each day, our students engage in powerful and meaningful learning experiences, mastering rigorous grade level standards and learning targets while developing the transferable thinking and learning skills necessary to be successful in college, careers and as citizens of our global community. Students are not only prepared for future challenges, but inspired to be the change-makers of tomorrow.**

### WHAT SETS OUR SCHOOL DISTRICT APART

Dedicated educators, innovative programs, and engaged students ensure that every student at Farmington Public Schools has the opportunity to reach their fullest potential. Our focus on academic excellence, social emotional well-being and equity are outlined in our Core Beliefs; Actions, Excellence, Equity, Mindset, Teamwork and Well-Being Matter. These Core Beliefs are visible every day in our classrooms and school community.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Empowered Learners:** Our students exhibit a deep sense of curiosity and proactive approach to learning.
- 2. Disciplined Thinkers:** Our students are ready for any challenge and approach problems with a structured and critical mindset, using problem-solving skills and independent thinking.
- 3. Civic-Minded Contributors:** Our students roll-up their sleeves and do the work to make a positive impact on their community and the broader society.

“ We believe a deep sense of belonging is critical to academic and personal success. We want our students and families to know we are better because they are here. ”

– Carolyn Fink, Principal of West District Elementary School

“ My experience at Farmington Public Schools has been nothing short of transformative. The dedicated teachers, diverse curriculum, sense of community, and excellent resources have provided me with the foundation I need to succeed in both my academic and personal endeavors. I am no doubt that the education I have received here will guide me towards a bright future. ”

– Alan Wang, 2023 Farmington Graduate

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

As outlined in Farmington's Vision of the Global Citizen (VoGC), our students acquire an understanding of the essential knowledge and skills in the core academic disciplines and develop the transferable thinking and learning skills necessary to meet the challenges of local, national and global citizenship in a rapidly changing world as:

- > **Self Aware Individuals:** I know myself and how to care for my own well-being
- > **Empowered Learners:** I am a knowledgeable, reflective, and resourceful learner
- > **Disciplined Thinkers:** I can apply strategic thinking to develop ideas and solve problems
- > **Engaged Collaborators:** I can work effectively and respectfully with diverse groups of people
- > **Civic-Minded Contributors:** I can actively contribute to a civilized society

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Full-day preschool program
- > Farmington High School is a nationally recognized top high school by *U.S. News and World Report*
- > *U.S. News & World Report* ranks Farmington High School #1 in the Hartford area and #5 in Connecticut for 2023
- > More than 75% of high school students take an AP course and most will achieve a passing score on at least one exam
- > 92% of all students will go on to higher education after graduation
- > Farmington High School's (FHS) Social Justice Council was recently honored with the George A. Coleman Excellence in Equity Award by the Connecticut State Educational Resource Center (SERC) and was recognized at the Dismantling Systemic Racism: 2023 Conference on Race, Education, and Success
- > Comprehensive Advanced Placement, College Credit, Dual Enrollment Course Offerings
- > Senior CAPSTONE and ASPIRE Mastery Projects, Internships and Job Shadowing
- > Outside Classrooms and Experiential Learning Opportunities

# Newington School District

200 Garfield Street, Newington, CT 06111

**The Newington Public Schools (NPS) provides a comprehensive, diverse, and challenging array of rich learning experiences to meet the needs of all students. Based on state and national standards, the curriculum provides the framework for a student’s educational journey from kindergarten to grade 12. NPS cultivates a strong, ongoing partnership of school, family, and community to ensure an equitable educational experience for all students. Our educational community supports the social/emotional and academic growth of all students. NPS students will have a strong voice within their school community and graduate with a passion for their post-secondary plan and with the skills outlined in the Portrait of a Graduate.**

## WHAT SETS OUR SCHOOL DISTRICT APART

A one-on-one technology initiative pairs students in kindergarten through grade 12 with a district issued Chromebook that can be taken home. Beginning in grade 5, all students are enrolled in the district’s science, technology, engineering, and math (STEM) exploratory program, where they are exposed to engineering in a dynamic, flexible environment. In grade 7, students interested in the STEM

exploratory program may apply to one of two extended day STEM academies: bio-medical sciences or aero-space and engineering. Our academies include genomics, health services, aerospace, and art design labs, a commons area, and a 120-seat culinary and hospitality center. We are in the process of designing our Future Teacher/Educator Academy! High school students may begin their college career by taking up to two free courses per semester at Central Connecticut State University. Our latest curriculum offerings include Black and Latino Studies, UCONN Early College Experience (ECE) If you love it, teach it and UCONN ECE Contemporary Social Issues in Sports Management.

## THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Effective Communicators:** Our students are active listeners which allows them to communicate effectively in both their academic and social settings.
- 2. Curious and Inquisitive:** Our students are naturally inquisitive and motivated to explore, learn and discover.
- 3. Collaborators:** Our students skilled in teamwork and collaborate with their peers, share ideas and work cohesively on projects that require multidisciplinary expertise.

“ We are dedicated to helping every student achieve and find success. ”

– Chris Klatt, Teacher of the Year-  
John Wallace Middle School

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The culture of excellence throughout the NPS can be attributed to long-standing community support and high expectations for its schools. Our success begins with a student-centered mission and a shared vision for the success of every child. Our actions are guided by research and measured regularly through strategic systems and processes for continuous improvement. We achieve this through our Mission and Portrait of a Graduate.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Highly diverse learning community
- > Multiple in-district academies: Biomedical, Aerospace & Engineering, Culinary & Hospitality, IT & Digital Creation, Finance & Business Management, Medical Sciences, Family & Child Development, Education/ Future Teacher
- > Free college course offerings
- > Strategic systems and processes lead to continuous improvements
- > Diversity, family support, commitment, and involvement strengthen student learning.
- > A culture of excellence!
- > 1:1 Devices - K-12
- > Strong focus on Social Emotional Wellness coupled with academic success
- > 95% Four-Year Graduation Rate

## SPORTS, CLUBS AND ACTIVITIES

Newington School District offers a wide variety of CIAC Interscholastic sports including Unified Sports as well as providing many opportunities for students to get involved in over 70+ extracurricular clubs and activities! Listed below are a few of them.

- > Nationally ranked Band and Music Program
- > Theater, Plays, Musical Productions
- > DECA - Annual State and National Finalists
- > 70+ Extra/Co-curricular Clubs & Activities, including a Diversity Club and Educators' Rising Club

For additional information go to: [www.npsct.org](http://www.npsct.org).

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the district has available seats. To receive priority, you must apply during the **on-time application period** and make the district your first choice. Applicants receive priority in the order listed below.

Your future, your choice. | [ChooseYourSchool.org](http://ChooseYourSchool.org)

# Plainville School District

1 Central Square, Plainville, CT 06062

**Plainville School District features a safe and positive learning environment and is committed to ensuring that all students grow and develop to achieve high levels of learning. Plainville’s schools consistently exceed the state and district reference group averages in all grades. Building strong, supportive relationships, and providing meaningful and engaging learning opportunities serves as the district’s foundation.**

## WHAT SETS OUR SCHOOL DISTRICT APART

Plainville School District is truly a “community” school district. Community members value the school system, and actively support our work. Students, staff and families benefit from the robust learning experiences Plainville is able to provide because of the direct support of our local community and business partnerships. Through our established PK–12 system of college and career preparedness, we believe it’s

never too early to start this preparation, so we have established learning activities along the continuum that are aimed at connecting student experiences with their specific goals, interests, and aspirations. Over the past few years, the Plainville Community Schools has received local, national, and international recognition for its successful and innovative programming. Plainville Community Schools (PCS) continues to INSPIRE, PREPARE and ENGAGE our students to reach their full potential!

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

Plainville Public Schools:

1. Is dedicated to ensuring all students are college AND career ready when they graduate
2. Provides students the opportunity to find their passion and engage in learning activities that match their interests
3. PCS supports students and families so they feel connected, valued and heard

“The programs offered to our students is a highlight of our district. There are many opportunities from elementary and on for both in school and after school.”  
– (parent)

“The teacher and student community is very tightly knit and comfortable. It’s safe here.”

“I believe that the Plainville Community School is a very accepting and welcoming school district.”

“Amazing, caring, dedicated staff.”  
– (Community survey)

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Plainville Community Schools is fully invested in preparing all our students for college and career success after graduation. Along each student's continuum of learning, we provide learning experiences and opportunities that build on student interests, aspirations and goals. In elementary school we begin to expose students to the different career possibilities and connection to their current learning. Plainville has a dedicated Career Center in the Learning Commons where students can begin their career exploration journey. Once in middle school, we allow for exploration that will provide more in-depth learning about career pathways and begin matching their interests and skills to careers. When in high school, students can experience field-work opportunities that connect to their coursework.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Full-Day Prekindergarten Program
- > Focus on STEM and STEAM opportunities to promote relevance and engagement
- > State-of-the-art technology, 1:1 devices
- > National Recognized Elementary and High School
- > Transportation for after school activities
- > Award winning fine arts programming
- > International "Telly Award" Winning District
- > College and Career Pathways connecting student interest to academic and career-based experiences
- > Partnerships with numerous colleges and local businesses
- > Numerous dual credit opportunities with various colleges and universities
- > Full-time Administrator focused on English Language, Equity and Student Supports
- > Opportunities for internships, job shadows and other career-focused opportunities with our many business partners
- > 92.5% Four-Year Graduation Rate

# Southington School District

720 Pleasant Street, Southington, CT 06489

Southington School District is a forward-thinking educational community focused on preparing students for both higher education and career success, while instilling essential life skills. Emphasizing excellence, diversity, and inclusivity, the district's curriculum promotes critical thinking, creativity, and effective communication. Through enrichment programs like Advanced Placement (AP) courses, STEAM initiatives, and community service opportunities, students are empowered to excel academically and develop leadership skills. Robust support services and extracurricular activities ensure that each student receives tailored assistance and opportunities for personal growth. The district leadership embraces and values differences by working together to ensure accessibility and representation for all, providing professional development for staff to raise cultural consciousness, and offering family engagement opportunities that celebrate diversity. Through fostering global citizenship and forging partnerships with local organizations, Southington schools are dedicated to shaping well-rounded, empowered individuals ready to contribute meaningfully to the world.

### WHAT SETS OUR SCHOOL DISTRICT APART

Cromwell Public Schools is a close-knit community that thrives on collaboration and engagement. With a commitment to small group instruction, our district ensures students receive personalized attention and support, enhancing their learning experience. Our schools work

to provide opportunities for families and students to be engaged in the day-to-day school experience, fostering a strong sense of community and partnership. We also offer a wide range of extracurricular activities to allow our students to explore interests and build leadership skills.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Community-Mindedness:** Our students have a deep sense of community and work together to establish a positive, supportive, and inclusive school environment.
- 2. Curious and Continuous Learners:** Our students see their education as a journey of discovery and growth, where they embrace challenges and are eager to explore new subjects.
- 3. Leadership and Initiative:** Our students are provided with opportunities to participate in extracurricular activities, where they can harness their leadership skills and make a positive impact on their school and community.

“What I love most about going to school in this district are the endless opportunities to be involved especially in the community.”

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Cromwell Public Schools ensures a seamless educational progression, challenging students to rise to various challenges throughout their school years. Each school builds upon the foundation set before it, offering fresh opportunities for exploration and personal growth. Our district strives to educate and inspire all students to apply the essential skills needed to become productive and responsible citizens in a rapidly changing world. In pursuing this mission, Cromwell believes that all students are valued and deserve an education that addresses their academic, physical, and social and emotional needs. We believe all members of the community must uphold high expectations, be accountable, and demonstrate a commitment to excellence.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > STEM and STEAM incorporated starting in preschool
- > College credits and career certifications earned throughout high school
- > Award-winning athletic programs including state and conference championships
- > Robust music and theater program beginning at the elementary level
- > Internship programs at the high school

# Glastonbury School District

628 Hebron Avenue, Glastonbury, CT 06033

**Glastonbury Public Schools empowers all students to be active learners and compassionate individuals who thrive in our global community. We believe all students learn when they feel safe, included, respected, and valued by their community. As a learning community, our goal is for every graduate to develop important transferable skills that will help them to be successful now and in the future both inside and outside the classroom. Glastonbury Public School graduates are active learners, curious thinkers, resilient individuals, and compassionate citizens. Glastonbury's commitment to excellence is found in the district's high quality academic programming and extends to outside activities to ensure students experience a well-rounded educational experience that includes exceptional athletics, clubs and activities.**

## WHAT SETS OUR SCHOOL DISTRICT APART

Glastonbury Public Schools is a community of diverse backgrounds and cultures. Currently there are 56 different languages spoken in our school community. We are dedicated to creating a safe, welcoming, and inclusive space that empowers all students to thrive academically and socially. Glastonbury Public Schools also boasts a state-of-the-art STEAM

Lab, highly rated and award winning Arts and Music, and Drama programs as well as renowned World Language and Agricultural Science and Technology programs. What set us apart is our staff's relentless effort to ensure our students thrive inside and outside of the classroom.

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR DISTRICT FOR APPLICATION?

1. Plethora of clubs and activities tailored to student interest.
2. State of the art academic programs and rigorous academic courses.
3. Ranked #1 School district for athletics in CT and top 5 in America.

“ I felt respected as a professional here. I have been able to create a student-centered classroom culture that I truly believe in. This district works hard to remove barriers to the teaching and learning process. ”

– GPS Staff

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Glastonbury Public Schools provide a strong foundation of knowledge and skills while nurturing curiosity, problem-solving and fostering a love of lifelong learning. We use balanced curriculum that not only includes academic subjects but also essential life skills. We equip our students to adapt to a rapidly changing world. We promote collaboration, communication, and digital literacy while instilling values that honor identity, cultural differences, and global awareness. We encourage our students to embrace innovation and creativity, empowering them to confidently face the challenges and opportunities of the future.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Safe and welcoming schools
- > Diverse course offerings and rigorous curriculum
- > Highly ranked, award-winning athletic programs
- > Numerous extracurricular clubs and activities
- > State of the art STEAM Lab
- > 1:1 technology for grades K-12
- > Numerous Advanced Placement (AP) and Early College Experiences (ECE) at the high school
- > Competitive Agricultural Science and Technology Program

## SPORTS, CLUBS AND ACTIVITIES

The Glastonbury School District offers students a wide variety of CIAC Interscholastic sports including Unified Sports as well as opportunities to get involved with extracurricular clubs and activities.

Go to [www.glastonburyus.org](http://www.glastonburyus.org) for a full listing and additional information.

## DISTRICT FUN FACTS

- > Glastonbury is home to the oldest continually operating ferry in the United States, which began operations in 1655
- > Glastonbury is one of the oldest towns in Connecticut and is known for its outstanding schools and athletics

### WHAT SETS OUR SCHOOL DISTRICT APART

- > Our community is diverse and welcoming! – We accept and value all as they are and for who they are.
- > Our students and families matter! – We listen deeply to the ideas, experiences, and desires of our families and students to drive our improvement.
- > Our schools are safe, supportive, and successful! – We promise secure buildings, caring adults, and high expectations.

### WHAT ARE THREE IMPORTANT FEATURES OF PORTLAND PUBLIC SCHOOLS THAT THE DISTRICT THINKS STUDENTS SHOULD KNOW ABOUT THE PORTLAND PUBLIC SCHOOLS?

1. Our community is diverse and welcoming! – We accept and value all as they are and for who they are.
2. Our students and families matter! – We listen deeply to the ideas, experiences, and desires of our families and students to drive our improvement.
3. Our schools are safe, supportive, and successful! – We promise secure buildings, caring adults, and high expectations.

“ At Portland Public Schools, we strive collectively and as individuals to be better today than we were yesterday and better tomorrow than we are today. ”

- Charles Britton, Superintendent

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Portland School District is committed to advancing student success through caring relationships, challenging learning opportunities, and ceaseless support. We believe each and every child is capable and deserving of their best, and we work relentlessly to provide every student the skills, content, and strategies they need to get there. Through our Vision of the Graduate, students develop “super skills” such as collaboration, communication, critical thinking, and problem solving necessary for success across all walks of life. We empower learners to adopt a growth mindset and develop the agency needed to make important decisions with care and to take risks with confidence.

## SPECIAL FEATURES AND ACHIEVEMENTS

- > STEM and STEAM incorporated starting in preschool
- > College credits and career certifications earned throughout high school
- > Award-winning athletic programs including state and conference championships
- > Robust music and theater program beginning at elementary level
- > Internship programs at the high school

## DISTRICT FUN FACTS

The proud legacy of the Portland Brownstone Quarry: From 1690 to 1938, skilled workers excavated and shaped the Quarry’s signature brownstone that was used across our country and world to construct famous and lasting landmark buildings. Today, the quarry serves the public as a locally beloved amusement park and thrill-seeking destination.

## SPORTS, CLUBS AND ACTIVITIES

The Portland School District offers a wide variety of CIAC Interscholastic sports including Unified Sports and provides many opportunities for students to get involved with extracurricular clubs and activities.

# Wethersfield School District

127 Hartford Avenue, Wethersfield, CT 06109

The Wethersfield Public School System encompasses seven schools which provide a high academic standard of education to approximately 3,700 students in PreK through grade 12. Our students benefit from a close partnership between the District and the Wethersfield community as well as from strong parental support and involvement. More than 3,600 students attend one of five neighborhood K–6 elementary schools, matriculating to our middle school and high school. At all levels, students are exposed to a variety of learning experiences both in the classroom and through athletics, the arts, and other co-curricular activities - experiences that help them explore and discover their talents and interests. Students are guided in this journey of discovery by our talented and dedicated faculty who are committed to all learners and whose mission is to ensure that all students truly can be successful.

### WHAT SETS OUR SCHOOL DISTRICT APART

Education in Wethersfield is the shared responsibility of schools, students, families, and other community agencies. These groups work together so that Wethersfield students may realize their full potential. Accordingly, the mission of the Wethersfield Public Schools is to ensure that all students will acquire skills and knowledge for lifelong learning. It also wants

students to be able to compete in a global economy, develop self-discipline and function as responsible citizens of society, and develop and understand their ethical, cultural, aesthetic, and intellectual values and respect those of others.

### THREE AMAZING QUALITIES OF OUR STUDENTS

- 1. Effective Communicators:** Our students are effective communicators – they exchange ideas and information with others of diverse backgrounds and viewpoints.
- 2. Problem Solvers:** Our students apply knowledge with empathy to both personal and to community issues.
- 3. Collaborators:** Our students actively participate and share ideas while working toward a common goal.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

At Wethersfield Public Schools we strive to provide an educational program that supports all students for success. To that end, our school community has identified three core competencies that comprise our Vision of a Graduate as well as our collective mission and core values that we believe will ensure our students will be successful in their post-secondary path. The Wethersfield community inspires our students to reach their full potential as lifelong learners and responsible global citizens. We are Engaged Accepting Gracious Leaders Energized to Succeed!

## SPECIAL FEATURES AND ACHIEVEMENTS

- > Diverse selection of Advanced Placement (AP) and UConn ECE (Early College Experience) courses
- > 1:1 Technology for all students
- > Emphasis on SEL (Social and Emotional Learning)
- > High school equity team
- > Advisory at middle and high school levels
- > Career Counseling
- > Partnerships with higher education institutions, local businesses and foundations
- > 93.7% four-year graduate rate

## SPORTS, CLUBS AND ACTIVITIES

The Wethersfield School District offers students a wide variety of CIAC Interscholastic sports including Unified Sports as well as opportunities to get involved with extracurricular clubs and activities a few of which are listed below.

- > Wide array of extracurricular activities/clubs
- > Music programs include Band, Orchestra, Chorus, Choir, Instrumental Music
- > Keane Foundation After School enrichment programs
- > Wide variety of freshman, JV and varsity athletics
- > Unified sports
- > Theatrical productions

Go to [www.wps.wethersfield.me](http://www.wps.wethersfield.me) for a full listing and additional information.

## DISTRICT FUN FACTS

Wethersfield, founded in 1633–34, has its niche in history, being “Ye Most Ancient Towne” in Connecticut, as set out by the Code of 1650 — “Colonial Records of Connecticut.”

\* Non-Hartford resident families interested in applying to Renzulli must complete a separate application with Hartford Public Schools for this school. Please find at <https://www.hartfordschools.org/o/Renzulli>.

# Expeditionary Learning Academy at Moylan School

101 Catherine Street, Hartford, CT 06106

The Expeditionary Learning Academy at Moylan School (ELAMS) teaches students to be “Crew, Not Passengers” by building a scholastic community that values academic achievement, high-quality student work, and strength of character. Students engage in crew lessons tied to our Compass for Learners that cultivate a mindset of “Courtesy, Craftsmanship, Resilience, and Responsibility” so that students value community responsibility and take pride in academic achievement and work. As an Expeditionary Learning Education-themed school, students engage in rigorous academic tasks and learn to think critically and collaborate with peers. At ELAMS, we foster students’ joy of learning and passion for helping others in order to develop thinkers and leaders who have the courage to take academic risks that strengthen character and positively contribute to the community.

## WHAT SETS OUR DISTRICT APART

We foster students’ joy of learning and passion for helping others to develop thinkers and leaders who positively contribute to the community. As an Expeditionary Learning (EL) school, students participate in learning expeditions, fieldwork, and service learning. We partner with community organizations, such as

Justice Dance Performance Project, OPMAD, Boys and Girls Club, Hartbeat Dance Ensemble, Trinity’s Dream camp, and more to provide our amazing students with unique enrichment opportunities before, during, and after school.

## THREE AMAZING QUALITIES IN OUR STUDENTS

Members of our crew work together to help others find success.

- 1. Perseverant** – ELAMS students are resilient and relentlessly power through challenges.
- 2. Goal Driven** – ELAMS students create goals and assess their own progress.
- 3. Cooperative** – At ELAMS, “We are Crew, not passengers.”

“ELAMS is an inclusive school environment. We are one big happy family. Our students are amazing and our staff is truly invested in our students’ academic, physical and emotional well-being.”

— Maria Rivera, Family & Community Services Support Provider

# Expeditionary Learning Academy at Moylan School continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

All students have access to 1-to-1 technology. Students engage in learning “Expeditions” that integrate reading, writing, and service learning. We partner with parents to ensure the academic success of their child through Student-Led Conferences, providing students the opportunity to share and explain their learning and set future goals with parents and teachers.

## SPECIAL FEATURES & ACHIEVEMENTS

- > Weekly CREW meetings support the development of the whole child.
- > Community partnership with Hartford Performs allows us to integrate the arts into our curriculum.
- > Robust partnerships with Trinity College, the Boys & Girls Club of Hartford, and Horizons at Westminster.

## PLACEMENT PRIORITIES

# Renzulli Gifted and Talented Academy

85 Woodland Street, Hartford, CT 06105

The Renzulli Gifted and Talented Academy offers high quality and distinctive programs to identified gifted and talented youth. Renzulli utilizes the Schoolwide Enrichment Model (SEM). SEM focuses on enrichment through high levels of engagement and the use of enjoyable and challenging experiences that are constructed around a students’ interests. SEM is not intended to replace or minimize existing services to high-achieving students. Rather, its purpose is to integrate these services into “a rising tide lifts all ships” approach to school improvement. SEM provides enriched learning experiences and higher standards for all children through three goals:

- > Developing talents in all children;
- > Providing a broad range of advanced-level enrichment experiences for all students; and
- > Providing follow-up advanced learning for children based on interests.

## WHAT SETS OUR DISTRICT APART

SEM emphasizes engagement and the use of enjoyable and challenging learning experiences constructed around students’ interests and learning styles. We believe engagement, enthusiasm and enjoyment increase academic achievement, and we promote it at all times Renzulli provides a broad range of advanced-level enrichment experiences for all students based on their interests.

## THREE AMAZING QUALITIES IN OUR STUDENTS

1. **Creative and Innovative** – Our students think outside the box and demonstrate a flair for creative expression.
2. **Motivated** – Our students have a strong desire to delve deeply into topics that fascinate them and take ownership of their learning.
3. **Critical Thinkers** – Our students are able to analyze and synthesize information and apply their understanding to real-world situations.

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

Our school believes in developing the talents of ALL children/students. The mission of the Renzulli Academy is to instill in young people a lifelong desire to learn and excel by developing their intellectual aptitude, motivation, curiosity and commitment to learning. At Renzulli Gifted and Talented Academy, we give students the opportunity to solve real world problems and develop critical thinking and problem-solving skills that will prepare them for whatever path they choose. Instruction centers around the SEM, which includes enrichment clusters, general exploratory activities, individual and small group investigation of real problems. In addition, we offer foreign languages, field trips, in school performances, and advanced course work. We believe engagement, enthusiasm and enjoyment increase academic achievement, and we promote it at all times.

## SPECIAL FEATURES & ACHIEVEMENTS

Renzulli Academy has an extensive library with over 8,000 volumes. In addition, Renzulli Academy boasts a full-time music program which consists of two bands, a string ensemble, choir, and general music classes. Our art department offers accelerated art classes and many enrichment opportunities. After-school offerings include middle school sports, karate and an E-Game club.

Renzulli has finalists enter the CT spelling bee every year and have been recognized by the Governor's Reading Challenge three times.

## PLACEMENT PRIORITIES

**Application Process:** A separate application is required to apply to Renzulli Academy. For more information about how to apply, contact the school directly at 860-695-2140 or visit [www.hartfordschools.org/o/Renzulli](http://www.hartfordschools.org/o/Renzulli)

# Connecticut Technical Education and Career System (CTECS)

## 9th grade options available

Families with students entering 9th grade apply using the RSCO application for the three CTECS Hartford Region Technical High Schools (A.I. Prince Technical High School, E.C. Goodwin Technical High School, and Howell Cheney Technical High) as a region and rank the schools in order of preference. The Hartford Region Technical High Schools provide students with the academic requirements for a high school diploma, as well as hands-on skills in high-demand trade areas through challenging certification programs and industry-recognized credentials. Students are ready to meet Connecticut's skilled workforce needs at graduation, or they can go on to college, or both!

The CTECS Educational Model provides a unique educational framework that is different than a regular public school to ready students for college and career. Unlike a traditional high school where students have 182 days to complete state-mandated academic requirements, CTECS students split their time between academics and career and technical education, mastering state standards for academic courses in 91 days and trade courses in the other 91 days. Students rotate between academic and Career and Technical Education (CTE) courses approximately every two weeks. Ninth-grade students participate in all of the technical programs offered at each technical high school through the Exploratory Program. This experience allows students to engage in the various career path opportunities before choosing one that will set the framework for their education in grades 10-12. As part of their CTE curriculum, students in grades 11-12 take part in the CTECS Student Workforce Program, which is designed to give students practical, hands-on experience and real world application of learned theoretical skills.

### Strategies for your CTECS Application:

- > **Who can apply:** Students entering 9th grade may apply. **Note:** *Students entering 10th grade should contact the school directly.*
- > **Apply early for CTECS (by February 1, 2024) to take advantage of early CTECS placements.** Most CTECS offers are made in February during the early round and in April during the on-time round. Throughout the summer, a limited number of offers are made as seats become available.
- > **Families must apply to all three schools** as a region.
- > Make sure to **rank the schools in order of preference.** Even though the technical schools are grouped as a region, you can and should rank the three schools.
- > **NEW for 2024–25:** If an applicant receives a CTECS offer, they are no longer eligible for another offer, including a magnet, Open Choice, or CTECS placement. There is also no longer a Hold option for CTECS early round offers.
- > **Apply to CTECS only to receive a CTECS Only priority if you are most interested in a CTECS placement.** Families can add the other programs (magnets and/or Open Choice) to their application later in the placement process if they don't receive a CTECS placement.

# Connecticut Technical Education and Career System (CTECS) continued

continued

## WHAT BEST PREPARES OUR STUDENTS FOR THE FUTURE

The academic and trade education framework at Prince Tech builds students' ability to manage their time, and work in a fast-paced learning environment. From 9th grade, students learn to successfully move between academic and CTE classes multiple times each semester and meet the expectations of state employers. Students have access to curricular and co-curricular opportunities, including a wide range of interscholastic athletics, Advanced Placement (AP) and UConn Early College Experience (ECE) Program classes.

## CAREER OFFERINGS

Career offerings include: aerospace component manufacturing, architecture, automotive collision, repair, and refinishing technology; automotive technology; bio-science and environmental technology; carpentry; criminal justice; culinary arts; digital media, electrical; graphics design; hairdressing and cosmetology; health technology; information systems technology; masonry; and plumbing and heating.

## FEATURES AND ACHIEVEMENTS

- > The school features state-of-the-art classrooms, and the latest instructional technology and industry-standard equipment in every trade shop to give students a well-rounded, 21st century education.
- > Students take part in the CTECS Student Workforce which consists of two programs, Work-Based Learning and Production. Through this program, students may work directly with employers or paying customers for both in-school and off-site jobs. Student Workforce experience provide students a competitive advantage in their chosen industry. Our students are empowered to enter the global workforce, pursue high-demand apprenticeships, enroll in higher educational institutions, or complete two-year occupational certificate programs.
- > Eligible students have the opportunity to earn the Connecticut Seal of Biliteracy.

## PLACEMENT PRIORITIES

The following priorities are used in the placement process and can increase the chance of a placement if the school has available seats. To receive priority, you must apply during the **on-time application period** and make the school your first choice.

Applicants receive priority in the order listed below.

- > Enrolled Sibling
- > Placed Sibling
- > Employee/Staff
- > CTECS Only + Alumni
- > CTECS Only
- > Alumni/Graduate

## CLUBS & ACTIVITIES

Animation, Art, Astronomy, Crafts, Dance Troupe, Digital Book, Drama, Drill & Step Team, Falcon Fitness, Intramurals, GSA, Hiking, National Honor Society, Poetry, Senior Mentor Program, SkillsUSA, Student Council, Student Leadership Program, and Ski Club

Clubs, activities, and sports offerings are subject to change and may vary by grade level. Please check with the school for more information.

## SPORTS & ATHLETICS

Baseball, basketball, cheerleading, cross country, football, golf, indoor track, soccer, softball, tennis, track and field, volleyball, and co-op opportunities like swimming

## NOTABLE ALUMNI

U.S. Secretary of Education, Miguel Cardona, is a graduate of the technical high schools.

# Agricultural Science and Technology Education (ASTE)

9th grade options available

The Agricultural Science and Technology Education (ASTE) centers prepare students for college and careers in animal science, agribusiness, agricultural mechanics, aquaculture, biotechnology, food science, marine technology, natural resources, and plant science (not all ASTE centers offer the same programs). The ASTE programs are located at a comprehensive high school and incorporate a hands-on, active curriculum that integrates subject area skills and knowledge, with leadership skills and work-based learning experiences through the National FFA Organization, and supervised agriculture opportunities.

Hartford students entering the 9th grade may apply to the ASTE schools in Bloomfield, Glastonbury and Suffield. Students do not apply to an ASTE school through the RSCO application but must apply separately at [portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education](https://portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education).

**The application deadline for ASTE programs varies by school. Please refer to the school pages for a specific date.**

## WHAT IS THE FOCUS OF THE HARRIS AGRISCIENCE CENTER?

Located on the campus of Bloomfield High School, the Harris AgriScience Center provides educational opportunities in the fields of animal science, aquaculture, natural resources, and horticulture (greenhouse/landscaping/floral design). The fundamental mission of the Harris AgriScience and Technology Center is to support the goals and aspirations of its students by providing high-quality

educational opportunities focused on developing their potential for premier leadership, personal growth, and career success.

## WHAT ARE THE THREE QUALITIES YOU THINK ARE MOST IMPORTANT FOR STUDENTS TO KNOW WHEN THEY ARE CONSIDERING YOUR SCHOOL FOR APPLICATION?

The alignment of the Agricultural Food and Natural Resource standards and NGSS along with the successful integration of each of the three components of agriculture education results in a strong program that produces well-rounded individuals who are prepared to be leaders in agriculture, business, and industry. Agricultural education is delivered through three interconnected components:

- 1. Classroom/Laboratory Instruction** – Students participate in hands-on, rigorous curriculum which combines agriculture and science, as well as employment and leadership skills. During class, students work in the program’s labs as well as offsite, utilizing community resources.
- 2. Work Experience** – All AgriScience students participate in a Supervised Agricultural Experience (SAE) which allows them to gain work experience in their agricultural area of interest. Students may work for an agricultural business, volunteer for an agriculturally related non-profit organization, and/or start their own agricultural business. Additionally, students may also perform an in-depth research experiment to find a solution or improvement to a challenge in the agricultural industry.
- 3. Leadership Education** – All AgriScience students are members of the National FFA Organization. Students participate in leadership activities during class and after school to develop their skills in public speaking, personal organization, goal attainment, team management, and community service.

“I absolutely loved the AgriScience program because it was so fun, diverse and thorough, really solidifying my passion to study veterinary medicine.”

— Kristen Greenwood, Alumni  
Went on to study Animal Science,  
Pre-Veterinary track at UConn

“The Harris AgriScience Center gave me the tools I need to be successful in College. Teachers encouraged me every day to do my best.”

— Kenrick Mattison, Alumni

## WHAT SETS OUR SCHOOL PROGRAM APART?

The GHS Agriscience program is a comprehensive high school program for grades 9–12. It is a part of Glastonbury High School, one of Connecticut's outstanding academic institutions. GHS Agriscience students enroll in courses at various levels including levels I and II, honors, advanced placement, and college preparatory courses. GHS

AgriScience students attend the program at no cost to their family. Tuition and transportation are paid for by the local Board of Education.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Curiosity and Interest in

**Agriculture:** Our students have an inherent curiosity and genuine interest in agriculture which drives them to ask questions, seek additional information and actively participate in hands-on experiences.

### 2. Problem-Solving and Critical Thinking Skills:

Our students approach problems and challenges with a solution oriented mindset.

### 3. Hands-On and Practical Orientation:

Our students thrive in the agricultural environment as they apply theoretical knowledge to real-world situations.

# Glastonbury Regional Agriscience Center

continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The Glastonbury Agri-Science Program is designed to prepare students for the future by providing a unique and comprehensive education that combines theoretical knowledge with practical, hands-on experiences and emphasizes the application of classroom knowledge to real-world scenarios. The Glastonbury Regional AgriScience & Technology Center provides educational opportunities in four career pathways in the fields of Natural Resources, Animal Science, Plant Science and Agricultural Mechanics. Students graduate with a well-rounded education that combines academic knowledge, practical skills, leadership development, and a strong connection to the agricultural community. The skills and values acquired in such programs position students for success in various educational and career pathways within the agricultural sector.

## APPLICATION PROCESS

The Glastonbury Regional Agriscience Center, an ASTE school, is an option for students entering 9th grade. Students do not apply to an ASTE school through the RSCO application but must apply separately at [portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education](https://portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education). The application deadline is December 12, 2023.

## SPORTS, CLUBS, AND ACTIVITIES

Students have the opportunity to participate in intramural/interscholastic athletics and various clubs and activities at Glastonbury High School. Contact the school for additional information.

## FUN FACTS

Glastonbury High School's Landscape Design Team students captured first place at the Big E in 2021.

## WHAT SETS OUR SCHOOL PROGRAM APART?

This Agricultural science approach involves a combination of theoretical foundation in the classroom and practical application in the laboratory. In the classroom, students engage in lectures, discussions, and activities to understand theoretical concepts, with teachers using various instructional methods. The laboratory provides a controlled

setting for hands-on application, including experiments and problem-solving, fostering practical skills and critical thinking. Laboratory work reinforces classroom learning, demonstrating the practical relevance of theoretical concepts and creating a feedback loop that solidifies knowledge. Experiential learning in the laboratory promotes a deeper understanding of the subject matter through direct experience.

## THREE AMAZING QUALITIES IN OUR STUDENTS

### 1. Effective Communication Skills:

Our students benefit from strong communication skills, allowing them to convey ideas clearly, collaborate with peers, and interact effectively within the agricultural community.

### 2. Teamwork and Collaboration:

Our students excel in collaboration and contribute to group projects, participate in community activities, and engage in shared responsibilities.

### 3. Leadership:

Our students exhibit leadership qualities, taking initiative in projects, guiding peers, and potentially participating in leadership roles within organizations like FFA.

# Suffield Regional Agriscience Center at Suffield High School continued

## HOW WE PREPARE OUR STUDENTS FOR THE FUTURE

The Suffield Regional Agriscience Program offers students throughout the Greater Hartford region a rigorous program of studies that prepares them for rewarding careers in agriscience disciplines. Located at the accredited Suffield High School, a comprehensive high school program for grades 9-12, the Agriscience Center prepares students for college, business, and the workforce with honors, academic and advanced placement courses, athletics, music, drama, and art programs.

## SPECIAL FEATURES

- > The Ag STEM Extension program at Suffield High School is designed to help students build their foundational skills in the Supervised Agricultural Experience (SAE) program, expand on their interests from classroom experiences, and to help with the care and maintenance of the agriscience center in exchange for SAE hours. This program benefits all students, regardless of their SAE project by building relationships, developing career skills, and exploring interests only touched on in the agriscience classroom.
- > The **Supervised Agricultural Experience (SAE)** program involves practical agricultural activities performed by students outside of scheduled classroom and laboratory time. SAEs provide a method in agricultural education for students to receive real-world career experiences in an area of agriculture that they are most interested in. There are five SAE categories.
  1. **Placement/Internship SAE:** The student is in an employment setting (paid or unpaid).
  2. **Ownership/Entrepreneurship SAE:** The student operates an individual business which provides goods and/or services to the marketplace in the ownership aspect.
  3. **Research:** Experimental, Analysis or Invention SAE: The student will be involved in an investigation of materials, processes and information to establish new knowledge or the validation of previous research.
  4. **School-Based Enterprise SAE:** A group of two or more students will work cooperatively outside of normal class time to create a business enterprise that provides goods and services.
  5. **Service Learning SAE:** Conducted by one or more students in which they plan, conduct and evaluate a project designed to provide a service to a school, public entity or the community.

## APPLICATION PROCESS

The Suffield Regional Agriscience Center, an ASTE school, is an option for students entering 9th grade. Students do not apply to an ASTE school through the RSCO application but must apply separately at [portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education](http://portal.ct.gov/SDE/School-Choice/CT-School-Choice/Agricultural-Science-and-Technology-Education).

## STUDENT SUCCESS STORY

Avery was a typical shy student enrolling in the agriscience program from a sending town. Though she had little agriculture experience, she chose to leave her sending town and start her 9th grade year at Suffield High school because of her love for animals and the opportunity to utilize the animal lab facilities at the school. Avery will admit that she struggled adjusting to the new school, bus schedule and making friends. Four years later, in her retiring address as Chapter President of the Suffield FFA Chapter she shared how her personal growth in leadership, her cooperative skills and her ability to advocate for agriculture, prepared her for her next journey at University of Connecticut. Avery reflects that she loved her animal science course work, however her experiences in developing her public speaking skills provided through the agriscience program, pushed her into a career path of journalism. Avery is a freshman at Uconn and currently is a sports reporter for the football and hockey teams.

## SPORTS, CLUBS AND ACTIVITIES

Students have the opportunity to participate in Intramural, interscholastic athletics as well as a variety of clubs and activities at Suffield High School. Contact the school for additional information.

## TRANSPORTATION

Transportation is provided to Hartford Residents.
